Low Cost—Comfortable Motoring

This Buick four cylinder, five passenger touring car affords dependable, comfortable motoring for every occasion.

Improvements in the design of both the chassis and the famous Buick Valve-in-Head engine have contributed further to the well known Buick qualities of dependability and economy. Innovations in equipment have provided comforts in the open model that approximate those found in much more expensive closed cars.

For instance, with the Buick designed storm curtains, reinforced by the Buick weather strip, closed car coziness in bad weather has been closely approximated. A signal pocket for the driver, complete instrument board, transmission lock and many other conveniences are features every motorist appreciates.

Big Sales and Satisfied Users of the Full Standard Size Special Sanford Pen which was but recently introduced have prompted the makers to produce this same high quality pen in Special Ladies' Size also. Both models are the most practical, durable and easy-writing Self-filling Leak-proof fountain pens ever produced at the price—made possible only by quantity production. Remember, there is only One standard of Sanford Quality, which has been fully recognized by the trade for nearly 25 years.

DESCRIPTION.

14 KARAT GOLD PEN, tipped with genuine, hard native (Russian) iridium, smoothly ground and polished, provides perfect, long-lasting writing qualities. Pen Barrels are of very best grade Para rubber, handsomely chased. Self-filling device automatically cleans the pen at the same time it fills it, thus insuring instant writing at all times. Screw cap makes leaking impossible. FULL STANDARD SIZE has nickel silver clip on cap to hold pen firmly in pocket when not in use. LADIES' SIZE, has gold ring affixed to end, instead of pocket clip.

For the next 30 days we are making the liberal offer to give one of these ladies' pens to the girl or young woman who will send us four new subscribers to the paper, either The Record or The Herald. Or to the boy or young man who will get the same number of subscribers we will give one of the men's pens.

This offer is good for four subscribers and they may be sent in—one subscriber for one paper and three to the other or two to one and two to the other — or all for one paper, thus making it easier for the solicitor to get the list. Send all the subscribers at one time and tell us they are sent for one of the pens.

Promptly upon receipt of the \$6.00 we will forward by prepaid insured mail the pen asked for—men's or ladies' size.

This is the most liberal offer ever made by a newspaper in North Carolina. The pen is equal to the \$5.00 fountain pens on sale anywhere and satisfaction is guaranteed. It is a beauty and you will be proud of it. Address:

Passengers From Bermuda Given Surprise.

New York, April 10.—When the steamship Aradagays arrived today from Bermuda, 75 passengers, each were armed with a quart of liquor.

When customs guards began collecting the bottles, the tourists murmured "for medicinal purposes," and produced newspaper clippings of recent date stating that Thomas W. Whittle, surveyor of the port, had ruled a quart was admissible with invalids.

The voyagers' faces fell when they were informed the local customs ruling had been cancelled by Washington while they were steaming up the coast.

Bomb Wrecks Office Ku Klux Paper.

Chicago, April 10.—Explosion of a bomb wrecked the publication of the Dawn, a Ku Klux Klan organ, last week. Twenty minutes later another bomb partly damaged the office of F. W. Gilliland, a roofer, who said he had advertised in the Klan publication. The two explosions, police said, probably were set off by the same person.

Soon after the bombing police telephoned advertisers of the Dawn to warn them of possible bombing.

Edwin J. Parke, publisher of Dawn, said he had been receiving threatening letters. "Only two days ago I received a telephone call warning me that my printing establishment and my home would be blown up," he said.

Police were assigned to guard Parke's home.

J. T. OLIVE WRITES AGAIN.

I want to write this time on the subject of repentance and remission of sins, and we all know that those two things have to be had before we can enter heaven. What a glorious gift it is of God to give us those great blessings and how good it is to feel God's love in our souls, and that we have complied with God's commands. I would that if He was to call us we feel that be ready to go, and that thru repentance and remission of sins we are ready to go when He does call. Although the world persecutes us and says all Christians sin, does not Jesus plainly say that a good tree cannot bring forth corrupt fruit, I Matt. 7 and 18.

Therefore, they complied with the offered terms of the gospel and repented and been redeemed through Jesus' blood. He is then a stranger to the world and the world hates for he has repented. God has given him the remission of sins. My brethren in Christ, do you not feel, therefore that holy feeling of God's love that dwells in your heart?

If you do not for the Lord's sake do, and then you will know what religion is. Then you will have repented of your sins and God will write your name in the Lamb's book of life. Then the world will hate and persecute you like it did Jesus before you. But nevertheless, we love sinners' souls but we must not love their ways nor take up with them. Now their way is sin, such as baseball, gambling, cursing by words and filthy talk. Christians must not even put their tongues upon, Eph. 4-5.

What repentance and remission of sins will do for anyone and, those sinners will hate us and say we all sin, we must prove what the Bible says, for we are Jesus Christ's witnesses for him. How can we witness for Him and at the same time witness against him?

Dear people, they that have repented and have had the remission of sins, are not living such lives as that, for by their fruits you shall know them. Neither will they love the fullest fashions of the world for we well know they are wrong. Fine chains, rings, short dresses, split bosoms, short sleeves and the like. I say thru faith in Christ that is not religion and those who do such things do them because they love such things more than they love God and such fruits are not good fruits and they know it. Such fruit is not even the sign of religion. My prayer is that God will convince them and show them what a mess they are in.

May God bless their precious souls and show them what they are doing before they reach eternal destruction and they may be saved for whom Christ died. To think how it will be with all sinners and all liars and hypocrites, weeping and wailing and gnashing of teeth.

I am hoping and praying to God that He will use these few words to His glory and the saving of His poor lost souls and His blessings on all.

I remain your servant in Christ,
Pittsboro, Rt. 2. J. T. OLIVE.

Former Chathamite Marries

Carolina Banner, April 6.

Mr. Raymond Rose Knight and Miss Audrey May Maze were united in marriage Tuesday afternoon at the home of Mr. and Mrs. Frank Clegg on Green street, Rev. L. B. Jones officiating and using the impressive ring ceremony. The house was prettily decorated, jonquils being used in profusion. There were only a few intimate friends and relatives present, the marriage being in the nature of a surprise, so well were the plans kept secret. W. A. White, the best man, was the only attendant.

The bride, who was Miss May Maze, a popular young lady of Clarksburg, W. Va., has been the guest of relatives in Southern Pines for several months, was attired in a blue satin dress overlaid with black lace. She wore a corsage of sweet peas and lilies of the valley. She is a graduate nurse.

Mr. Knight, who is a native of Chatham county, holds a responsible position with the Dillon Supply Company, of Raleigh, making Sanford his headquarters. He is one of the most popular young men in Sanford and has many warm friends.

Immediately after the ceremony Mr. and Mrs. Knight left for Clarksburg, W. Va., where they will visit the home of Mrs. Knight.

Says Potatoes Did It.

New York, April 10.—This is a tale of the lowly spud.

Boiled and salted it formed the early diet of Miss Alma Cummings, of San Antonio, Tex.

Mashed and salted it carried her through the perils of Texas ranch life.

Baked and salted it sustained her in New York where recently she danced continuously for 27 hours and established a record for long distance dancing.

During the time that she was establishing her record Miss Cummings exhausted one band, two talking machines, 12 dance records, one pair of shoes and eight partners.

The first of her partners danced for seven hours and then fainted. The second danced for five hours and a half and then excused himself as it was Sunday morning and he was anxious to go to church. One by one six other partners took their places only to retire wan and defeated.
