

# Notice to Taxpayers

While you have an opportunity to list your property with your local list taker we urge that you sacrifice a bit of your time to have your property listed correctly. The list takers of the various townships are more than anxious to get a complete and accurate list of all the property in the county upon the tax books. Don't fail to list your property with the local list taker.

If you should fail to list your property it will debar you from complaint before the Board, and according to law, you will be liable to double tax. The county commissioners have appointed the first Tuesday in July to hear all complaints from tax payers who think their property valued too high. Anyone failing to make this complaint on this date will not be allowed any adjustment of his valuation for the year 1923.

Township books will be closed after Saturday, June the 9th. Don't fail to attend to this at once.

Done by order of the County Commissions.

## CARRIED A SMALL MENAGERIE.

**Carolina Banner.**  
Some curious sights are seen on the tourist cars going north from Florida, but one Ford passing through Tuesday morning had the queerest mixture of any yet noticed. It was a Ford touring car and had evidently seen many better days. Riding on a front seat were a man and woman, while piled in the rear was a tent, beddings, etc., on top of which lay a man and a puppy dog. Outside, on the running board were strapped two cages, one with a small alligator, perhaps fourteen inches in length, and in the other one was the largest specimen of bobcat ever seen by the writer. The bobcat was captured in the Florida everglades, and the tourists were taking it to New York. It was given a large chunk of meat here and seemed to enjoy it very much. The bobcat attracted much attention, but did not seem to be in the least afraid of anything.
