Fifty cords of first class Hickory timber wanted at once at the shuttle mill. None but first-class wanted. Anybody in need of some money can get it, by at once hauling dogwood and persimmon timber to the shuttle mill. When you go to Durham, call at Ella's store, where you will find a large and select stock of Dry Goods, Notions, &c. Our former county man, Mr. T. J. Lambe, is Durham's leading clothier and will give his old county-men special bargains. Our former townsman, Dr. John M. Manning, now of Durham, was married yesterday at New Bern to Miss Mamie Amyette, of that city. When you go to Durham call at the grocery store of W. H. Proctor, with whom is our former county man, Mr. C. C. Hatch, who will be pleased to wait on his many friends in Chatham. O. S. Poe appreciates the liberal patronage you have given him. Come along and bring the money. He will give you more for your money than any other merchant in Chatham. W. H. Leonard has decided to close out his Harness and Saddlery. He has a good stock and will sell cheap for cash. Now is the time for bargains. Also a lot of material for sale cheap. Our former townsman, Mr. W. G. Haughton, who has been in the Express office at Charlotte for several years, has been promoted and appointed Express agent at Asheville. Bynum & Paschal, Goldston N. C., have just received a full line of general merchandise, which they are offering at prices to suit the times. The highest market price paid for all kinds of country produce. Give them a trial. Take notice this is the last notice. If you are indebted to W. L. London you must call and make arrangement about it at once. No more credit until some arrangement is made. This means you! Short settlements make long friends. A slight change has been made in the schedule on the R. & A. A. L. railroad, by which the mail train arrives at Raleigh 10 minutes earlier and leaves 25 minutes later than heretofore. The train on the Pittsboro railroad arrives here now 29 minutes later than heretofore. Our farmers have nearly all finished sowing wheat, and an unusually large crop has been sown. Much of it is already up and is looking well. The weather this fall has been very favorable for wheat, and we hope that a beautiful harvest will reward our farmers next June. If you wish to keep warm you will find it to your interest to call at W. L. London's and see his stock of underwear. He has the largest and cheapest stock of ladies', men's and children's woolen vests, &c., he has ever had. A good all wool red Flannel shirt for men at 50c each; others in proportion. Robert Edwards, John Thompson, William Vestal and John Ramsey were the delegates from this county to the State convention, which met at Fayetteville 100 years ago this week and ratified the Federal Constitution. How many of their descendants will attend the centennial celebration today?

CHRISTIAN CONFERENCE.—The fifty fourth annual session of the North Carolina and Virginia Christian Conference began on last Tuesday at Hanks' Chapel near this place. The conference was called to order by Rev. P. T. Klapp, the president of the last session, and a quorum being present was organized by the election of the following officers, viz: president, Rev. W. T. Howard, of Morrisville; secretary, Rev. J. L. Foster, of Raleigh; and assistant secretary, Mr. J. H. Hardon, of Graham. The Annual Address was delivered by Rev. J. B. Wicker, of this county, who selected as his text the 10th verse of the 6th chapter of Solomon's Song, "Who is able that looketh forth as the morning, fair as the moon, clear as the sun, and terrible as an army with banners?" Notwithstanding the unfavorable weather the attendance of delegates and visitors is quite large. At the opening of the session, on the first day, the church could not accommodate all the congregation, and the attendance has increased each day. The hospitable citizens of the neighborhood, and some at this place, are providing most comfortably for the entertainment of all the visitors.

WHIPPED, NOT RESCUED.—We were misinformed last week as to the alleged rescue of a prisoner in this county. Instead of having been rescued from the custody of the officer by his friends, the prisoner was forcibly taken by a lawless mob and severely whipped. Such acts of lawless violence should be denounced by all good citizens. If a mob of men can commit such an outrage, another can. If one set of men can take the law into their own hands and summarily punish an accused criminal, another can. And then who would be safe?

UNIVERSITY LAND.—Only about 400 acres of the University land in this county, known as the Jones' Grove tract, were sold last week. The entire tract contains about 1400 acres, and had been divided up into lots averaging about 100 acres each, and all had been advertised to be sold at public auction on the 13th of this month. Four of the best lots were sold at from eleven to twelve dollars an acre, but none of the other lots were sold because of the small price bid. Eighteen dollars an acre had been previously offered and refused for some of the land which was sold at the auction for only \$12 an acre.

QUARTERLY CONFERENCE.—The last quarterly meeting for this year, of the Pittsboro circuit was held on last Saturday and Sunday at Mt. Zion Church, about two miles southeast of this place. All of the eight churches composing the circuit were represented. The old boards of stewards and Sunday school superintendents were all re-elected for the ensuing year. Mr. Thos. W. Mansfield stood his examination and was unanimously recommended as an applicant to join the Annual Conference, which meets next week at Greensboro. Presiding Elder Haris preached on Saturday and Sunday, and on the latter day administered the Holy Communion.

Teachers' Institute.—As has already been mentioned the Institute for the white teachers of Chatham county will be held at Pittsborough during the week beginning December 23d. All persons, male and female, who feel an interest in our common schools are cordially invited to be present from day to day. On Friday there will be a lecture by Prof. C. D. McVey, and other exercises of general interest to the public and he earnestly requests that every Committee man be present on that day. All who expect to teach in our public schools during the incoming year must attend from day to day. We are hoping for great good to the cause of education in our county from the Institute. Let all come and hear and be benefited.

National Farmers' Congress.—Montgomery, Ala., Nov. 15.—Several attempts were made to involve the tariff in the proceedings of the National Farmers' Congress, but all were defeated. Among the resolutions passed was one favoring schemes for improving the Mississippi and Missouri rivers, and for a ship canal across Indiana connecting the Mississippi with Lake Michigan. Chicago was endorsed over St. Louis as the site of the World's Fair. R. F. Kain, of Alabama, was re-elected President. It was decided to hold the next meeting in Iowa, and the Secretary was authorized to determine between Sioux City and Des Moines. The Congress adjourned at 5 o'clock and the members left at 8 p. m., on an excursion to New Orleans. Among the transactions of the day were the following: A committee of one from each State was appointed to suggest a National flower. A resolution favoring a report of the tobacco tax was defeated; also a resolution that the revenue from the whiskey and tobacco tax should be distributed among the States to relieve the taxation; also a resolution favoring bounties to growers.

Frozen to Death.—CLAYTON, N. C., Nov. 15.—Don Louis Beck, a prominent Spanish sheep raiser of the Creek, has just arrived at this place. He gives a very sad account of the late blizzard in that region. Five Mexican sheep herders perished in the neighborhood, the bodies of four of them having been found. Snow completely covered the ground from Clayton to the Canadian river, a distance of one hundred and twenty-five miles. Many Mexican families are in a desolate condition owing to the heavy snow. They are unable to move from their places, in order to lay in a supply of food. Mr. Beck says other bodies will be recovered as soon as the snow melts, as several men are missing.

A Terrible Fever Scourge.—HERRINGVILLE, Ky., Nov. 15.—There is great excitement in Webster county over the re-appearance of the terrible spotted fever scourge that raged in that county with such fatal effect last winter. A number of new cases have been reported from different villages surrounding Dixon, the county seat, all being the same disease in its most malignant form. Everything possible is being done to prevent its spread, and to keep the terrified people from deserting their homes as they did in large numbers last year.

State News. Wilson Advance.—Mr. M. B. Atkinson went out to his farm a few days ago and found that his tenants had made such poor crops that he gave them the rent for this year. That was a generous act on his part and one that others better off in this world's goods, might well follow.

Asheville Citizen: Edward Nix, whose head was cut some time last week by coming in contact with a saw in rapid motion at the furniture company, died on Sunday morning. He was 15 years old. His case was a remarkable one. Without doubt the brain was penetrated and lacerated; yet for several days he appeared to be doing well, was bright and cheerful, suffered little pain, and there was no inflammation. That came at last, and with fatal result.

Warrenton Gazette: The crops are so far from over known before. Can't see how the people are going to live next year. It would be very easy for the immigration agents to get up a car load for Kansas now, as a great many have given two or three months' wages and can't pay any, and are running away to get rid of the law. The clock peddlers have sold so far 220 clocks in this county at \$10 each. The clock could not have been bought from any jeweler at \$2.50 apiece. But some people are never so happy as when they patronize and prefer strangers in preference to those they have known for a life time.

Winston Republican: On our table is a fine apple of the third crop from the tree in Mr. Nosh's yard. It is full grown and is beginning to ripen. The fourth crop is hanging on, and is about as large as partridge eggs. —Jane Campbell, colored, of Newell's Station, was killed last Sunday evening. She endeavored to frighten two parties, who were "scuffling" with a pistol, which, of course, was not loaded. The pistol went off, the ball entering Jane's cheek. She died instantly. —Mr. D. E. Coltrane returned Saturday evening from his trip to California. Mr. Coltrane was 36 hours in the big snow storm in New Mexico. The snow in some places here which he passed was four feet deep. Mr. Coltrane says, also, that he traveled for 48 hours constantly at an average rate of 30 miles an hour, in the State of Texas. This will give some idea of that great State.

Statesville Landmark: Mr. J. W. Colton, of Rarringer township, made 100 gallons of sorghum from the crop grown on less than half an acre of land. —The left hand of Mr. J. R. Abernethy, of Cold Spring township, was torn in pieces yesterday in a cotton gin. Three or four years ago the left hand and nearly killed him, and last year of this year he lost two of the fingers of his right hand when torn off in a cotton gin. —Musical Knox, aged about 22, son of W. L. Knox, of Cold Spring township, and his three younger brothers were out squirrel hunting yesterday. Not far from the residence of W. W. Turner, Esq., the young man's gun discharged while he was copping it and the charge struck his brother Willard, aged about 18, full in the breast, killing him almost instantly. He spoke only once and his revolutionary slogan was so much forgotten that he did not know what the unfortunate youth said.

Charlotte Blade: A cow in this town gave birth to twin calves last week. —During the past eight or ten months Charlotte has grown and improved wonderfully in every respect. —School teaching seems to be a dangerous calling in these parts. A young man who teaches a few miles north of here was washed on the roadside while returning from school one afternoon last week, by an late frost, and severely beaten. The trouble grew out of the teacher flagging one of the delinquent parents of the school. The teacher has taken out a warrant for the offender. —The contract for rebuilding the courthouse was awarded to Mr. W. A. McKimmon, of Montgomery county. His bid was \$3,530. Mr. McKimmon tells us that he will begin work some time next week, and that he will push the work to completion as rapidly as possible. He expects to have the building near enough completed so that the March term of court can be held in it. There are to be several changes made in the construction of the building. Five good vaults are to be put in the Clerk's and Register's offices. The courtroom will be more than a third larger.

Jeff Davis Sick.—New Orleans, November 16.—Hon. Jefferson Davis arrived here today on the steamer Leathers. He remained in his state room, where he was visited by his physician, Dr. Canale, and one or two intimate personal friends. After making a careful examination of his patient, Dr. Canale stated that Mr. Davis has been quite sick at Bedford with a severe cold, but that he was much improved now, and there is no cause for alarm. This afternoon Mr. Davis was removed to the residence of his life long personal friend Mr. J. W. Fyvie, where he will remain for some days.

A Railroad Collision.—WASHINGTON, Nov. 15.—A special to the Evening Capital from Alexandria, Va., says: Two freight trains on the Virginia Midland Railroad collided this morning at Russian Branch, opposite Bull Run battlefield. Killing Engineer Easters, of Madison Run, and fireman Marple, of Springfield, and fatally wounding fireman Evans, of Alexandria. Several train men narrowly escaped by jumping.

SHILOH'S CATARRH REMEDY.—A positive cure for Catarrh, Diphtheria and Canker Mouth. CHAS. & HAZEN.

A Polish Emigrant. From the Statesville Landmark. Col. Julian Allen arrived home last Friday, bringing with him a Polish Stanislaw Karpacki, by name, who reached Baltimore on an emigrant ship the first of last week. Stanislaw is of the servile class, whose forefathers for generations were serfs, and is the embodiment of humility and obsequiousness. He is a young man of 22 but has a wife and children whom he left behind when he came to this country. He is a hard worker, a farmer, carpenter, hostler, barber and a man of all work. He had not been at Col. Allen's hall an hour before he said he wanted to go to work, and was put to straightening up the tool room, harness room, gear house, &c., and in an hour's time had them all in perfect order, with everything in its place.

The new arrival cannot speak a word of English and brought his Polish name with him. At Raleigh, where Col. Allen stopped with him on his trip from Baltimore, he kissed the hands of gentlemen who spoke to him. On the train Senator Vance, engaged in conversation with Col. Allen, learned who his companion was and spoke to him. Col. Allen told him the gentleman was addressing him as a Senator of the United States, upon which the post fellow seized the Senator's hand and kissed it fervently. Col. Allen, however, has given him to understand that in this country Senator is just as good as another if not a little better, and is gradually breaking him of his servile habit.

Stanislaw's first sight of the West was in Baltimore. He was going the street when he saw two negroes, whom he crossed himself and took to his heels. His impressions of this country are delightful and he wrote back from Raleigh to the Polish priest at Baltimore that this must be the next thing to heaven. This priest will soon make a tour of the State, in company with Col. Allen, with a view to locating a Polish colony in North Carolina. Five hundred families of them reached Baltimore on the ship which brought Stanislaw Karpacki.

A Stylish Swindler. CINCINNATI, Nov. 15.—Stylish and handsome Bertie Hoffman, twenty-five years of age, was arrested last evening by Central Station detectives and locked up, charged with obtaining goods under false pretenses. Last night she appeared at Marshall, Field & Co.'s retail store and after introducing herself as a daughter of B. J. Wertheimer, an attorney of 143 La Salle street, said that she desired to purchase a quantity of goods on her alleged father's credit. She was allowed to purchase over \$200 worth of underwear, the bill to be sent to Mr. Wertheimer. As Mr. Wertheimer never received the bill, and no complaint had been sent to the dry-goods house up to a week ago, she continued to call almost daily and buy goods, until she had obtained over \$2,000 worth on credit.

Silks, Plushes and Velvets. We have the most complete lines of the above goods to be found in Raleigh. All of our Dress Silks are sold at ten per cent less than the goods cost. Visit our millinery, visit our dress and cap room. See our clothing. The Racket Store, cor. Martin & Washington streets, Raleigh, N. C.

THE REV. GEO. H. THAYER, of Bourne, Ind., says: "Both myself and wife owe our lives to SHILOH'S CONSTITUTIONAL CURE & HEALER. That was a close vote for the President and Governor in Ohio, the plurality for the republican candidate being only 11 in a total vote of over 750,000."
