

LOCAL RECORDS.

Fresh supply of drugs and medicines just received at Chapin's.

There is now a good prospect for an abundant fruit crop this year.

We are pleased to state that Col. Joseph Thompson has so far recovered as to be able to leave his room.

The largest and cheapest stock of Goods ever brought to Chatham is now daily arriving at W. L. London's. If you doubt it, call and see for yourself.

On last Sunday Mr. Vincent Hart, of Gulf township, was married to Miss Emeline O'Hann, and the united ones of the bride and groom amount to 125 years.

Brynn and Headen's Spring and Summer goods are now coming in, and their stock will be complete in a few days. A beautiful stock they will have, at hard pan prices.

The post office at Waller, in this county, has been discontinued, as the postmaster, Mr. A. R. Siler, has removed to Siler Station where he has opened a large store.

Messrs. Harris & Flippen, of Greensboro, N. C., will supply our readers with anything in the line of hardware that they may need. Read their "ad." in another column.

The many friends of Mr. and Mrs. R. J. Powell will regret to hear of the death of their adopted daughter, Cora Belle, who died quite suddenly on last Friday, aged about twelve years.

W. H. Leonard has on hand a well selected stock of goods at greatly reduced prices. Call on him when you come to town and see for yourselves. All kinds of repairing done on Watches, Jewelry, &c., promptly.

The good housekeepers of Chatham ought to use the "Carolina Baking Powder" and the extracts of Vanilla and lemon that are manufactured by that accomplished druggist, Mr. H. R. Horne, of Fayetteville.

W. L. London is now receiving his Spring and Summer Goods, which he invites his many friends and customers to examine at an early day. His body customers are especially invited, and he guarantees that they will be pleased.

We take pleasure in calling attention to the advertisement of Raleigh's veteran merchant, Len H. Adams, Esq., who needs no introduction to the people of Chatham. Our clever countryman, Mr. G. J. Williams, is still with him and is always glad to wait on his friends.

Mr. C. C. Cheek, of Ore Hill, went North last week to purchase his Spring and Summer goods which are now arriving every day, and which he invites his many friends and customers to examine before buying elsewhere. He continues to pay the highest prices for all country produce.

Mr. Easha H. L. of Gulf township, died very suddenly on last Thursday night. He had been in his usual good health and went to bed after eating a hearty supper, and died during the night. He was about 75 years old, and was to have been married for the third time the day after he died.

Next Monday week, the 26th, is Easter Monday, a day when the young folks take some old ones (too) usually have picnics and fishing parties. We hope the weather may be favorable and all have a good time. We understand that the young folks at this place intend having a grand party on Easter Monday night.

Sample S. Brown, Greensboro, keeps one of the largest stocks of Men's and Boys' Clothing, Shoes, Hats and Furnishing goods in the State, and sells goods cheap. He knows from experience that it pays to sell good goods and to sell them quick at short profits. When you go to Brown's look at the famous \$2.99 Shoes.

G. Will Armfield, of Greensboro, N. C., has received his Spring and Summer stock of New Goods which he is selling cheaper than ever, both by wholesale and retail. He offers splendid bargains in Dry Goods, Clothing, Notions, Hats, Shoes, &c. Orders by mail promptly filled. Special inducements to country merchants.

CHILD BURNED.—We much regret to hear that a five-year old child of Mr. Joseph Riddle, of Williams township, was burnt to death on the 3rd inst. It accidentally caught on fire while its parents were a short distance from the house, and was fatally burnt before the fire could be extinguished. Mr. Riddle himself was badly burnt while trying to save the child.

FEDERAL COURT.—Federal court met at Greensboro last week and is still in session. The docket is said to be the largest at this term ever known before. Quite a number of Chatham people were in attendance last week, some willingly and others unwillingly. Thus far we have not heard of any one of them being jailed. There has been quite a change made among the officers of the court and it looks rather strange and it is quite refreshing to see so many good democrats like Ham Jones, Dave Settle and others filling the places of Boyd, Keogh and the radical crowd that so long held sway.

A RUNAWAY ACCIDENT.—On last Saturday evening Mr. Will Ivey, who lives in the southern part of Albemarle, was driving his one-horse wagon along the road, near Mr. J. S. Henley's, in this county, and his horse ran away and threw him out of the wagon and bruised him severely about the head and face. It seems that Mr. Ivey is very unfortunate. On Monday, the 5th inst., his horse died and he had just bought the one which ran away.

IMMIGRATION NOTICE.—We have received from Mr. J. T. Patrick, Commissioner of Immigration, the following communication, which may be of importance to some of our readers: "Any persons having water-powers, mineral and timber lands in North Carolina to dispose of or desire to secure a partner to assist them in some manufacturing or mining enterprise can have their wants made known, free of charge, to persons interested. Address, with full information, Commissioner of Immigration, N. C."

S. A. Braley, of East Roxbury, Vt., writes Commissioner Patrick inquiring if there is a suitable place in North Carolina to establish foundry and machine shop on a small scale where water-power can be obtained and where the people in the surrounding section will patronize and encourage an establishment of the kind?

Magistrates' Meeting.—The law requires the magistrates of every county to meet on the first Monday of next June for important purposes. On that day they will not only have the annual assess, but will also hold the biennial election for county commissioners and county superintendents of public instruction. A finance committee will also be elected in those counties where the magistrates desire it. In this county we hear very little about the election of any of these officers. In fact we doubt if many persons are aware that the election is so near. We do not know whether any of the persons now holding these offices are candidates for re-election, or whether they will have any opposition. It is time that the matter was being talked about, and the magistrates ought to be consulting the wishes of the people of their respective townships.

The C. & Y. V. R. R.—We rode on the Cape Fear and Yadkin Valley railroad, a few days ago, from Fayetteville to Greensboro, and were pleased to find the road and its equipment in such good condition, and the depots along the line improving so rapidly. The locomotives and coaches now used on that road are first-class, and the trains dash along at a lively rate of speed, in pleasant contrast to what has been in years gone by. We were pleased to learn that tracklaying will begin at Greensboro in a few days and be pushed rapidly on to Mt. Airy, from which point a connection with Cincinnati is assured. We have always wished to see this road and have regarded it as one of the most important works of internal improvement ever undertaken in North Carolina, and we heartily congratulate President Gray and his efficient backers upon the success that is at last rewarding their labors and efforts.

We were much gratified to note the many improvements at the stations on this road in Chatham. At every one now buildings were being erected, and a brisk business made everything lively. New stores, new dwellings, mills, machine shops, &c., could be seen everywhere, and everybody and everything seemed to be alive and moving. Just as will be the case when our railroad reaches our old town.

Vincent's Mysterious Death.—EAST GREEN, N. C., April 9, 1886. CANTON BRIDGE.—Dear Sir: I am very much surprised at the opinion expressed by Dr. H. H. Albright in the Record of the 1st inst. in regard to the death of Gabriel Vincent. I have been hearing the matter talked of ever since Vincent was missing last July and this is the first intimation that I have heard that it was not probable that he was foully dealt with, and the circumstances of his discovery have strengthened public opinion in that belief. I do not know what they think about it in Dr. Albright's neighborhood, but every where that I have heard it named they have a different opinion to that expressed by the Dr. Let us look at the circumstances a little and see if it looks likely that he went out into the woods and laid down and died a natural death. About 4 o'clock on the 7th day of last July he disappeared from the field where he was hoeing tobacco. The next day search was instituted by the neighbors and was continued for a number of days, during which time the surrounding country was thoroughly scoured. Finally success was attained and in the early part of March a man accidentally found old man Vincent's hat and clothes and a human skull and some other human bones on the ground near by where he was last seen hoeing tobacco, and in 30 or 40 yards of a public road and in 300 or 400 yards of a man's house, in open woods and on the ground that had been thoroughly searched after his disappearance—his wife saying that she passed over the very spot where he was found. I do not see what any one would want to kill the old man for, for he had nothing that would benefit any one, but eat any body believes that a man that was known to be missing could lay on top of the ground near a public road and in a thickly settled neighborhood and be eaten up by dogs and buzzards and not be discovered by any one? I think I express the conviction of a very large number of people when I say we think not.

Ms. Euton, will you please tell your readers what the duty of the Coroner is in such cases. I hear that

our Coroner was notified of this case and refused to go and investigate it because his informant could not make affidavit that Vincent was killed. We thought that his duty was to investigate all such cases and see if he could find out the cause of the death of the deceased.

Yours, &c., J. S. HENLEY. [In answer to Mr. Henley's inquiry as to the duty of the coroner we would state that the law, as contained in Section 557 of The Code, makes it the duty of coroners to hold inquests only when some responsible person makes affidavit "that the deceased probably came to his death by the criminal act or default of some person or persons."—Ed. Record.]

State News.

Washington Progress: It was with much regret that we learned of the burning of Mr. James E. Clark's dwelling house with almost the entire contents on Saturday night last. There was no one on the premises at the time but Mr. Clark, his little children and an intoxicated man, who of course could render no assistance. The loss is estimated at \$8,000; covered by \$4,000 insurance.

Durham Recorder: The Rev. M. T. Yates, D. D., the oldest missionary in China has determined to re-visit his native State in the near future. He is a native of Wake county and very near the Chatham line. Dr. Yates has been in China for 38 years and is still in robust health weighing 244 pounds.—We learn that a few days ago Messrs. Ben Tharp and Sam Ellis, of Oxford, came near being drowned in a swollen stream in Granville county. They were riding in a buggy driving a very fine animal. The stream was so rapid that they were washed down. The horse was drowned and one of the gentlemen mark twice before he was rescued.

Charlotte Observer: Mr. Henry Hunter was yesterday morning very seriously hurt at the steam mill of Mr. R. A. Brown, near Concord. Mr. Hunter was caught by a flying belt and drawn around a revolving shaft at a terrific rate. Every strip of clothing was torn from his body and he was hurled to the ground in a badly used condition, stripped of everything except the shoes on his feet, his left arm and three ribs were broken and he received numerous severe bruises about his body. Dr. W. H. Lilly was called to attend to the injured man, and gave him the necessary attention. The doctor says that Mr. Hunter's condition is serious but not necessarily fatal.

Newton Enterprise: On Monday last two young men, Blakey and Robert Perry, quarrelled over a game of dice, near the Hale Gold Mine, and in the fight which ensued, Blakey shot and instantly killed Perry.

As the Narrow Gauge train going South last Wednesday one day recently, some one tied a dog to the car. When the conductor discovered it there was only the head and rope left bounding along over the cross-ties. No case has been made so far.

Reminiscence of J. W. Scott & Co., Greensboro, N. C., is the house for you to patronize. Ample facilities and fifteen years experience gives them superior advantages.

Flag to the Breeze Again. RALEIGH, N. C., March 22, '86. I have been financially repressed and again float my flag to the breeze, with compass set towards the city of Prosperity. I am daily receiving my Spring stock, consisting of Dry Goods, Shoes, Clothing, &c., &c., and I am selling them—I will sell! and at bottom cash prices. Many more at cost. Cash is the word. JOSEPH P. GULLEY. Come one—come all. C. C. HAMLEY.

Having engaged my services to R. F. Boyd & Co., Wholesale and Retail dealers in Boots, Shoes and Trunks, Greensboro, N. C., I take this means of informing my acquaintances and friends of the same and soliciting their patronage, and hope they will all try to see me. Very truly, JIMMIE R. RIVERS.

OBITUARY. BRITTON.—On the 29th of March, 1886, Mrs. BRITTON, in her 70th year. Her funeral took place at her late residence, Green Hill, Jefferson county, Ky., on the following (Monday) afternoon at 4 o'clock. No flowers. Rural private. Her maiden name was Sophia Perdy, believed to have been of Huguenot descent and born in Chatham county, N. C., where some of her kinfolk now reside. (1000.)
