

SKATING IS A POPULAR SPORT.

The School Question Being Discussed
Local News of Much Interest.

Brickhaven, Aug 27.—The social life of this community seems to be on a boom, so to speak. The young people are having quite a number of so-called barn parties at the Boylan Ranch. On Wednesday evening Mrs. R. H. Overby entertained in honor of the younger set. In between comes the skating parties. Several of the boys and girls are becoming quite expert skaters. The fact that someone has offered to take the best skaters to Lakeview for an outing has given impetus to the practicing.

Miss Evelyn Fuquay, who has been visiting her uncles here, the Overby boys, returned to McCullers Friday. She was accompanied home by Miss Eunice Thompson.

Mr. W. A. Griffin had as his weekend guests his mother, Mrs. Griffin, and two sisters, Misses Mayme and Florence Griffin, of Durham.

Mrs. Jack Burns and little son, T. C. spent last week here with Mr. Burns, who is an employee of the Phoenix Utility Co.

Mrs. T. J. Harrington is spending this week at Aberdeen as the guest

of her sister, Mrs. J. Garland Farrell.

Messrs Hanon and Seawell spent Saturday and Sunday with relatives and friends in Moore county.

The school question is still being quite heatedly discussed. Of course common sense tells us that every individual has a right to his own opinion—why not let everyone have his own case to state and keep cool about it; give the other fellow a chance too. It would not do for everyone to think and be exactly alike.

We are not making this statement egotistically, but we do think that the Brickhaven community is one of the best in which to live. Too, the citizens here are all intelligent, law-abiding people. Why cannot we settle this question regarding the school with the best interest of all at heart, and have no hard feelings, and unkind remarks in its wake? It is quite possible to do this and why should we not try to remember the Golden Rule, and do unto others as we wish them to do unto us?

Mrs. Brandt, Miss Marguerite Thomas, of Spencer and Mr. Albert Thomas, of Raleigh, were here Sunday. Miss Thomas was enroute to Cary where she will be a student at the Cary High School next term.

Miss Leone Luther, a former teacher here, and one of the most popular best loved teachers we have had, is a convalescent in a hospital in Greensboro. Her many friends are indeed glad to learn that she expects to be able to return home within a few days.

The Betterment meeting which was to take place at the school building Wednesday afternoon has been postponed.

It will soon be time to return the traveling library. There are some splendid books in this selection, and we hope everybody will be interested and read at least one book.

There will be services at Buckhorn church next Sunday at 11 a. m. The pastor urges everyone who possibly can to be there.

CROP ELEVEN MILLION BALES.
Published Condition Reports Indicate Crop Will be Short.

(By Savannah Cotton Factorage Co.)
Savannah, Ga., August 25.—The cotton trade expected a decline in price when the drought was broken, but rains in the west this week failed to break the market below 24.11 for October in New York at the close of the week.

Several private condition reports have been published during the past few days, one of the lowest being that of the National Ginners Association, giving the condition as 66.4 and indicating a crop of 11,000,000 bales. Most of the New York brokers' estimates were at higher figures. The official government condition report is due Saturday, September 1st. If it places the condition at or below 55, the market should advance, but if a decline proves to be high as 58, there was a better demand for goods this week, eastern markets reporting the largest sales during any week for several months. It was reported also that some of the New England mills were preparing to increase their production.

Manchester and Liverpool showed more life during the week. News from those markets was rather bullish, but Germany is still in a chaotic condition and no one can predict what will happen in that country during the fall when German mills should be buying a great deal of our cotton.

The crop is about three weeks late in the Savannah territory and exporters are finding it difficult to fill their August commitments.

MEETING OF CLUB WEDNESDAY

Chairmen of Different Departments To Hold Meetings Prior to Time.

All chairmen of the different departments of the Woman's Club are earnestly requested to have a meeting of their departments of the Club before the regular Fall meeting to be held the first Wednesday in September at 3.30 o'clock.

All members are requested to be present as we wish to discuss plans for the coming year.

This organization stands for the betterment of the schools and town and while it has by no means accomplished all it has striven to, yet we feel proud of what it has done and what it stands for.

Practically every cent the Club has made has been spent for the school in the way of books for the library, curtains for the stage; play ground equipment, etc.

We have had a long vacation and we hope to begin our year's work with renewed inspiration. Let's all put our shoulders to the wheel and PUSH.

Let's go.
