THE adoption of the proposed suffrage amendment to our State constitution will eliminate from politics the ignorant negroes. One great blessing and benefit to be derived from this will be to elevate and purify the politics and political parties of the State Great moval and economic questions will then be discussed and decided without demagogues appealing to the prejudices and passions of ignorant negroes. White men can then divide among themselves and vote as their consciences dictate on these great questions without fear of negro supremacy.

Dr. Len G. Broughton, a distinguished Baptist preacher from Atlanta, delivered a lecture in New York last week, in which he very plainly showed the importance of eliminating the ignorant negro from politics, as will be seen from the following extract from his lecture:

"The one great enemy of the colored man in the South today is cult it is to get moral issues conwhite man of the South will allow the colored man to dominate him problem will be solved.
