DECLARES TANLAC "IS BEST OF ALL"

St. Paul Woman Says Stomach Trouble Is Gone and She Has Gained 10 Pounds.

"Tanlac has meant health and happiness to me, and I think it has no equal," declared Mrs. Albert Kaping, highly-respected resident of 29 E. 10th St., St. Paul, Minn.

"I was so terribly run down my housework seemed like a mountain to me, and lots of times I had to give up and rest. I was nervous, weak, and had splitting headaches and awful dizzy spells. My stomach was so badly out of order almost everything I ate would sour and I suffered terribly from gas, heartburn and a distressing smothering feeling. I could not sleep nights, my back ached terribly, I lost weight till my clothes didn't fit, and was in a generally wretched condition.

"But now I get real joy out of caring for my house. Since taking Tanlac I have gained ten pounds, never have indigestion and all my aches and pains are gone. I take pleasure in recommending Tanlac."

Tanlac is for sale by all good druggists. Over 35 million bottles sold.—Advertisement.

Robe Rolls Like Shade.

Rolling like an overgrown window shade a new automobile lap robe is returned when idle by a spring into a case that serves as a foot rail.

HAIR STAYS COMBED, GLOSSY

"Hair Groom" Keeps Hair Combed—Well-Groomed.

Millions Use It—Fine for Hair!—Not Sticky, Greasy or Smelly.

A few cents buys a jar of "Hair-Groom" at any drug store. Even stubborn, unruly or shampooed hair stays combed all day in any style you like. "Hair-Groom" is a dignified combing cream which gives that natural gloss and well-groomed effect to your hair—that final touch to good dress both in business and on social occasions. Greaseless, stainless "Hair-Groom" does not show on the hair because it is absorbed by the scalp, therefore your hair remains so soft and pliable and so natural that no one can possibly tell you used it.

Small United States Towns. It has been estimated that there are about 120,000 small towns in the United States, half of them with populations of 500 or less.

HOW

HUMAN LIFE IS THROWN AWAY TO PROCURE IVORY.—The globe of ivory that is knocked about a table in a game of billiards costs, if of good quality, at least \$15. This represents its cost in money. There is, however, a far more important and formidable element in the price that has been paid for it. The billiard ball of pure ivory represents, as it lies white and glistening upon the cloth, an expenditure of human blood as well as of money.

Elephants' tusks are brought down to the African coast for the most part by caravans, generally in charge of Arabs who have been trading in the interior. Very often they have picked up slaves as well as ivory, but this phase of the matter may be left out of the account.

It is estimated that every large caravan bringing ivory to the coast has cost more than 100 human lives through fights and murders in the course of the expedition. Thirty more men are likely to have succumbed to fevers and other diseases and the fatigues of the march.

The hunting of the elephants and the capture of the ivory are very likely to have caused the death of ten men altogether. Such casualties are the rule in elephant hunting rather than the exception.

An average tusk does not furnish more than enough material for two good billiard balls. Of course, the remainder of the ivory in each tusk is made use of in other ways. A perfectly cut billiard ball requires special quality, or so-called "nerve," which is found only in one part of the tusk.

The chances are that a billiard ball of the first quality has cost at least one human life, and there is not one such ball which may not be truly said to be stained with men's blood.

TO USE IN OPERATING ROOM

How Men of Science Have Succeeded in Producing Light Which Casts No Shadow.

One of the most remarkable lamps in the world never casts a shadow. Solid pieces of wood can be placed across it, but it continues to give an absolutely clear and regular light.

This lamp is being used in surgery, in cases where a shadow would be disastrous. Another feature is that it gives 3,000 candlepower without throwing off any heat. An ordinary 100-watt bulb is used, and the whole secret lies in a wonderful series of mirrors which reflect the light and so possess its power.

In an ordinary lamp it would be impossible to obtain as much light without a great deal of heat, the absence of which is necessary in many operations.

The mirrors reflect the light around the obstruction, and unless the globe is completely covered it is impossible to produce a shadow. It is no easy task to fit the mirrors so that all reflect light onto the same spot. A minute inaccuracy would ruin the whole use of the lamp.

How Moon Is Brought Closer.

It appears that, with the aid of the world's largest telescope, not so long ago installed at the Mount Wilson observatory, the moon has been brought nearer the earth than ever before. The reflector of the great telescope measures 100 inches in diameter, or more than eight feet. The observatory in which this glass is mounted is 100 feet in height and its dome is 100 feet in diameter. The whole stands at an altitude of 6,000 feet. The photograph taken of the moon measures four feet in diameter and reveals details of the lunar surface never before seen by the human eye.

How Territory Was Acquired.

Four cents an acre was the price paid by the United States for the land which now constitutes the states of Arkansas, Missouri, Iowa, Nebraska, the Dakotas and Indian Territory, together with most of Louisiana, Oklahoma, Kansas, Wyoming, Montana, Minnesota and Colorado. It included 883,072 square miles. The purchase was made from Napoleon (who by-the-way had no right to sell it) and the Federalists who opposed the deal did so on the ground that the price was too high. Parties of explorers soon entered the newly acquired territory. The Missouri was ascended in keel boats and pirogues; and as they passed La Charette, Daniel Boone, a very old man, stood watching their difficult progress. They saw parakeets where Kansas City was to follow; and at Council Bluffs they first met the Indians, under an awning formed by the mainsail. The Ricara Indians, to their surprise, refused any gifts of whisky, an attitude in which the Mandan villages, where, in North Dakota, they spent the winter, took no part.—Exchange.

How English Babies Travel.

The motor baby-carriage has arrived; it was invented in England. Now baby can travel at four miles an hour, and there are foot rests on which the nurse can stand, scooter fashion, while she directs the course of the pram.

GRANDMOTHER KNEW

There Was Nothing So Good for Congestion and Colds as Mustard

But the old-fashioned mustard plaster burned and blistered while it acted. Get the relief and help that mustard plasters gave, without the plaster and without the blister.

Musterole does it. It is a clean, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders.

Gently massage Musterole in with the finger-tips. See how quickly it brings relief—how speedily the pain disappears.

Try Musterole for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it may prevent pneumonia). 35c and 65c, jars and tubes; hospital size, \$3.00.

Better than a mustard plaster

CHARACTER TELLS THE STORY!

People throughout this country are giving more thought to hygiene and to the purity of remedies on the market, but no one doubts the purity of Doctor Pierce's vegetable medicines, for they have been so favorably known for over fifty years that everyone knows they are just what they are claimed to be. These medicines are the result of long research by a well-known physician, R. V. Pierce, M. D., who compounded them from health-giving herbs and roots long used in sickness by the Indians. Dr. Pierce's reputation as a leading and honored citizen of Buffalo, is a sufficient guarantee for the purity of that splendid tonic and blood purifier, the Golden Medical Discovery, and the equally fine nerve tonic and system builder for women's ailments, Dr. Pierce's Favorite Prescription. Send 10c. for trial pkc. tablets to Dr. Pierce's Invalids Hotel, Buffalo, N.Y.

Winter Find You Tired and Achy?

DOES winter find you miserable with an aching back? Do you get up lame and stiff—lag through the day tired, weak and depressed? Do you know why you are so run down?

There's good reason for your condition and likely it's weak kidneys. Winter's colds and chills throw a heavy burden on the kidneys. The kidneys fall behind and poisons accumulate. It's little wonder, then, that you suffer backache, rheumatic pains, headaches, dizziness and bladder irregularities.

Don't risk serious kidney disease. Use Doan's Kidney Pills before it is too late. Doan's have helped thousands and should help you. Ask your neighbor!

"Use Doan's," Say These Good Folks:

Joseph Eason, carpenter, Smithfield, N. C., says: "My kidneys got out of order, caused by a cold settling in the small of my back. Lumbago set in and my back was so lame I could hardly bend over to pick up any of my tools. I was all played out and too frequent action of my kidneys made me get up during the night to pass the kidney secretions. I began using Doan's Kidney Pills. One box put my kidneys in good order and relieved all the other symptoms of kidney complaint."

Mrs. H. B. Russ, 121 Depot St., Cheraw, S. C., says: "I caught cold and it gave me a severe backache and settled in my kidneys. I had pains through my kidneys all the time. Dizzy spells often came over me and many a time I thought I would fall. I had a tired feeling and my kidneys acted irregularly. I heard of Doan's Kidney Pills and took two boxes. After I had finished the second box I was entirely cured of all the kidney trouble."

DOAN'S KIDNEY PILLS
At All Dealers, 60c a Box. Foster-Milburn Co., Mfg. Chem., Buffalo, N. Y.

For Forgetful Correspondents. Australia is experimenting with a system whereby radio messages are sent to mail steamers that have left port, on which they are written and mailed as letters at any port of call.
