they had no quarrel with the Demnational issues Nearly every Popevery speech that his reason for leav ing the Democratic party was simply because that party had nominated a goldbug (Mr. Cleveland) for President. No complaint was then made about our State government, Carr and the other candidates on the Democratic State ticket. On the contrary even Senator Butler, for several weeks after Carr's nom instion, expressed himself as perfeetly satisfied with him and the lists to vote for Elias Carr and the tee

Democratic State ticket. Yes, the reason given by the Pop ulists in 1892 for leaving the Demoeratic party was an account of the ratio of principles:
First. The paramount issue at this time in the United States is inthat they have themselves nominated Mr. Bryan and will vote with the cuse can they have for trying to ment over to the control of the Re publicans?

And why?

Because according to the constitution the people do not vote direct ratic party if both Bryan and Sew- ly for the President, but in each terms of exact equality as they ex State they vote for "Electors" and isted prior to 1873, the silver coin Bryan a name was presented to these Electors meet in each State and to be of full legal tender, equally the Populist convention and his oast the vote of their respective with gold, for all debts and dues, public and private, and we demand

Therefore, if the Populists and Presidential campaign was himself Democrats of any State should all legal tender quality of any kind of the glamiard bearer and candidate of be in favor of Bryan and yet should would have believed it. It certainly carry that State by a plurality-not a does seem strange that the Populist majority-of the votes cast. Thus candidate for President in 1892 by a division among the friends of of the Constitution-gold and silver should now be nominating the Dem. Bryan, although they may be largely in the majority, the vote of a state may be cast for McKinley.

Shall this be done?

We cannot believe that the honest masses of the People's party are willing that their votes should thus willing that their votes should thus not in a disbonest and unsound be lost. It certainly would greatly standard appreciated 100 per cent As he is now the official head of the People's party in the United States,

Representative Hart, of Pn., says in the event of his election, she may be expected to be more than merely mistress of the White House. Her impress already upon his public ut terances is apparent to those who know her, and should her husband be called to the first position in the republic American womankind might feel more than ever before that their sex had a positive part in that they are all anxious to learn.

At Morrison and Golden the tor rents tore away buildings, uprooted trees, washed out long stretches of railroad tracks, swept away bridges and spread annihilation through the towns. The work of destruction was as brief as the warnings they gave were inadequate. Almost be fore the citizens of the stricken communities knew what had happened the floods passed, leaving only a deadly silence and signs of dovastation everywhere.
