JAYNE'S EXPECTORANT.

This invaluable medicine is daily effecting some of the most astonishing & wonderful cures that have ever been known. All who have used it for Asthma, Coughs, Spitting of Blood, Whooping Cough, Croup, Hives, Consumption, Chronic Pleurisy, Hoarseness, Pain & Soreness of the Breast, Difficulty of Breathing, and every other disease of the LUNGS and BRONCHIAE, and doubtless to its usefulness. BRONCHITIS, a disease which is annually sweeping thousands upon thousands to a premature grave, under the mistaken name of CONSUMPTION, is always cured by it. The usual symptoms of this disease (Bronchitis) are Cough, Soreness of the Lungs or Throat, a Hoarseness, Difficulty of Breathing, Asthma, Hectic Fever, a spitting up of phlegm or matter, and sometimes blood. It is an inflammation of the fine skin which lines the inside of the whole of the wind tubes or air vessels, which run throughout every part of the Lungs. This Expectorant immediately suppresses the Cough and Pain, subdues the Inflammation and Fever, removes the Difficulty of Breathing, by producing free and easy Expectorant, so that a cure is soon effected.

It always cures ASTHMA—2 or three large doses will cure the Croup of children, in from fifteen minutes to an hour's time. It immediately subdues the violence of Whooping Cough, and effects a speedy cure. Hundreds who have been given up by their physicians as incurable with Consumption, have been restored to perfect health by it.

In fact, as a remedy in Pulmonary Diseases, no medicine has ever obtained a higher, or more deserved reputation.

Jay e's Hair Tonic.
We know Dr. Quigly personally, and there is no man in the country, whose opinion is entitled to more respect. He is on all subjects honest and sincere, and his high character as a Physician can be attested by the first medical men in this city.—*Phila. Sun.*

Shepherd's Town, Va. Oct. 10, 1845.
Dear Sir—You inquire of me whether I have used your Hair Tonic, and the effect. Several years ago my hair began to fall rapidly from the scalp, and I had the prospect of premature baldness. During several years I used various preparations, but none did for the hair, from which I derived no benefit. At length a friend recommended your Hair Tonic. I used three or four bottles according to the printed directions, and at the end of six months, my hair was thick set, and since its tendency to turn gray was arrested.

I have never before given a certificate, recommending patent medicines, which indiscriminately used as they often are, do much injury, but in a case like the present, where I know the article to be beneficial, and that it can do no harm; I have no scruples in stating facts within my own knowledge.

Yours, &c.

The success that has followed the use of the Embrocation in the cure of this disease has been truly astonishing.—Physicians advise their patients to use it, as the only

Pile Medicine.
In addition to its being a positive remedy for the Piles, it never fails to cure that INTOLERABLE ITCHING which is so very common, and has its location in the same part as the Piles.

Read the following from the editorial columns of Alexander's Messenger:
"FOUND AT LAST.—A Sure Cure for the Piles!—Physicians and Chemists have long been anxious to discover a medicine that would cure one of the most troublesome diseases, the Piles. Success has at last been the result. Dr Jackson's Pile Embrocation not only stops all bleeding, always pain and inflammation, subdues that intolerable itching, but effectually cures like a charm, and in a very short time, persons whose lives have been rendered miserable for years.

Only a few from a great number of certificates will be published. Read the following:

PILES! PILES!! PILES!!!
Philadelphia, March 19, 1845. }
Western Hotel. }

Dr. Jackson—Sir: I think there are few diseases which are more common and troublesome than the Piles, and during the last fifteen years I have suffered from them very much, causing pain, bleeding and immoderate itching; I used all the various remedies, but without relief, until I got a bottle of your Embrocation from Dr. Jayne, No. 9, South Third street, which completely cured me in three weeks!

Yours, truly,
S. H. PLIMPTON.

Mr. Ashford's letter must settle the question in the mind of every one.

Piles! Piles! Piles!—Rarely a day passes that we do not get some testimony, either verbal or written, of the great efficacy of Dr. Jackson's Pile Embrocation. Read the following:

New York, 721 Broadway, }
September 24. }

Dr. N. Jackson—Dear sir: Will you send me six bottles of your PILE EMBROCATION? I wish them part to keep myself, and part for a legal gentleman, a friend of mine, who has found great relief in using from my bottle two or three times. You remember, when in Philadelphia, I was suffering dreadfully from this terrible scourge. I only took one bottle from you; I have not used it quite all, and am now perfectly well. As you may suppose, I proclaim the virtues of your medicine wherever I go. I tell every friend about it, and it is singular to perceive how many are suffering in this way.—I believe half of my acquaintance are more or less afflicted. Let me tell you that you can sell here as fast as you choose to make.—When you want a certificate from me, you shall have it, and you are at liberty to show this letter if you wish.

Respectfully yours,
LEWIS P. ASHFORD.

A great number of persons who have been cured, will be referred to, by calling on the Agents, IT NEVER FAILS!

The following Certificate is from Tobias Folsom, Esq., of Kershaw District, S. C.

Kershaw dist. S. C. June 3 1846.
I have used in my family "Spencer's Pills," for two years past, and during that time my confidence in their superiority over every other similar preparation within my knowledge has been constantly increasing; I now esteem them to be the best cathartic Pills in use.—From my earliest remembrance I have been afflicted with Sick Head ache and Costiveness, and for a number of years past have been trying various advertised remedies, among others, Beckwith's, Lee's and Peter's Pills; but failed to obtain any permanent relief, until Jan'y, 1845, at which time Dr. Spencer's Agent left me some of his Pills, recommending me to try them for my complaint. I did so; and by their superior action upon the morbid matter and their mild yet effectual purgative properties they so cleansed my stomach and bowels that they removed both the head-ache and its cause and gave me certain and speedy relief. My mother-in-law has also used them with success in the same complaint which she has had, so severe as to throw her into spasms and convulsions, being obliged in these cases to resort to cupping and other severe applications. I have also made frequent and constant use of these Pills in my family, in cases of Bowel Complaint, brought on by the two free indulgence in use of Berries and Fruit, and in all cases with success. In short I have never known of the failure in any disease which they are recommended to cure known of their being tried, if their use was for which I have preserved in, and directions strictly followed.

TOBIAS FOLSOM.

Kershaw dist. S. C. June 2, 1846
In January, 1844, from wet and exposure, I took a severe cold, which resulted in a high fever, accompanied with a severe cough, and painful head-ache. These continued to increase in severity for about two weeks, so much so that my friends considered me, and I, myself, believed I was in a very critical and dangerous state: At the end of this time I sent and procured two boxes of "Spencer's Pills," and the first day of their use I began to experience relief, and before I had taken one box, my fever was gone, Cough had ceased, and Head-ache entirely cured: I was soon sound as well: I then said and still believe, that by the blessing of God, they were the means of saving my life: In looking over the directions afterwards I saw they were recommended for the cure of Dyspepsia, with which my eldest daughter had been afflicted for a long time: I recommended her to make trial of them; and she did so; and by a continued use of the Pills alone was perfectly and I think permanently cured.

Worms! Worms! Worms!!

Of the diseases to which children are exposed none are so fatal to them as worms. Unfortunately children are seldom free from them, and as they imitate the symptoms of almost every other complaint, they often produce alarming effects, without being suspected. Worms are not only a cause of disease themselves, but by their irritation aggravate all other diseases, wandering from one part of the body to another, winding themselves up into large balls, and obstructing the bowels, and frequently the throat, causing convulsions, and too often death.—The best remedy ever yet known is

Dr. Jayne's Tonic Vermifuge,
which is perfectly safe, and so pleasant, that children will not refuse to take it. It effectually destroys WORMS; neutralizes acidity or sourness of the stomach, increases appetite, and acts as a general and permanent cure for FEVER and AGUE.

It not only destroys Worms and invigorates the whole system, but it dissolves and carries off the superabundant slime or mucus so prevalent in the stomach and bowels of children, more especially those who had health. This mucus forms the bed or nest in which worms produce their young; by removing it, it is impossible for worms to remain in the body.

It is harmless to its effects on the system, and the health of the patient is always improved by its use.

This Vermifuge is very far however from being limited in its usefulness to mere cases of Worms; for it may also be prescribed with most decided advantage in all derangements of the stomach and digestive organs—general debility—dropsical swellings—Female complaints, as sick head-ache, flour albus, menorrhagia, &c.

Numerous cases of PILES have been perfectly cured by the use of this valuable Vermifuge. This beneficial result may be accounted for from its strengthening the stomach and bowels, and also by the removal of acariades, or small thread worms. These vermin generally inhabit the lower part of the bowels, and by their irritation are a very frequent cause of Piles.

DYSPEPSIA may always be cured by taking one or two tea-spoonfuls of this Vermifuge, morning, noon and night (before eating) and by taking my Sanative Pills at bed time, in sufficient doses to produce one, and not more than two evacuations from the bowels every morning.

WEAKNESS, Loss of appetite and general Debility is soon removed by taking this Vermifuge in doses of a tea-spoonful at a time from three to five times a day, as it is an effectual as well as an extremely pleasant tonic.

Finally, what the public have long desired a medicine of this kind, which might be depended upon (prepared by a regular physician) is now offered to them, and can be had of DR. D. JAYNE, No 20 South Third street, Philadelphia, and of all persons who sell his Expectorant, Carminative Balsam, Sanative Pills, Hair Tonic, and Life Preservative.
