**WE NEVER KNOW.**

Last week when Joe Davis, a colored youth, was brought over from the Phoenix Plant, near Corinth, and lodged in jail, he was only known as a "nigger from Fayetteville."

Amanda Davis, Joe's mother and the wife of John Davis, came over to see about her boy on Monday and she became engaged in conversation with "Preacher" (Virgil) Davis, in this manner learning that her husband was the uncle of "Preacher"—the brother of his father, Abraham Davis.

Well, in this instance Preacher had been good to Joe, but it goes to prove that it pays always to be good to folks, because you never know who the person may be that you are inclined to depreciate. Then, too, blood is thicker than water. Also the same personality does not always hold the balance of power and the tables may turn.

John Davis left Chatham county more than twenty years ago and has made good in Cumberland. It is so bad that Joe should have let his covetousness lead him into possession of a pair of shoes, and cause his parents sorrow, yet "Preacher" was glad to meet his "folks" again.

**The Page Trust Co.,**  
Sanford Branch

For two reasons you want to be identified with a strong Bank. The first reason is that the strong Bank is the Safe Bank, able to do the things the small Bank cannot do, and secure when a small Bank is helpless.

The second reason is that by associating with a strong Bank you help to make it stronger. That is the difference between the big Bank of New York and the little Bank of the small village.

And that is the one difference between New York and the small village. One has concentrated financial strength. The other has its small financial helplessness.

**THE PAGE TRUST COMPANY**

Is the one Big Bank between Raleigh and Charlotte and between Wilmington and Greensboro.

It is the strong rural Bank of the State outside of the cities.

It is the Bank you can depend on under all conditions.

**Woody Bros. Quality Shop**

E. D. WOODY, --- SILER CITY, NORTH CAROLINA.

**WHY CHANGE FOR THE DIFFERENCE?**

For many years you have been feeding the Check-board products, Purina and all those good things that make your horses, cows, hogs and chickens sleek, fat and healthy. Why should you change for something that is indefinite, of a doubtful nature to experiment with. Especially when the price is less in many instances.

An old reliable, well balanced ration, at a nominal cost is hard to beat and we appreciate the large volume of trade that we are receiving from the people of Chatham county and surrounding territory. We receive almost daily car loads and you are never in doubt when you come here to trade—we usually have what you want and we save you money.

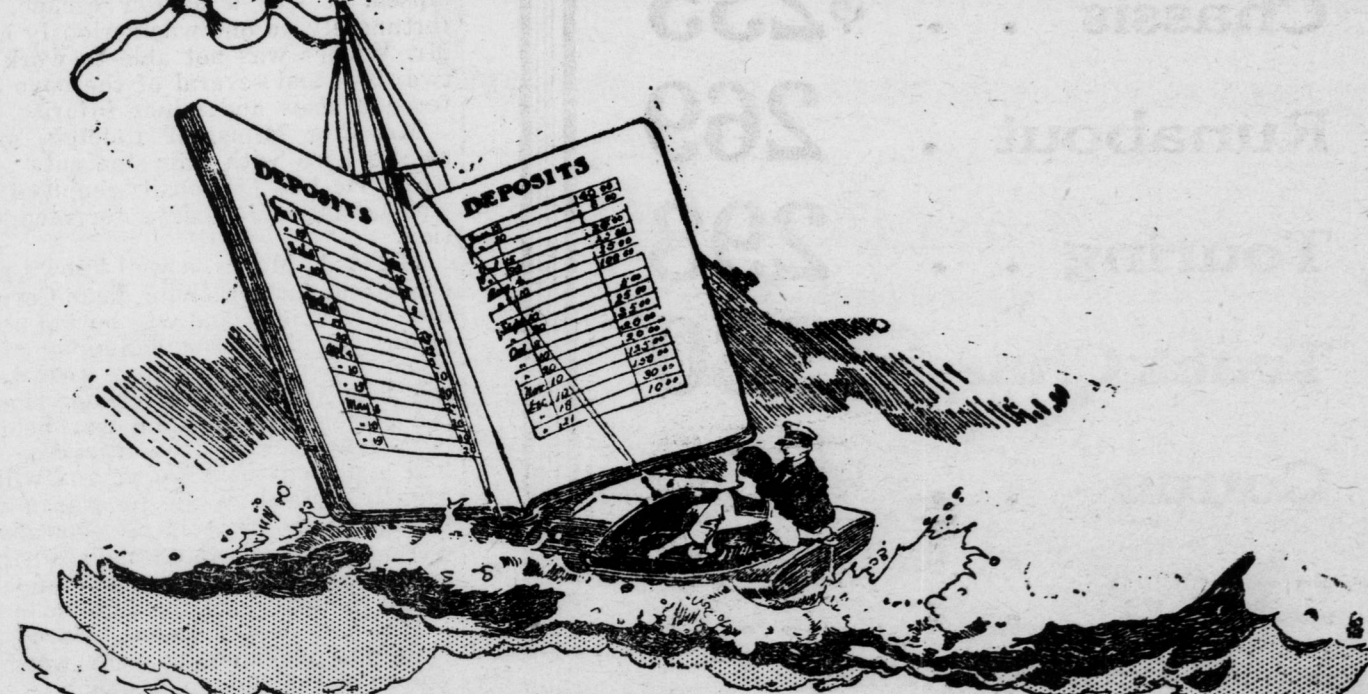

We have been established many years and about everybody knows this old reliable firm. This knowledge is next to the reliability of the feed stuffs that you buy and the combination is hard to beat. Then, too, we not only sell cracked feeds, oats, corn and hay, but we are well stocked with other things for the farm and the home.

We are specialists in the Grocery line. Our grocery department is stocked at all times with the choicest that the market affords and you can get what you want when you want it and at the price you want to pay.

We are always a shade under the market with flour and sugar, as well as other staple merchandise. We can supply your wants in both heavy and fancy groceries, canned goods and the feed.

Remember we buy and sell all kinds of country produce, cross ties and pay the highest market price. If you are not now trading here give us a call and be convinced.
