**HOME REMEDIES.**

Sore Throat.—Cut slices of fat, boneless bacon, pepper thickly and tie around the throat with a flannel rag.

Toothache.—For toothache, hold warm water in which a little carbonate of soda has been dissolved in the mouth.

Hiccoughs.—A remedy for hiccoughs that is well nigh infallible is to eat a lump of sugar saturated with vinegar.

Cold on Chest.—A flannel rag rung out in boiling water and sprinkled with turpentine, laid on the chest, gives the greatest relief.

Coughing.—In severe paroxysms of coughing a tablespoonful of glycerine in a glass of hot milk will give almost instantaneous relief.

The Sanford Express came to us last week in a new dress, enlarged in size to six columns, eight pages. It is a very attractive paper now and the Messrs St. Clair have it filled with good, live news matter. The Express is an established fixture in Sanford and will continue to keep in the line of progress.

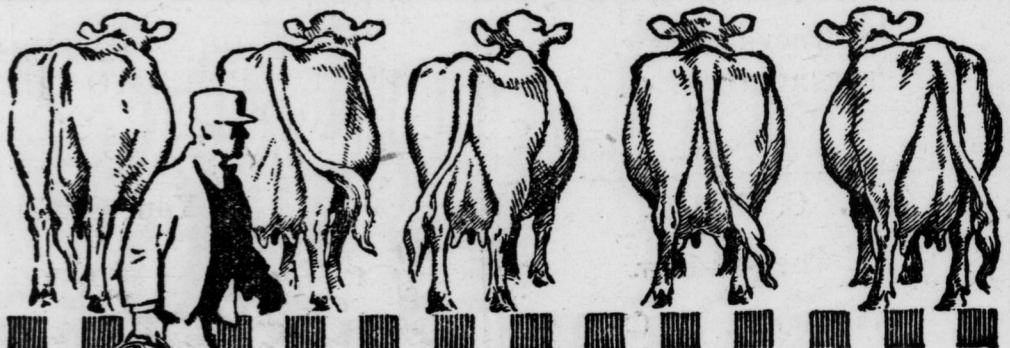

After this week the paper will be discontinued to those whose time has expired, unless we hear something to the contrary. If you want the paper and can't pay right at this time, let us know before it is stopped. There are about eleven on our list whose time expires with this issue. Notices have been mailed to every one.

**More Milk**

**HALF** a gallon more milk from each cow every day, will more than pay your feed bill.

Nearly every cow owner gets that increase with Purina Cow Chow.

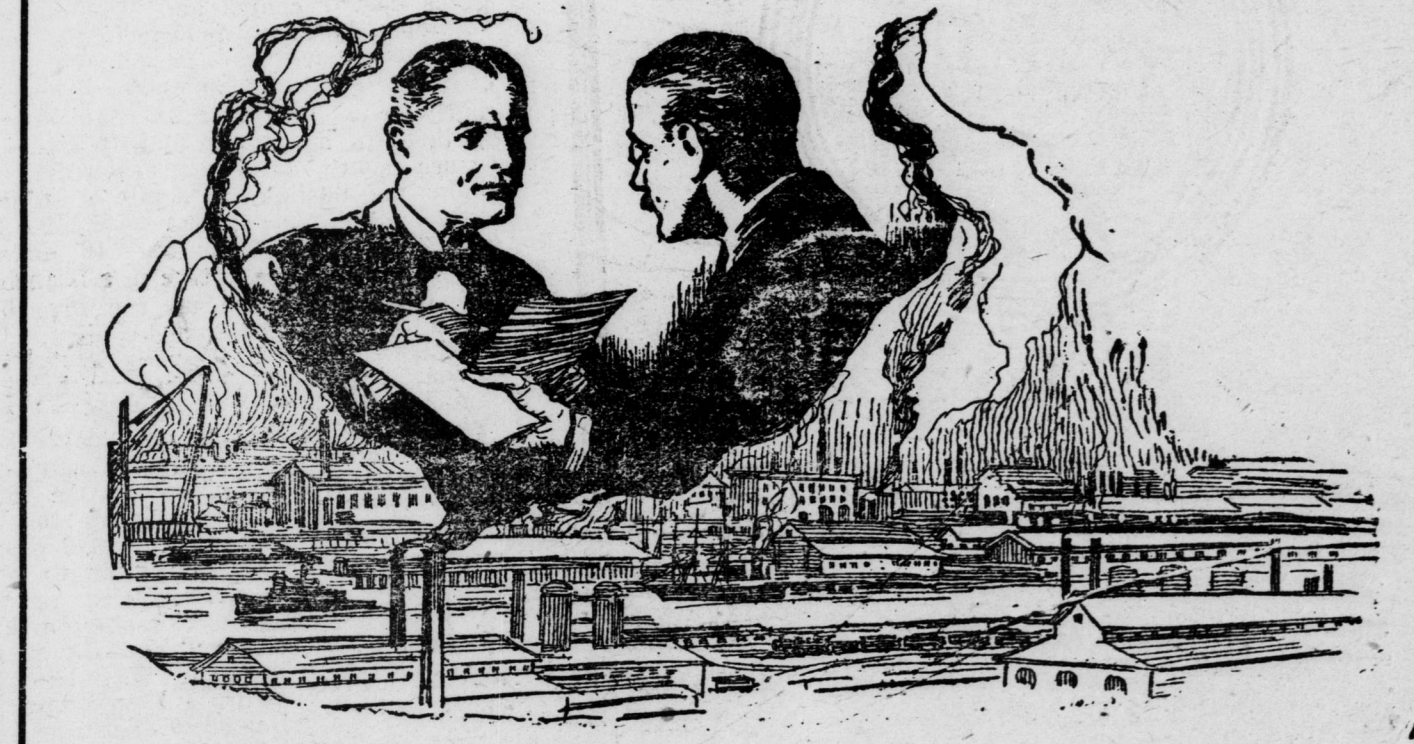

It costs about a dollar a month more to feed Cow Chow, but that difference is more than made up in the first week. The rest of the month you get your extra milk for nothing.

Feed out of the Checkerboard Bag and you will get more milk.

**Money! The Power Behind the Wheels of Industry**

THERE ARE FOUR things essential to industry and thus to all modern life—labor, money and management. A factory or farm must have all FOUR. MODERN BUSINESS requires so much money that no one group of people can supply it. All the money in all the banks is needed and used. YOU NOT ONLY BENEFIT directly by having money in this Bank, but you help the wheels of industry and promote prosperity.

**CARING FOR THE FARMER**

**The Page Trust Co.,**

Sanford Branch

Has always been conspicuous by its readiness to help the farmer in every way. In lending money, in trying out farm experiments, in helping the Boys' Clubs, in getting new seed, better farm animals, or in any way advancing agriculture it has always been a ready factor.

But the best man to help the farmer is the farmer, and his best way is to save every dollar he can when he has it that he may have it when conditions are such that he needs the money.

If the farmers will put their surplus with the PAGE TRUST COMPANY when they have a surplus the Company will have greater loaning power for those who need money when they need it.

The deposits it carries determines the loans a Bank may make, for deposits provide the money for loans.
