CHAPTER VI. Continued,

The young man had been much disspacement that the first night of his stay under the root of the Bine Lion had passed off uneventfully. The second, however, fully node up for this lack of excitement. So tearful was he of missing a possible victor by over-sleeping himself, that he never closed his eyes at all, and he was rewarded for his vigilance when, between two and three o'clock, he heard a slight noise at his door, and a moment later tiest there was a figure moving in his room.

He held his breath while the intruder went softly toward the head of the bed, making no noise, feeling about, stooping, searching. At last, when the figure, which could now be discerned as that of a woman, reached his clothes and began lunting in them, the anateur detective, allowing his ex-citement to get the better of him, sat up in bed, making, in doing so, just You noise to arouse the attention of the watchful thief. The next moment she had darted across the room, and out But the young man, being prepared for such a contingency as sprang out of bed half-dressed. and dashed out on to the landing in The woman had got the start of him, and was by this time half way up the attie staircase. He followest with her, saw her open the door of the your room on the right and close it. He for: heard the key turn in the lock. Without a second's hesitation, he flung him self with all his strength against the door. It shock, it creaked; another such blow and the rickety old framework would give way. Just as he harded his weight against the door for the second time, however, he heard the unmistrabile sound of the throw-

ing open of the window of the room.

The next instant, the door gave way under the force of his blows, and he shashed into the room Just in time to
