

A story that was very popular with the army in France. A negro who was "beating it" for the back areas was fast as a white officer. "Don't delay me," said the negro. "It's gotta be sub," said the officer. "Boy," replied the officer, "do you know who I am? I am a general." "Go on, white man, you ain't no general." "I certainly am," insisted the officer angrily. "Lordy!" exclaimed the negro taking a second look. "You sure is; I musta been traveling some, 'cause I didn't think I'd get back that far yet"—Ottawa Evening Citizen.

Severe Indigestion

"I had very severe attacks of indigestion," writes Mr. M. H. Wade, a farmer, of R. F. D. 1, Weir, Miss. "I would suffer for months at a time. All I dared eat was a little bread and butter... consequently I suffered from weakness. I would try to eat, then the terrible suffering in my stomach! I took medicines, but did not get any better. The druggist recommended

Thedford's BLACK-DRAUGHT

and I decided to try it, for, as I say, I had tried others for two or more years without any improvement in my health. I soon found the Black-Draught was acting on my liver and easing the terrible pain. "In two or three weeks, I found I could go back to eating. I only weighed 123. Now I weigh 147—eat anything I want to, and by taking Black-Draught I do not suffer." Have you tried Thedford's Black-Draught? If not, do so today. Over 8 million packages sold, a year. At dealers?

NEWS FROM BRICKHAVEN.

Brickhaven, June 18.—Messrs. Seawell and Hannon spent the week-end near Carthage.

Mr. and Mrs. A. A. Marks, accompanied by Miss Annie Utley, Mrs. R. H. Overby and little Beth Overby, motored to Olivia Saturday. Miss Kate Marks came back with them and spent the week-end here with relatives.

Miss Gail Mims, of Corinth, spent a while this week here with her sister, Mrs. Avery Marks.

Mr. E. O. Lawrence, Mrs. A. R. Lawrence, Mrs. J. W. Utley and little Forrest and Pauline Lawrence were week-end guests of Mrs. Emma Johnson at Morrisville.

Mr. June Hackney was a week-end visitor here.

A meeting of the Chautauqua committee is called this week. Let everyone who is interested in bringing something worthwhile to the community be present at this meeting.

It may seem to some that grumbling or rather criticism concerning the road leading from here out to the highway is rather uncalled for now. When the road is in fairly good condition but the time to lock the stable is before the horse is stolen, and we do not care for a repetition of the past winter's experience for in one sense of the word this was an isolated section of country. Cars could not run and sometimes for several days those that were carried out were stuck stationary, as it were. Now we are hoping to have a truck on this line next winter to convey pupils to the high school at Moncure. If the roads are not looked after and put in condition there will be weeks where it will be impossible for the truck to run. We venture to state that, taking everything into consideration, this section of the county pays more taxes than any part of the county and it does seem like poor return when the road is in such condition as to block traffic. Sometimes patience and long suffering cease to be a virtue and if we are to have to put up with the shut-in proposition another winter it seems that a petition signed by every citizen from this section and put before the next legislature would not be amiss. If we can't get a road then perhaps a neighboring county might be prevailed upon to lend a hand.

Mrs. Lee Rich and little Dorothy Rich, of Rocky Mount, are spending two weeks at the Boylan ranch with Mr. Rich. The latter is an employee of the Phoenix Utility Co.

Quite a number of the people from this community will take the typhoid vaccination which is being given at Moncure on Saturday from 10 a. m. until 12 m. The hours are rather inconvenient for many and some who wished to take the vaccine were unable to do so.

The game with the Phoenix boys Saturday was a close one but it was decidedly an interesting one. The score was tied in the 9th inning and the 11th inning ended with the score 4 to 5 in favor of the Brickhaven team.

Some chaps virtuously quote "biting the hand that feeds him," then go out and kick the old sow, that not only "keeps the pot boiling," but also keeps something in it.

Dr. Carl Taylor might put it: What it costs you to feed them wrong is the difference between the net returns from doing it right and doing it the way you do.

NORTH CAROLINA EVENTS.

News in Concise Form For The Busy Reader.

Salisbury.—A number of local business men are holding conferences and planning to take over the Peoples National bank which closed here.

Washington.—Eleven elementary school pupils won State prizes for North Carolina in the last national safety campaign, according to an announcement today by the Highway Extension Board. These tokens, checks and medals, have been sent State superintendent Brooks for presentation.

Greensboro.—It was lack of enough to eat that caused a "strike" of Guilford county convicts at the High Point camp, W. C. Jones, county commissioner having jurisdiction over that camp, stated. There were rations in plenty sent the camp, but the convicts were not getting them. The cook was a thief.

Hickory.—City council passed on second and final reading an ordinance submitted by the electorate of Hickory the question of issuing \$300,000 in bonds to erect a high school building on the large tract of land recently given to the city by the trustees of Claremont college. The election was called for Tuesday, July 31.

Fayetteville.—That the present guards at the convict camp in Cedar Creek township be removed and "humane men put in their places" that more constant and efficient medical attention be given all county prisoners, and that Cumberland county build a new and modern jail at once, are among the suggestions urgently pressed upon the local board of commissioners.

Fayetteville.—Gus and Mann Pate, well known young farmers of Gray's Creek township, charged with killing George Marsh, negro preacher and farm hand, wounding W. B. Coates, wealthy land owner, in a pistol battle that followed the Pates' refusal to allow Coates to enter their barn, were freed by a coroner's jury.

Walnut Cove.—Ledlow Joyce, negro, the oldest man in Stokes county, and doubtless the oldest man in the entire State, if his age is correctly surmised, was buried recently. Reports have fixed his age at 128 years, it having been generally said that he was born in 1795. Whatever his correct age, certainly he was very old.

Morehead City.—Secretary E. L. Middleton of Raleigh, who recently visited this city with a view to arranging all the details at this end of the line of the Baptist Seaside assembly which is to convene June 24 to July 1.

Chapel Hill.—The University summer school started this week.

Wilson.—A few days ago Jesse Ward, janitor at the Wilson negro graded school, his wife and six children became nauseated and began to vomit after eating heartily of poisoned cabbage and soon the old man died in agony. Another member of the family died, two are out of danger and four have been removed to a hospital.

Raleigh.—Selection of Dr. B. W. Kilgore as dean of the agricultural department of State college and the consolidation of agricultural experiment and extension work under the college was recommended at a meeting of a joint committee from the State college and the department of agriculture, with Governor Morrison.

WORTH CONSIDERING.

The farmers must be organized to have complete control over all the business connected with their industry. Dual control is intolerable. Agriculture will never be in a satisfactory condition if the farmer is relegated to the position of a manual worker on his land; if he is denied the right of a manufacturer to buy the raw materials of his industry or trade terms; if other people are to deal with his raw materials, his milk, his cream, fruit, vegetables, livestock, grain, and other produce; and if these capitalist middle-agencies are to manufacture the farmers' raw material into butter, bacon, or whatever else are to do all the marketing and export paying farmers what they please on the one hand and charging the public as much as they can on the other hand.—Geo. W. Russel, in "The National Being."
