Buick Authorized Service

A Valuable "Part" of Every Buick

Equally important with the universally admired performance ability of Buick cars is Buick Authorized Service.

The insurance that the nation-wide Buick Authorized Service system provides for every Buick owner increases the confidence that comes through testing Buick dependability in every kind of motoring.

Buick Authorized Service of the same uniformly high standard, no matter where it is found, has resulted in conviction on the part of automobile owners that Buick Authorized Service is in itself a valued part of the Buicks they purchase.

DESCRIPTION.
14 KARAT GOLD PEN, tipped with genuine, hard native (Russian) iridium, smoothly ground and polished, provides perfect, long-lasting writing qualities. Pen Barrels are of very best grade Para rubber, handsomely chased. Self-filling device automatically cleans the pen at the same time it fills it, thus insuring instant writing at all times. Screw cap makes leaking impossible. FULL STANDARD SIZE has nickel silver clip on cap to hold pen firmly in pocket when not in use. LADIES' SIZE, has gold ring affixed to end, instead of pocket clip.

For the next 30 days we are making the liberal offer to give one of these ladies' pens to the girl or young woman who will send us four new subscribers to the paper, either The Record or The Herald. Or to the boy or young man who will get the same number of subscribers we will give one of the men's pens.

This offer is good for four subscribers and they may be sent in—one subscriber for one paper and three to the other or two to one and two to the other or all for one paper, thus making it easier for the solicitor to get the list. Send all the subscribers at one time and tell us they are sent for one of the pens.

Promptly upon receipt of the \$6.00 we will forward by prepaid insured mail the pen asked for—men's or ladies' size.

This is the most liberal offer ever made by a newspaper in North Carolina. The pen is equal to the \$5.00 fountain pens on sale anywhere and satisfaction is guaranteed. It is a beauty and you will be proud of it. Address:

JUNGLE LAW.

A young boy, son of a prominent citizen of Atlanta, was set upon and beaten almost to the point of death by a man 28 years of age, for no other reason than that the assailant took offense at an alleged minor breach of the unwritten traffic rules, committed he said, by the lad.

The victim of the assault, suffered from a broken jawbone and may lose the sight of one eye as the result of the beating he received.

In municipal court the defendant admitted the assault, telling the judge that he had followed and attacked the boy because the latter, who was driving an automobile, had "violated the ethics of the road" by "cutting across" in front of his car in a traffic jam.

It is fortunate that the alleged miscreant is in the hands of the law—that he is where his case can be passed upon by a jury.

Let us hope that this case will afford a demonstration of the fact that it is not safe for any man to undertake to administer cave-man punishment for grievances, either real or imaginary.

If the boy had violated the laws governing traffic on the streets the injured party had his remedy in recourse to the authorities of law.

But his remedy certainly did not lie in brutal violence.

If this sort of thing is permitted to pass unnoticed by the forces of the law, the life of no citizen would be safe on the public thoroughfares and it would not be long until street traffic would be governed according to the rules of the jungle.

Opinion Field by Joe Many.

"Something ought to be done about everything," said an ironic philosopher. But what accounts for so many thinking they are Hamlets and exclaiming with him: "The time is out of joint. O, cursed spite, that I was born to set it right."
