The painful measury of the grip he gave my hand outleaving still impered with me when Dillard dropped in an bour later. I gave Dillard the other of

Hullo," he cried. "Busy, Au-

When I went to lunch and had time to analyze my feelings I found that I resented being forced into posing as a sort of transered fairy godinether to Marguerite.

Of course as long as I had no intentions whatever of asking her to marry use f could hardly be so absurd as to re-sent some one else doing so. And cor-tainly for sythe and Dillard had behaved handsomely-no one could have

lone more. But to be asked for my consent to

but to be asked for my sourcet to Marguerite's amptials as though i were her elderly uncle or hencydent maiden snut was a triffe trying. At 5 o'clock I was on my way to see her. I folt that however unpleasant my new attitude towward her might be, if at least gave me a right to know which one of my trinds she had as which one of my friends she had ac-cepted. By the time I reached the which one of my friends she had ac-cepted. By the time I reached the car I was sire if was Porsythe: when I alighted at the corner my mind was made up to accept Dillard as her future husband, and when I enter of the door I had come to the conclusion that whichever she took she was undoubt-out dime and its husband.

whichever the took she was indefinit-celly doing well for herself. "What, it is you?" cried Margner-ite, when I found her in the fibrary. "Did you expect some one else?" I asked, scatning her closely. She un-doubtedly looked happy. "You were here yesterday," she re-plied.

plied. plied. "One good turn deserves another," I suid. "Bosides five come to con-gratulate y.or." "Well?" she asked and settled down I suid.

⁵Well?⁵ she asked and sattled down confortably to listen. Marguerite is very provoking sometimes. She knew I was all at sea. ⁶Dillars is a man to be proud of,⁴⁰

"Dillars is a man to be proud of," I hazarded, watching her face. "Are you provid of him?" she in-quired, leading up at his with big questioning eves. After all the role of farry godinother to Margnerite wasal so had, I reflected, that is, if one couldn't be anything else. "And his fortune..."I went on, ig-normalies ametion.

"And his fortune -- 'I went on, ig-noring her question. "Ah, his fortune -- are you proud of that, too?" she asked. Perhaps it wasn't Dillard after all, "But Forythe," I said, shifting my ground, "Lo is a man in a faillion." "Yes, bo is," said. Margurrite re-flatively. flectively.

"See here," I cried desperately, "which are you going to outry." "The may in a million of the man with a million?" she cried with a
