

UNEMPLOYMENT.

Dearborn Independent.
Unemployment is an unnatural condition, even though statistics tell us that "normally a large amount of idleness always exists, cutting aside the selfish causes of unemployment, such as a desire to keep "an anxious labor market." the principal cause is our ignorance how to use the surplus man power of the world. It is available but not utilized. That in itself convicts society of bad management. Curiously enough, the cure may come by the development of horse power. We use all the horse power we develop, and mod-

ern industry discovers that one horse power employs one man and thus supports one family. Mechanical power and human employment seem to go hand in hand—where you develop the one you must have the other. Let this be remembered when the question of employing all our people is considered.

Wash for Hands and Face.—Use borax water instead of soap and it will be much better for your complexion, not only in cleaning it but it will be soft and clear, besides being good for tan and freckles.

STRANGE AND CURIOUS.

Peculiarities That Will Astonish Almost Anyone.

Police in Bayonne, N. J., wear roller skates to watch over children playing in the streets.
President Coolidge drew his first check on his salary the other day. It was for \$5,933.33.
Three are 1500 Americans in Paris seeking to obtain divorces. About 75 of these are women.
Baltimore employs nearly 3,000 people to make straw hats. That city alone produces 400,000 hats annually.
A Pennsylvania preacher left in his will a sum of money to encourage the use of goat's meat instead of pork.
Mrs. Catherine Paul, of Cleveland, Ohio, is in jail. She swore she was 21 when she was not, got license and was married.
Henry Belanger, of Massachusetts, stole a locomotive to have a joy ride. He rode a mile, jumped off the engine and was arrested.
Mrs. Evangeline Duff wants to be mayor of West Hoboken, N. J. Her platform is "Milk for babies; malt for mummies; beer for papas."

It is said that if you bury an elder twig your friend, if he has the toothache, will get relief. The friend must not know that the twig is buried.

Mrs. Annie Vanslike, of Santa Monica, Cal., swam 10 miles and finished the trip by singing the "Star Spangled Banner." She was celebrating her 63rd birthday.

Ruth and Ruby Webb, of Atlanta, are twins, and they both have fallen in love with the same man. They want the man to marry both of them, so they won't be separated. They are 21 years old.

Gilbert L. Parks, 20, is walking from Euclid, Okla., to Cambridge, Mass., to enter the graduate school of Harvard university. He left home with 13 cents in his pocket, and is working on the way to pay his expenses.

A man in Salem, Mass., died in 1854. He left \$10,000, the interest on which was to buy cook stoves for poor people after all his children had died. The last one died a few days ago, and now \$600 each year will buy stoves.

Jack Dempsey last Friday night in New York, retained his world's heavy weight championship title, knocking out Luis Angel Firpo. "The Wild Bull of the Pampas," in the second round of one of the fiercest boxing contests in the history of pugilism.

The champion fought his Argentine challenger five times in the first round and twice in the second round before a short right uppercut to the jaw sent Firpo down for the last time. But in the three minutes and 57 seconds of the whirlwind, terrific mauling Dempsey himself was knocked clear through the ropes on top of the press benches, and groggy, under a bombardment of mighty rights, once sank to his knees.

CAPTURE STILL AND OPERATOR.

Saturday morning Raymond Lasater and Harvey Mills brought in a copper still complete that they captured over in New Hope township on the night before. They also brought in John Fowler, a negro, who was busily engaged in making liquor. He was lodged in jail and will have his trial at the October term of court. Blockaders can take chances in making liquor and officers take chances, but nine out of ten the officers will be successful. Better quit taking chances, Mr. Blockader.
Grass stains on white goods may be removed by rubbing molasses on the stain when the garment is washed.

Frequent Headaches

"I suffered with chronic constipation that would bring on very severe headaches," says Mrs. Stephen H. Kincer, of R. F. D. 1, Cripple Creek, Va. "I tried different medicines and did not get relief. The headaches became very frequent. I heard of
Theford's
BLACK-DRAUGHT
and took it for a headache, and the relief was very quick, and it was so long before I had another headache. Now I just keep the Black-Draught, and don't let myself get in that condition."
Theford's Black-Draught (purely vegetable) has been found to relieve constipation, and by stimulating the action of the liver, when it is torpid, helps to drive many poisons out of your system. Biliousness, indigestion, headache, and similar troubles are often relieved in this way. It is the natural way. Be natural! Try Black-Draught.
Sold everywhere.

HAVE YOUR EYES EXAMINED BY AN EXPERT—COSTS NO MORE.

Dr. J. C. Mann, the well known eyesight Specialists and Optician will be at Dr. Farrell's office in Pittsboro, N. C., every fourth Tuesday and at Dr. Thomas' office, Siler City, N. C., every fourth Thursday in each month. Headache relieved when caused by eye strain. When he fits you with glasses you have the satisfaction of knowing that they are correct. QUERY DEPARTMENT.

Answers by John

What causes the rain to fall? C. B. Manly, N. C.
Ans.—The water in the clouds gets so heavy the rain is bound to fall as there is nothing for it to hold to.

What causes lock jaw? Miss A. Pittsboro, N. C.
Ans.—It is caused from too much acid in the stomach brought on by talking too much.

Are cucumbers dangerous? How should they be prepared? Miss L. R., New Hill, Rt. 2, N. C.
Ans.—No. They should be pulled early, peeled nicely and cut in slices and soaked in salty water. Leave them standing until five minutes before meal and then throw them into the slop bucket.

What causes earthquakes? B. R., Kimbolton, N. C.
Ans.—It is not exactly known, but 't is said by scientists that the earth began to quiver when it was announced that Henry Ford wanted to be president. Since then several quivers have occurred when some of the big guns of both parties shot off their mouths announcing their determination to get the nomination. The real earthquake is caused by the earth getting tired of holding up so many automobiles driven by crazy people.

Remedy for Gall Stones.—Dr. Robert Sabin recommends a teaspoonful of bicarbonate of sodium in a tumblerful of water, drank at intervals through the day, to correct the acidity of the system, which he asserts to be the cause of the formation of gall stones.

GIVEN WRONG INFORMATION.

In our issue of August 16th, we carried an article about the new road that had been built from the highway to Gum Springs Baptist church. We had been informed that the road was built by local labor and that it had not cost the county a cent. This was an error, according to the last meeting of the road commissioners, published in the Record last week. Mr. J. W. Thomas was paid the sum of \$127.85 for labor on that road.
We have no criticism for the building of this road, because it was certainly a needed improvement and was money well spent, but we do regret that we should have been misled as to the nature of its building.

Keep 'Em A-moving

That's exactly what we have been doing for the past few weeks in Chatham county. We have had our trucks as busy as a one arm man with the hives. Our customers in Chatham and surrounding territory who read The Record, have learned where to get the bargains and save money on both large and small purchases. We have furnished many homes in your community and have satisfied friends all around you. Why not come to see us and let us sell you that furniture that you have been wanting. Any odd pieces or complete outfits and we credit responsible parties. We want your business and you need what we have, so let's get together. Call to see us when in Sanford whether you buy or not.

Your Credit is Good With Us.
