NEVRAN DROWNED.—On last Monday ing cold of the snow ceased about of Love's mill. He also states that while a gang of laborers were gaths 3 o'clock in the afternoon, having Moore's bridge is southeast from the Ruin Wroaght in the Forest.

tended all over the United States. In I was elected one of the county com-bakota Territory the thermometer missioners, and during that year Our Tows Communities.—We are always pleased to note any compliment that is paid our town or county, it was the coalest weather that had and therefore it is with pleasure that we conv from the Littleton Index.

Dakota Territory the thermometer missioners, and during that year there was an appropriation made of sent to note any compliment that is paid our town or county, it was the coalest weather that had building and repairing bridges on made therefore it is with pleasure that was converged to note any control of the purpose of sent town or county.

The show the following that year there was an appropriation made of sent town or county.

The show the following that year there was an appropriation made of sent to the sent to the

of our town written by T. W. Haw kins, esq. a talemed voting lawyer of Littleton, who spent the Christmas holidays here:

"The population of the town, I would judge to be about five handred in number, and they live very much as one family of people. None of the factional declings found in some towns seein to exist there. This grand, good feeting may be accounted for when we consisted that the people of Pitisboro is fer alias of the stock law, the very and and cultivated, and society there is of the best order.

While there I had the pleasure of attending the Lyceum or a meeting of the Reading the Lyceum or a meeting of the Reading the Lyceum or a meeting of the Reading the Lyceum or a meeting of the wintevoters favored the site of the Best order.

While there I had the pleasure of attending the Lyceum or a meeting of the Reading the Lyceum or a meeting of the wintevoters favored the site of the stock law, but the negroes were almost sold against it and were very interesting and there was quite a display of talent by those who took part. The club has about sixty members, consisting of old as well as young persons, some of the most active members are old as a dark and society increased the measure.

It is stock law to be programmed to the stock law but the negroes were almost sold against it and were very interesting and there was quite a display of talent by those who took part. The club has about sixty members, consisting of old as well as young persons, some of the most active members are old and on our colored voters are the state of the measure.

It is a state of the measure in the defeat of the proposation in the feat of the proposation in the severe and state of the proposation in the severe and the cause of the winter out in the severe and the cause of the winter out in the severe and the cause of the winter out in the severe and the wind and continued the proposation of the stock law but the negroes were all for west.

Now the period the proposation of the winter out in the severe and the winter out in t
