

The Legislature adjourned on last Tuesday, and everybody is rejoiced...

Although this Legislature was elected by men who called themselves "reformers" and who strongly advocated retrenchment...

And such is the result of "reform" in poor old North Carolina!

So extravagant was the Legislature that Treasurer Worth felt it his duty, last week, to send a communication to that body...

Now, this is no "Democratic lie," but is the official statement of the State Treasurer...

Such is the retrenchment practised by our "reform" legislators. We ask honest taxpayers if this is the sort of retrenchment they wish?

The most disorderly and disgraceful scene ever witnessed in a North Carolina Legislature...

Enemas have been passed by the Legislature to establish liquor dispensaries in several towns...

When will honest people open their eyes and quit following such reformers?

If the voters of North Carolina who elected our "reform" legislators are not ashamed of them, then they must indeed be lost to all sense of shame!

The Cabinet of President McKinley, like the Cabinets of all his Republican predecessors...

That arch-enemy of the South, John Sherman, is made the chief cabinet officer—the Secretary of State—and the other appointments are the following:

Lyman J. Gage, of Illinois, to be Secretary of the Treasury. Russell A. Alger, of Michigan, to be Secretary of War.

Joseph McKenna, of California, to be Attorney General. James A. Gary, of Maryland, to be Postmaster General.

John D. Long, of Massachusetts, to be Secretary of the Navy. Cornelius N. Bliss, of New York, to be Secretary of the Interior.

James Wilson, of Iowa, to be Secretary of Agriculture. We had hoped that President McKinley would have been more broad-minded than his Republican predecessors...

Passage McKimley has called Congress to convene in extra session, on next Monday. It does seem to be a disappointment to our people, who were returning thanks and congratulating themselves...

And for what purpose is Congress called in extraordinary session? Is it to relieve the people or reduce taxation? If that was its object, then the people would not complain...

As stated by President McKinley in his inaugural address, the purpose for which this extra session is called is "to revise the tariff" so as to get more revenue and give more protection to "American industries."

Such is the "reform" that our "reform" legislators are practicing. We ask honest taxpayers if this is the sort of retrenchment they wish? Was it for this that former Democrats abandoned their old party?

How long, oh how long before our people will realize whether they are drifting? The Tribune, the able and newsy Republican organ at Raleigh, published in its last Sunday's issue...

It is to be regretted, however, that the Tribune was not able to publish the pictures of all the animals composing this famous menagerie, for the people would like to see the faces of all their distinguished (?) legislators.

Greece deserves the admiration and aid of all Christendom in her efforts to protect the Christians of Crete from the atrocities of the "un-speakable Turk."

Every Populist member of the Legislature who voted for Senator Pitcairn is to be paid for his vote with an office. Already quite a number have been thus paid.
