

**CHIROPRACTIC**  
Gets You Well and Keeps You Well.

**HERE'S THE PROOF**

READ WHAT OTHERS SAY:

Writes G. H. King:

I was taken with Neuritis in my right arm and shoulder about August 1, 1921. I immediately consulted a specialist and he told me to stay in bed for three months at least. He told me that the only thing that would cure me was a complete rest and time. I went to bed and was in bed about a week when one of my friends advised me to get Dr. Hodgins, the Chiropractor, which I did. After the first adjustment I saw a change. After two weeks of adjustments I am back in my office on the job. I don't feel like I can say enough for Chiropractic.  
Signed G. H. KING.

Writes Mrs. Hayes:

I have taken Chiropractic Adjustments from Dr. Hodgins at Asheboro, and I know he has helped me a great deal. My back ache has entirely gone, and my general health is a hundred per cent better than it was before I started the treatment. My daughter has also taken the treatment and has gotten wonderful results from it. I gladly endorse Chiropractic.  
Mrs. E. P. HAYES.  
Randleman, N. C.

Writes C. G. Somers:

I suffered with pains in my arm and shoulder, it hurt so bad at times I couldn't throw a baseball without causing great pain. Just six Chiropractic adjustments from Dr. Hodgins cured it entirely.  
C. G. SOMERS.  
Asheboro, N. C.

Writes T. J. Beane:

To Whom it may concern: This is to certify that my wife and I have both taken Chiropractic Adjustments from Dr. Hodgins, at Asheboro, and both of us have received a great benefit from it. I think the science of Chiropractic is the coming thing.  
T. J. BEANE.  
Seagrove, N. C.

Writes M. G. Lovett:

I wish to say that Dr. Hodgins, the Chiropractor, has helped my nasal catarrh a great deal. I had tried many things prior to Chiropractic and found no relief in any. I only wish I had started taking the Adjustments before I did. I also wish to say that my wife has been benefitted through Chiropractic.  
M. G. LOVETT.  
Asheboro, N. C.

Writes Geo. T. Macon:

I was suffering with stomach trouble, general nervousness and couldn't sleep at night. I went to work every morning for a long time without any breakfast, simply because my stomach was so weak. I thought I never would be well again but thanks to Chiropractic I am. I took just 24 Adjustments from Dr. Hodgins at Asheboro. I sleep now just like a baby and eat anything that I want to.

**QUERY DEPARTMENT.**  
Answers by John

When was Raleigh first settled? Answer to settle a question. G.M.  
Ans—Raleigh was settled just after the debate over the \$5,000,000 deficit was discovered.

Who hit Billie Patterson. Was there a man named Billie Patterson? S.J.  
Ans—Yes, Billie lived several years ago, and was struck by a Ford car while crossing a street in Siler City, where he lived and drank his liquor.

Why is it said that the good die young? Miss Mary J.  
Ans—The good die young because they cannot live any longer, we expect. But statistics say they are taken away from earth to keep them from joining the republican or the democratic parties, and from holding office.

My feet are full of corns. What can I do to get rid of them? Mrs. C.J.C.  
Ans—The doctor who has charge of the sick people's department of The Record says that the hair of a dog is good for the bite. That being true, I advise you to pull out the corns, distill them into liquor and drink the liquor. You need not do that if you do not like liquor. Keep the corns.

A small sore or pimple comes on the end of my tongue every few days. Can you tell me what causes it, and is it dangerous? Mrs. J.B.  
Ans—Madam, if a sore kept coming on my tongue, as you say it does on yours, I believe I'd make my will, if I had anything to leave, pay all my debts, and get ready to join the big army. Some people who do not tell the truth often have sore tongues.

**THE COTTON CROP IS GOOD.**

Report From Thirty-Eight Counties—Bertie Leads All.

Raleigh, August 18.—Reports received by the Field Service Department of the North Carolina Cotton Growers Cooperative Association from 413 local secretaries show the average condition of the cotton crop in 38 counties to be 76.4 per cent of a full crop. The average weather damage is set at 8.3 per cent. Average boll weevil damage at 7.3 per cent. Fourteen counties report a boll weevil damage of 10 per cent or more with greatest damage reported by Stanly county. Warren, Northampton, Hertford, Halifax, Franklin, Edgecomb and Bertie report no damage from the weevil.  
Franklin reports the heaviest damage from weather conditions. Bertie is the only county to report a full crop in prospect. The average condition of the crop as reported by the United States crop-reporting service for the same period is 82 per cent of a full crop.

**WE HAVE OLD CLOTHES TODAY.**

The following letter speaks for itself:  
"Editor Shaw, The Record, Pittsboro N. C.  
Dear Sir:—Will you kindly advise some one interested in purchase of old rags to come through our community. A god many house-keepers would appreciate getting rid of old clothing that's no good for keeping around. No one has been through here in three or four years.  
Yours truly, T. V. CRUMP.

**THE COLORED GRADED SCHOOL.**

Pittsboro Has Secured The Services of Prof. Chas. Hunter as Principal.

The new negro graded school in Pittsboro is nearing completion and will be in readiness for the ensuing session which will begin about October 1st.

Charles N. Hunter, one of the well known negro educators of the state, has been elected principal. He has had long and successful experience in educational work in the Raleigh schools and The Berry O'Kelly Teacher Training and Industrial School at Method, Wake county. He was the founder and for eight years the principal of the latter school, quitting in 1917 to enter the war work.

For three years Prof. Hunter held a responsible position in the Norfolk Navy yard, taking an honorable discharge with commendation in 1921. He comes to Chatham bearing flattering testimonials from many of the most prominent citizens of the state white and colored, and announces his purpose to put forth every effort to make the negro school in Pittsboro a distinct asset to the whole community.

Prof. Hunter is a stong advocate of industrial training in coordination with the intellectual and hopes to inaugurate the Teacher Training and manual labor features in connection with his work. Many of the counties have County Training Schools for negroes, that are doing the work in an admirable way. Chatham county can have such a school and should have.

Why not a County Training School at Pittsboro? It would mean much for the town financially and morally.

The other members of the faculty, to be associated with Prof. Hunter are as follows:

- Annie C. Harte, Oxford, N. C.
  - Mamie Pace, Oxford, N. C.
  - Evangeline D. Bryant, Raleigh, N.C.
- The colored school under the leadership of these efficient teachers, and more especially that of Hunter, will advance more rapidly than ever before. The associate editor, Mr. Brown, has known Charlie Hunter since he was a small boy and he can vouch for the fact that he is an honorable negro, full of ambition and a leader among his race for greater achievements and a higher moral standard of living. Pittsboro is fortunate to have him here as a resident.

**MONEY!**

**What Is It Worth?**

To the man who hides it away somewhere in the house—it's worth the same at the end of the year as it was at the beginning, plus a lot of worry over its safety.

**To the Man Who Puts It In the Bank**

it's worth what it was when he put it in, plus the good liberal interest earned by deposits

**In This Strong Bank**

the comfortable feeling that goes with a bank balance—and the satisfaction that comes with knowing that his money is helping to make his home town and county prosperous, for himself and neighbors.
