BELL'S COMMUNITY NEWS.

Apex, Rt. 4, June 19.—Mrs. A. J. Hinton is spending the week-end in Durham with relatives.
Miss Jessie Horton has returned home after spending some time in Durham with friends and relatives.

Miss Doris Mills, of Vass, is spending some time with friends and relatives.

Miss Hetter Mae Jenkins entertained a host of her friends at her home Saturday night.

Mr. Elbert A. Herndon, of Raleigh, spent the week-end with his brother, Mr. D. Herndon.

Misses Minnie Wilson and Lila Upchurch were Sunday afternoon guests of Misses Grady and Hassie Lou Johnson.

Mrs. P. G. Farrar and little daughter, Mary, and Jane Moore, who have been visiting relatives at Sanford, have returned home.

Mr. A. J. Wilson has accepted a position as guarding, near Pittsboro.

A good many people of the community are taking the typhoid treatment at Dr. Upchurch's home and are getting along nicely.

Mr. and Mrs. J. M. Melton and children visited in the home of Mr. and Mrs. D. H. Herndon Sunday.

Miss Coza Overton is expecting to go to Durham sometime soon to spend a few days with her sister, Mrs. Maggie Birch.

Rev. Will Hurst, of Mandale, is spending the week-end in the community, working towards building a new Sunday school room to the church. So may we all as members of Bell's church, have a mind to work towards the upbuilding of the church as well as the community. We are hoping and are not expecting anything more than to have a grand success with our leader and the help of others we shall succeed.

On Saturday night, June 30, at 8 o'clock, the high school department of Bell's school will give a play, "A Daughter of the Desert" also will serve ice cream and other refreshments. Everybody is invited.

Judge Gary doubtless was thinking more about the steel trust melting-pots than about the American one when he urged more immigration.—Beliot News.

SELF-WOODY.

A very pretty wedding which will be of much interest throughout the community took place last Thursday afternoon at 3:30 o'clock at the home of Mr. and Mrs. B. D. Woody, Pittsboro, Rt. 2, when their daughter, Lela Mabel, became the bride of Mr. Mathis I. Self, in the presence of relatives and intimate friends.

Rev. G. W. Holmes, pastor of the couple, performed the ceremony. The home was beautifully decorated with Queen Anne's lace and ferns.

The bride wore a becoming dress of dark blue Canton crepe with blue hat and accessories to match.

Mrs. Self is a beautiful and attractive young woman possessing rare charm of personality. She made her home with her parents on Pittsboro, route 2, where she has many friends.

Mr. Self is the son of Mr. and Mrs. I. E. Self, of Siler City, route 4, and is a most excellent young man.

Immediately after the ceremony Mr. and Mrs. Self went by automobile to Raleigh where they took the east-bound train and will spend their honeymoon at Wrightsville beach. Mr. and Mrs. Self will return to Mr. Self's home Saturday where a beautiful supper is being prepared for their coming and will be served in the midst of many relatives and friends.

Soldiers Give Help.

Topeka, Kan., June 25.—American Legion members in southern Kansas found themselves back in the service during the recent floods which destroyed many lives, made thousands homeless and caused property loss of several million dollars in this State.

Led by their post commanders, the legion men mobilized for duty in aiding flood victims, strengthening dikes and dams and patrolling the water-swept areas. Hundreds of legion members assisted in preventing breaks in the dikes at Wichita while other legionnaires were on patrol duty in Arkansas City and Winfield, the cities hardest hit, where flood damage was estimated at more than \$4,000,000.

A baseball is a thing made of horsehide and string which shows horse sense in dodging a bat.

BUILD A HOME NOW!

Ford's Generosity.

Detroit, June 25.—More than 50 disabled veterans of the World War already have taken advantage of Henry Ford's recent offer of free hospitalization in the big Ford hospital at Detroit. All veterans are admitted as private patients, and are treated on the same basis.

Arrangements for opening the hospital services free of charge to all disabled veterans of Michigan needing treatment were made a few weeks ago at a meeting between Alvin Owsley, national commander of the American Legion; Henry Ford, Edsel B. Ford and Dr. Robt. B. Harkness, legion state commander.

Treatment in the Ford hospital also will be provided in extreme cases of destitute families of former service men, their children needing hospitalization, when designated by legion headquarters in Detroit.

TO USE STEAM THIS SUMMER.

(Southern Pines, June 23.—The increasing demands for power from the Sandhill Power Co., has resulted in a deal with the Pinehurst steam power plant, which has no other use in the summer, to supply the power company with steam while the water in the rivers is low. This will make available a large amount of power whenever it is needed during the summer and fall. The power company is already starting its big new power plant of 1,200 horsepower at Coal Glen on Deep River at the Carolina Coal company's mines, which will be ready for use in the winter when the resort towns begin to call for increased power.

Agreed Upon By Whom?

Children and Charity.
The Charlotte Observer man in conversation with a lawyer from the Second District was told that Hon. Claude Kitchin's successor "had already been agreed upon." Agreed upon by whom? Do a few lawyers rule the roost in the Second District and order the voters to do their bidding? The primaries are supposed to settle questions of this kind, not a few so-called "leaders" in the back office.

NORTH CAROLINA EVENING

News in Concise Form For Busy Reader.

Selma.—The Southern and Atlantic Coast Line Railroads have agreed on plans for the new union passenger station. Work will begin at once, it is said.

Pilot Mountain.—Rev. G. O. and wife, were summoned to Pilot Key, who was critically ill. They remained with him until his death.

Murphy.—The Cherokee Scout, a tumor weighing 13 pounds was recently cut from the side of Mrs. F. Cunningham by Dr. Kimsey. Dr. Kimsey said the tumor was the largest tumor ever seen.

Raleigh.—The bank of Cerro Gordo was closed Friday by Chief Examiner Latham. Depositors will be paid from loss, it is stated, but no announcement has been made as to condition of the bank.

Salisbury.—Baxter Shemwell, noted for his clashes with law in North Carolina, was arrested in the lobby of the Yackin hotel day by Sheriff J. H. Krider and deputy Sheriffs J. W. Kesler and Rankin and was taken to Lexington and put in the Davidson county jail.

Wilson.—P. D. Grady, a leading attorney of Kenly left for Texas to after the interests of the prospective heirs of the late Jesse Johnson, formerly of Wilson county—who died without leaving a will, ceased, it is claimed at the time of his demise, besides owning three oil wells near Izora, Texas, miles northwest of Galveston, an estate estimated at \$7,000. There are 28 heirs.

Statesville.—An ancient piano, sibly the oldest in America, was accidentally discovered in Statesville recently. The discovery was made in the basement of a negro's house, a local relic hunter who was looking an antiquated specimen of a famous brand of piano. The piano brought from Prussia in 1774.

Convincing Evidence Ability Case Tractor

Will you soon be ready to break your stubble land for peas and beans, also for wheat crop? A Case Tractor will do it right for you when teams cannot, break it faster, deeper, cheaper and better. Read what some of the people say about the Case, something of what they will do. One man says they will pull anything that is not fastened to the earth. Another man that owns a Case says it is just as essential for him to have his tractor plow and harrow on his farm as the cook stove or sewing machine in the house and imagine their importance when you want eatables or something to wear.

Read What the Users of the Case Machines Say:

The Best Farm Tractor.

I bought a Case 12-20 a year ago, it has been a wonderful help to me in preparing land, especially to get cotton land in good shape in good time. I believe they are the best farm tractor at all.

AMBROSE WOODY,
Pittsboro, N. C. Rt. 2.

Saves Hand Work.

I used a Case 15-27 tractor in road building over a year. It stood up under rough and hard work well and paid for itself over and over again. It did more work in one year and had more abuse than it ever ought to have on a farm. I know it to be a practical tractor for farm work. It is the kind I want.

L. D. JOHNSON,
Rt. 1, Cumcock, N. C.

Mind Entirely Changed.

I have been like most farmers, thought a tractor would not pay if a man had stock, my mind has entirely changed. I had a grass sod, been pastured, it was dry and hard, just could not plow it with a team. I got a Case Tractor and it broke the land, road up hill and down, and harrowed it to good seed bed, as well as to drag off several big rocks that had always been in the way, one weighed about 5,000 pounds. I am convinced that Case Tractors are the thing for the farm. I am not going to try to farm without one. Most of the above work was done by a 14 year old boy. Any farmer that has or rents lands cannot afford to be without and I believe the only reason that many do is because they do not know the value of them.

P. M. CONNELL,
Rt. 1, Pittsboro, N. C.

Thinks They are the Best.

I have used a Case 10-18 tractor for four years and it's service was good, did lots of work besides on my farm and was running good when I exchanged it to Mr. H. A. Bynum for a new Case 15-27. If I did not think them the best I would not have gotten the second one. I unhesitatingly recommend Case Tractors to any one wanting a good tractor. I believe them to be the best made. Am in the market now for a Case Boiler.

S. T. JOHNSON,
Evans, N. C.

Work Where Mules Can't.

I had about 15 acres of good land I wanted to sow in millet with two good mules and new point on two-horse plow we could not plow at all. Case Tractor broke into the clay, it certainly saved my mules and some mighty hard work for men. I can see no reason for a farmer putting off buying one of these tractors to prepare land. They certainly will work where and when mules cannot.

JOE T. BLAND,
Pittsboro, N. C.

Farm is in Better Shape.

I have used a Case 15-27 for two years and do say that when it comes to preparing land good and on time teams are not in it at all. I have had more time to work outside for other people this year than I ever have had before in all my farming experience and my farm is in better shape than ever before and all because of Case Tractor. I unhesitatingly say that the longer a man puts off buying the longer her will be in getting his farm in A 1 condition.

COOPER HARRIS,
Rt. 3, Pittsboro, N. C.

The Kind He Wants.

I have used a Case tractor plow and harrow four years and always make a good crop when land is prepared with it. It does save hard work on stock and men on my low grounds.

E. F. BALDWIN,
Apex, N. C. Route 4.

Should Convince Anyone.

Mr. Bynum:—I got a 12-20 Case Tractor from you last winter—it was hard for me to decide to get one but I am convinced that they are a good investment. I have just moved to this farm, I left five good mules and horses at my other place and three men notwithstanding the fact that my health has been very poor I have prepared this farm alone better than the three men and five horses did my other, and tractor helped them on sixteen acres besides I have done enough outside in exchange with neighbors to pay them to come and help me plant mine. My crop is under control and in excellent shape so I can handle it all now by myself with a riding cultivator. This seems to me should be convincing to anyone that a tractor is profitable on the farm. You may use this letter in any way you see fit and refer anyone to me you like as to quality and quantity of work a Case tractor will do.

Wishing you much success in sales as you deserve, I am,
Yours very truly,

G. L. BYNUM,
Rt. 2, Moncure, N. C.

P. S.—Will also state that I believe if every farmer in Chatham county had Case tractor and used it as they should, our county would soon lead any county in the State.

H. A. Bynum, at Pittsboro, N. C., will sell you anything in Case line. Steam Engines, Tractors, Plows, Harrows, Hay Balers, Silo Fillers, Road Machines, Rock Crushers and the best of automobiles. Write or call

H. A. BYNUM, Pittsboro, N. C.
