—The annual conference of the Methodist Sunday schools on the Haw river circuit was held, on last Saturday, at Mt. Piensant church, in Baldwin township. There was quite a large attendance and the occasion was greatly enjoyed by all who were present. Instructive and interesting addresses were delivered by Rev. John Hall, the pastor of the circuit, and by Rev. C. W. Rebinson and A. H. Merritt, Esq. The music was unusually good and showed careful training and much practice.

instance this moon was full on last Monday and yet it seemed to rise at the same hour last night as it did on Monday. In the olden time it was believed that this was done in order to give the harvesters more light in which to gather their crops. The true reason, as explained by scientists, is that about the time of the autumnal equinox the angle between the plane of the horizon and that of the ecliptic, or the path which the earth traverses in its yearly journey around the sun, is smaller than it is at other times during the year.
