WHY NOT BE PROUD OF THEM.

"The article in your paper January 3, 1923, 'what illicit liquor will do,' is worth a thousand times the subscription price of the paper.

The above is an extract from a letter we have received from Mr. Isaac H. Dunlap, Bonlee, N. C. in another column will be found extracts from a letter received from Samuel T. Dorsett in Washington, D. C.

We are purely proud of the sentiment expressed in both these letters, as well as many others, many of whom ask that they be not published.

We want to do something to put a stop to this illegal traffic in liquor and the harm and sin that emanates from its use.

These good letters give us strength for the fight, and we want all who wish to give us the moral support necessary to "carry on."

Let's go.

TO PRESS ASSOCIATION.

This week we leave for the Press Association, where someone that did not know facts, has put the editor of the Record and Herald on the program for a "lead" in a discussion.

Rabbits out in Kansas are growing four-inch horns. It is remarkable how things do happen in Kansas and Chatham county.

The editor had a birthday on the 4th day of this month. He was sweet 16 more or less, and did not receive the 1,000 new subscribers that he asked for in November, but came pretty close to it.

Because of prohibition, hair tonic is now used more than ever.

The Harnett County News, published at Lillington, one of our favorite exchanges, has passed its full four years and is now "going on" five.

This is a curious world. People are never satisfied—that is, some people. They are forever trying to stir up some new fad.

INTERESTING FACTS

106,327 FORD Cars and Trucks Retailed In November

APPROXIMATELY THE SAME NUMBER SCHEDULED FOR DELIVERY THIS MONTH.

What Does This Mean?

This volume of deliveries to actual owners is entirely unprecedented for this time of the year—

It has taxed the manufacturing ability of the Ford Plant working at full capacity—

It indicates a volume of business during the rapidly approaching months of "heavy demand" which will be far beyond the maximum production schedule which the Ford Motor Company has set—

And that means a Ford shortage even more acute than the one which existed last Spring and summer.

Dealer's stocks all over the country are low—there are no reserves to draw upon to meet the demands for delivery—

There is no way in which dealer reserves can be built up, as deliveries have been made to customers as fast as Cars could be manufactured since last April.

The only way you can protect your desire to obtain prompt delivery of a Ford even at this time is to place your order immediately.

THIS EMPHASIZES MORE STRONGLY THAN ANYTHING WE COULD POSSIBLY SAY, THE NECESSITY OF YOUR MAKING PROMPT ARRANGEMENTS WITH A FORD DEALER FOR THE LISTING OF YOUR ORDER, PARTICULARLY IF YOU ARE CONTEMPLATING THE PURCHASE OF A FORD CAR OR TRUCK FOR USE THIS SPRING OR SUMMER.

We believe you are entitled to know these facts as they actually exist.
