DR. D. JAYNE'S CARMINATIVE BALSAM.

Is a certain, safe and effectual remedy for Dysentery, Diarrhœa, or Looseness, Cholera Morbus, SUMMER COMPLAINT, Cholic, Griping Pains, Sour Stomach, Sick and Nervous Headach, Heartburn, Waterbrash, Pain or Sickness of the Stomach Vomiting, Spitting up of Food after Eating and also where it passes through the body unchanged, Want of Appetite, Restlessness and Inability to Sleep, Wind in the Stomach and Bowels, Hysterics, Cramp, Nervous Tremors and Twitchings, Sea Sickness, Faintings, Melancholy and Lowness of Spirits, Fretting and Crying of Infants, and for all BOWEL Affections & NERVOUS Diseases.

This is one of the most efficacious, pleasant, and safe compositions ever offered to the public for the cure of the various derangements of the STOMACH and BOWELS, and the *only* article worthy of the least confidence for curing CHOLERA INFANTUM or SUMMER COMPLAINT; and in all the above diseases it really acts like a charm.

All persons are requested to try it, for without exception it is the most valuable family medicine ever yet discovered.—Hundreds, nay, thousands, of certificates have been received from Physicians, Clergymen, and families of the first respectability, bearing the strongest testimony in its favor, too numerous to publish.

CERTIFICATES.

Dr. D. Jayne—Dear Sir,—Having made use of your Carminative Balsam in my family, and finding it to be admirably adapted to the complaints for which it is intended, I take pleasure in recommending it to the use of my friends and the public generally, believing those who are afflicted with any of these complaints will find relief in the use of this valuable medicine.

JONATHAN GOING, D. D.
President of Granville College, Ohio.
New York, May 20, 1837.

From the Rev Asa Shinn, of the Protestant Methodist Church.

The undersigned having been afflicted during the past winter with a disease in the stomach, sometimes producing great pain in the stomach for ten or twelve hours without intermission, and having tried various remedies with little effect, was furnished with a bottle of Dr. D. JAYNE'S Carminative Balsam. This he used according to the directions, and found invariably that his medicine caused the pain to abate in three or four minutes, and in fifteen or twenty minutes every uneasy sensation was entirely quieted. The medicine was afterwards used whenever indications of the approach of pain were perceived, and the pain was thereby prevented. He continued to use the medicine every evening, and sometimes in the morning, and in a few weeks health was so far restored, that the sufferer was relieved from a large amount of oppressive pain. From experience, therefore, he can *confidently recommend* Dr D. Jayne's Carminative Balsam, as a salutary medicine *for* diseases of the stomach and bowels.

A. SHINN.

Alleghany city, July 16 h. 1843

From the Rev. Dr Bacon.

From a long acquaintance with Dr Jayne's Carminative Balsam, believe to be a very happy combination, and a useful medicine in many complaints which almost constantly occur in our country, such as Bowel Affections of children, Colic Cramps, Looseness, Dyspeptic Disorders of the Stomach, Coughs, and Affections of the Breast, together with all those diseases attended with soreness of the Stomach; and believe that physicians will often find it a useful remedy in their hands and one that is proper for domestic use, and can be put into the hands of persons at large with perfect safety. WM. LACON, M. D.

Woodstown, Salem Co., N. J. May 1837.

BALTIMORE, March 27, 1838

Dr Jayne—Dear Sir,—You ask me what proofs I meet with of the efficacy of your Carminative. can safely say that never prescribed a medicine for Bowel Complaints that has given me so much satisfaction, and my patients so speedy and perfect relief as this. Whenever introduced into a family it becomes a standing remedy for those ailments and is called for again and again, which I think a pretty good proof of its efficacy and usefulness. In the Summer Complaint of children it frequently appeared to snatch the little victims as it were, from the grave. "It saved the life of my child" and such and such a child" I have repeatedly heard said. In dysenteric affections of adults, I have time and again seen it act like a charm, and give permanent relief in a few hours I may say in a few minutes. In fine it is a valuable medicine, and no family should be without it.

Respectfully, M. L. KNAPP, M D

THESE Pills have long been known and appreciated, for their extraordinary and immediate powers of restoring perfect health to persons suffering under nearly every kind of disease to which the human frame is liable.

They are acknowledged by the hundreds and thousands who are using them, to be not only the most mild and pleasant in their operation, but the most perfectly innocent, safe and efficient medicine ever offered to the public. Those who once make a trial of these Pills, never afterward feel willing to be without them, and call again and again for more; which is sufficient proof of their good qualities.

ASTONISHING.

AMONG THE THOUSAND MEDicines advertised as "certain cures for pulmonary complaints," JAYNE'S EXPECTORANT stands alone. Its path to public confidence has been paved, not with puffs, but CURES: and the vouchers for its efficacy include an array of names which, for character and respectability, cannot be surpassed in this country. DR JAYNE, being himself a Physician, does not profess to perform physical impossibilities; but he does assert, and he is borne out by well authenticated facts, that in all DISEASES of the LUNGS and CHEST, which are susceptible of cure without miraculous interference, his EXPECTORANT will restore the patient to health. No other medicine will remove mucus or pus from the throat so thoroughly as this. It effectually loosens the coagulated masses from the membrane which lines the trachea and at every cough the patient will bring up portions of the disengaged matter. In all complaints of the PULMONARY ORGANS where nature seems to be making an effort to throw off the disease, JAYNE'S EXPECTORANT imparts vigor to the machinery of respiration, and enables them to disencumber themselves of the obstructions which had impeded their free operation. It has restored hundreds to perfect health, after their physicians had given them up as incurable, with CONSUMPTION. Coughs, Colds, Asthma, Influenza, Bronchitis, Hooping Cough, Spitting Blood in a word, all diseases of a PULMONARY nature yield to this preparation, if properly administered.

Rev J S Mcginnis, Professor in Hamilton, (N Y) Literary and Theological Seminary, says:

"I would not be without Dr. Jayne's Medicines in my family for any consideration. I have found them successful in cases where all other means have failed."

Mr Nicholas Harris, corner of Front and Lombard streets, Philadelphia, was cured of COUGH, ASTHMA, and BLEEDING of the LUNGS, under which he labored many years.

Rev Ira M Allen, late of this, but now of N York city says—"I have used Jayne's Expectorant, and have more confidence in it than any OTHER MEDICINES OF THE KIND."

Rev Wm Laws, Vadestown Va., says:—"I have used your Expectorant, and found it an excellent medicine for PULMONARY DISEASES."

Mr John Beckford, of Eastport, Maine, says: "Your Expectorant has just cured a man whom his physicians had given up to die with CONSUMPTION; and also another, in the very lowest stages of BRONCHITIS."

NO APOLOGY FOR WIGS.

Please to read without prejudice the following communications, which in addition to hundreds of others equally respectable, should remove the doubts of every reasonable person of the uniform and singular efficacy of JAYNE'S HAIR TONIC.

Shaftbury, Bennington Co., Vt. Aug. 4, 1840.

Dr Jayne: Dear Sir—Being acquainted with some of those recommending your HAIR TONIC, to wit: Rev. C. C. Park, Rev Dr. Babcock, and Rev L. Fletcher, I purchased two bottles, with a view to make an experiment. I have been quite bald for about four years, and obliged to wear a wig. Indeed it is constitutional with my family to be bald in early life. I confess, I had but little confidence in the attempt, having been so long bald, and being near 46 years of age, and that part of my head destitute of hair exceedingly smooth. I, however, commenced agreeably to your directions, and used one bottle faithfully and with very little effect, but before I had used the second bottle, a very fine fuzzy hair became perceptible, which continued to grow, and now having used the third bottle I have had three cuttings performed, and the prospect is very flattering, that I shall again be blessed with a fine head of hair, ornamental and useful. I am extremely gratified with the prospect and from observations made, many of my friends and acquaintances who have heretofore regarded the preparation as deceptive, and only a catch-penny concern, are now well satisfied that it is "TRUTH—No FICTION."

J W SAWYER,
Pastor Baptist Church Shaftbury, Vt

We know Dr Quigly personally, and there is no man in the country, whose opinion is entitled to more respect. He is on all subjects honest and sincere, and his high character as a Physician can be attested by the first medical men in this city.—*Phila Sun.*

Shepherd's Town Va., Oct 10, 1845.

Dear Sir—You inquire of me whether I have used your Hair Tonic, and the effects

Several years ago my hair began to fall rapidly from the scalp and I had the prospect of prematurely baldness. During several years I used various preparations recommended for the hair, from which I derived no benefit. At length a friend recommended your Hair Tonic. I used three or four bottles according to the printed directions, and at the end of six months, my hair was thick set, and since its tendency to turn gray was arrested.

I have never before given a certificate, recommending patent medicines, which indiscriminately used, as they often are, do much injury, but in a case like the present, where I know the article to be beneficial, and that it can do no harm; I have no scruples in stating facts within my own knowledge. Yours &c

AND EVERY VARIETY OF PRINTING, EXECUTED AT THIS OFFICE WITH NEATNESS & DESPATCH.

JAYNE'S EXPECTORANT

This invaluable medicine is daily effecting some of the most astonishing & wonderful cures that have ever been known. All who have used it for Asthma, Croup, Spitting of Blood, Hooping Cough, Croup or Hives, Consumption, Bronchitis, Pleurisy, Hoarseness, Pain and Soreness of the Breast, Difficulty of Breathing, and every other disease of the LUNGS and BREAST, and do attest to its usefulness—BRONCHITIS, a disease which is annually sweeping thousands upon thousands to a premature grave, under the mistaken name of CONSUMPTION is always cured by it. The usual symptoms of this disease (Bronchitis) are Cough, Soreness in the Lungs or Throat, Hoarseness, Difficulty of Breathing, Asthma, Hectic Fever, a spitting up of phlegm or matter and sometimes blood. It is an inflammation of the fine skin which lines the insides of the whole of the wind tubes or air vessels, which run through every part of the Lungs. This Expectorant immediately suppresses the Cough and Pain, subdues the Inflammation and Fever, removes the Difficulty of Breathing, by producing a free and easy Expectoration, so that a cure is soon effected.

It always cures ASTHMA—2 or three large doses will cure the Croup or Hives of children, in from fifteen minutes to an hours time. It immediately subdues the violence of Hooping Cough, and effects a speedy cure. Hundreds who have been given up by their physicians as incurable with 'Consumption,' have been restored to perfect health by it.

In fact, as a remedy in Pulmonary Diseases, no medicine has ever obtained a higher, or more deserved reputation.

CERTIFICATES.

From the Rev Dr. Babcock formerly President of Waterville College, Maine

From intimate personal acquaintance with Dr. D. Jayne, a regular student of the Medical University of Pennsylvania, and an experienced & successful practitioner of medicine, I was prepared to appreciate the numerous testimonials in favor of his different medical preparations, much more highly than the great majority of those which are extensively eulogised. On trial of them in my own family, and some of them personally, I have more than realized those favorable conceptions. They are what they profess to be—not quack medicines—but skilfully prepared antidotes for some of the most afflictive of human diseases. I know that they are highly esteemed and frequently prescribed by some of the most respectable of the regular practitioners of medicine in this city and elsewhere, and I do not hesitate to commend them as a valuable addition to our materia medica and a safe as well as eminently useful remedy for the diseases. Worms!! Worms!! Worms!!

Of all diseases to which children are exposed, none are so fatal to them as worms. Unfortunately children are seldom free from them and as they imitate the symptoms of almost every other complaint, they often produce alarming effects without being suspected. Worms are not only a cause of disease themselves but by their irritation aggravate all other diseases, wandering from one part of the body to another, winding themselves up into large balls, and obstructing the bowels, and frequently the throat, causing convulsions, and too often death. The best remedy ever yet known is

Dr. Jayne's Tonic Vermifuge,

ment of the United States which is perfectly safe, and so pleasant, that children will not refuse to take it. It effectually destroys WORMS; neutralizes acidity or sourness of the stomach, increases appetite, and acts as a general and permanent tonic, and is therefore exceedingly beneficial in Intermittent and Remittent Fevers, Indigestion, &c. and is a certain and permanent cure for FEVER and AGUE.

It not only destroys Worms and invigorates the whole system, but it dissolves and carries off the superabundant slime or mucus so prevalent in the stomach and bowels of children, more especially of those of bad health. This mucus forms the bed or nest in which worms produce their young; and by removing it, it is impossible for worms to remain in the body.

It is harmless in its effects on the system, and the health of the patient is *always improved* by its use.

This Vermifuge is very far however from being limited in its usefulness to mere cases of Worms, for it may also be prescribed with most decided advantage in all derangements of the stomach and digestive organs—general debility—dropsical swellings—Female complaints, as sick head-ache, flour albus, menorrhagia, &c.

PILES.

Numerous cases of Piles have been perfectly cured by the use of this valuable Vermifuge. This beneficial result may be accounted for from its strengthening the stomach and bowels, and also by the removal of *ascarides*, or small thread worms. These vermin generally inhabit the lower part of the bowels, and by their irritation are a very frequent cause of Piles.

DYSPEPSIA may always be cured by taking one or two tea spoonful of this Vermifuge, morning, noon and night (before eating) and by taking my Sanative Pills at bed time. In sufficient doses to procure one or not more than two evacuations from the bowels every morning.

WEAKNESS, Loss of Appetite and General Debility is soon removed by taking this Vermifuge in doses of a tea spoonful at a time, from three to five times a day, as it is as effectual as well as an extremely pleasant tonic.

Finally, what the public have long desired a medicine of this kind, which might be depended upon (prepared by a regular physician,) is now offered to them, and can be had of DR. D. JAYNE, No 20 South Third street, Philadelphia, and of all persons who sell his Expectorant Carminative Balsam Sanative Pills, Hair Tonic, and Life Preservative.
