

**"THEY SAID I HAD T. B. AND WOULD NOT LIVE THREE MONTHS"**

Mr. Harold W. Schmidt, Box 88, Breese, Clinton Co., Ill., believes he has reason to praise Dr. Hartman's Remedy for Catarrhal conditions.

"I used Pe-ru-na eight months for Chronic Bronchial Catarrh. I do not get tired, feel like a giant, am six pounds over normal weight and able to work every day. In March, 1918, I contracted a severe cold with spitting and took to my bed. They said I had T. B. and would not live three months. After taking a couple bottles of Pe-ru-na and a box of Man-e-lin Tablets, could walk around and in seven months went back to work. My trouble was due to Chronic Catarrh of the nose and throat, which I had ten years, extending down into the bronchial tubes. Pe-ru-na was my life savor."

**BABOON LIFE**

"I am going to tell you a story about a South African Baboon named Bruce Baboon," said Daddy, "and of Baboon ways when they are free.

"Bruce was very fond of all of his family and of all of his relations and of all of the members of the Baboon colony in which he lived.

"Many of the Baboons lived together and Bruce called their part of the world—where they all were—"Baboon Village."

"Now Bruce wanted to talk to all of the Baboons and he wanted to tell them of Baboon ways, so he called them all together one day and made this speech:

"Baboon Brothers and friends and relatives," he commenced, "I want to tell you some of the ways of the Baboons and some of the family rules.

"Never be afraid of anything when any of the Mrs. Baboons or the Miss Baboons or the little Baboons are in danger.

"Do not even be afraid of guns, but go to the rescue of the ladies or of the little children.

"They say that when people are in danger or if there is an accident anywhere the gentlemen always help the ladies and the children first.

"That is true in Baboon family life too. We have never been known to

"Kind to Little Babies."

desert a Mrs. Baboon or a Miss Baboon or a little Baboon in time of danger.

"Don't even be afraid of a leopard then. Don't even let your fear of a snake get the better of you.

"I do not mean that you are to rush into the jaws of danger or into the jaws of the snake or of the leopard. But I mean you must protect your little ones and the other little ones and the Mrs. Baboons and the Miss Baboons.

"No Baboon has ever been known to go back on his duty in the time of need, and his duty is to look after the others.

"No Baboon has ever been known to think of himself when his wife or his sister or his little one was in danger.

"No Baboon has been able to ever say:

"Let them look after themselves. There is no need of me to."

"For if any one of the group is in danger let every one of us do what we can to protect him.

"Let us never be afraid—that is—let us be so afraid that we aren't brave.

"Bravery doesn't mean being foolhardy. Bravery doesn't mean taking wild risks and chances.

"Bravery doesn't mean to take one's life in one's hands, as the saying is, or of taking any old chance at all.

"Bravery doesn't mean that one must never feel fear, or that in order to be brave one can never know the feeling of fear.

"That isn't what bravery means.

"Bravery means," continued Bruce Baboon, "to go forward and do what you can for the protection of others no matter how afraid you may feel inside!

"That is what bravery means. To be brave, even though you feel afraid, for the sake of others.

"And when one is in danger all of us must go forth to help. We mustn't let any one else do the work.

"We must sleep in a different neighborhood on different nights for in that way we will be very safe, and folks and wild animals will not know where our sleeping place is to be found.

"And wherever we go we will call it our village, or Baboon Village.

"Be kind to animals who aren't so big or so able to look after themselves. Be kind to little babies. Never forget the story of the Baboon who looked after a little lost baby and brought him up safely.

"When you see people will be friendly with you, be friendly with them, too, though you will be sure they are really friendly.

"These are the things I must tell you to do. And we must all promise each other we will do them."

"We all promise," said the other baboons, "for we wouldn't let a weaker creature suffer. No matter what the risk was to ourselves, we'd never, never, never let that happen."

"Good," said Bruce Baboon. "That is the true Baboon spirit!"

**IF SICK TODAY! TAKE NO CALOMEL**

"Dodson's Liver Tone" Straightens You Up Better Than Salivating, Dangerous Calomel and Doesn't Upset You—Don't Lose a Day's Work—Read Guarantee

I discovered a vegetable compound that does the work of dangerous, sickening calomel and I want every reader of this paper to buy a bottle for a few cents and if it doesn't straighten you up better and quicker than salivating calomel just go back to the store and get your money back.

I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your thirty feet of bowels of the sour bile and constipation poison which is clogging your system and making you feel miserable.

I guarantee that one spoonful of this harmless liquid liver medicine will relieve the headache, biliousness, coated

tongue, ague, malaria, sour stomach or any other distress caused by a torpid liver as quickly as a dose of vile, nauseating calomel, besides it will not make you sick or keep you from a day's work.

Calomel is poison—it's mercury—it attacks the bones, often causing rheumatism. Calomel is dangerous. It sickens—while my Dodson's Liver Tone is safe, pleasant and harmless. Eat anything afterwards, because it cannot salivate. Give it to the children because it doesn't upset the stomach or shock the liver. Take a spoonful tonight and wake up feeling fine and ready for a full day's work.

**A Grateful Mother writes:**

Galveston, Texas, March 12, 1920.

Anglo-American Drug Co., New York, N. Y.

Dear Friends:

I want to tell you, as well as thank you, for what your preparation has done for my baby. He was a little, cross, crying baby, awfully constipated all the time, when I started to give it to him. But now he is a big, fat baby, and I cannot speak too highly of your preparation.

I know there is nothing that can come up to Mrs. Winslow's Syrup for a baby and I feel that it was a God-sent blessing to me. I will tell any mother what it has done for my baby.

With all good wishes to you and your preparation,  
Respectfully,  
(Name on request)
