Pittsboro Man in Oklahoma.
 Dr. E. T. Bynum, who held the office of commissioner of banking in the state of Oklahoma for some time, along with another officer of the commission, has been removed from his office by Governor Walton, of that state, the governor saying that Mr. Bynum's administration "has been entirely unsatisfactory."
 Mr. Bynum was the governor's manager during his campaign, and why he should be removed from office cannot be conjectured unless he does not approve of the governor's position against the Ku Klux Klan.
 Mr. Bynum is the son of Mr. Al Bynum, who once resided in Pittsboro, leaving here for the west some 15 or 20 years ago.

BRING GIANT CIRCUS.
Ringling Bros. and Barnum & Bailey at Raleigh.
 Arriving aboard 100 double-length railroad cars forming trains more than one and one-third miles long, and made even greater than in 1922 by the addition of many big, new foreign acts, Ringling Brothers and Barnum & Bailey Combined will exhibit at Raleigh, Friday, November 2.
 Those who read the daily papers or who keep in touch with the movie news reels need not be reminded of the shipload of acts and animals recently imported by the Greatest Show on Earth. The remarkable cargo included two companies of baby elephants are now joined with the forty adults of the mammoth herd. There were also 100 more performing horses accompanied by Europe's greatest trainer, and many wild animals, some of which have been added to the scores upon scores of trained jungle beasts, while others have become part of the marvelous menagerie.
 More than a million persons saw the mammoth new circus of 1923 during the weeks that it exhibited in Madison Square Garden, New York. Now this marvelous exhibition is touring the country aboard five great trains. It is a third bigger than the Ringling Brothers and Barnum & Bailey show of last season. It is ten times larger than any other circus now on tour.
 Big as is this wonder circus of 1923—with its more than thirty trained wild animal displays in steel arenas, fully 200 wonderfully schooled horses, 700 men and women performers, 100 lions, and scores of features—the price of admission is no more than before. And though the trained animal numbers and the immense horse show were circuses in themselves while touring Europe, they are not offered as separate attractions by the Ringling Brothers and Barnum & Bailey Combined Shows. Instead all are on one gigantic program. Everything is in one mammoth main tent. One ticket admits to all these and to the tremendous double menagerie. There are more than a thousand animals in the zoo of this circus and these include entire families of hippopotami and giraffes. Another remarkable zoological feature is an armored rhinoceros, the only one known to exist and alone worth \$50,000.

THE HORTON SCHOOL.
Name Given the Pittsboro Negro Public School.
 With the approval of the school committee the negro public school of this district will be hereafter known as the George M. Horton School. This name has been chosen in memory of "The Slave Poet of North Carolina" by that name who was born and reared in this community in 1798. He was the slave of James Horton, or Houghton, and developed his wonderful genius as a poet while employed at the University of North Carolina. He was one of the most remarkable characters, in many respects, this county has produced. Prof. Collier Cobb, of the University of North Carolina, in his sketch of Horton thus summarizes him:
 "A slave who owned his master; a poet ignorant of the rules of prosody; a man of letters before he had learned to read; a writer of short stories who published in several papers simultaneously before the day of newspaper syndicates; an author who supported himself in an intellectual center before authorship had attained to the dignity of a profession in America; such was George Horton, a negro born in North Carolina in 1798."
 Horton was a full-blooded black man. His lines are in beautiful metre many of his poems are lofty in sentiment, and all of them pleasing. Charles N. Hunter, principal of the school, while doing research work in The Boston Public Library during the summer of 1920, found a volume of Horton's poems with a sketch of his life. He made many copies and Horton became the subject of one of his lectures which he had delivered in different sections during recent years.
 The school opened last Monday with an enrollment of 102 pupils. The building is not yet complete. When finished it will be dedicated with fitting ceremonies.
 Principal Hunter and his assistants hope to make this session of the school a profitable one both for the pupils and the community.

A JOLLY TIME.
 At the home of Miss Rose Gunter, near Asbury, a delightful entertainment was given by her in honor of her

Sunday School class between the hours of three and five on Saturday afternoon, October 6th.
 After several selections on the "Edison" were entered into with much merriment. Each guest was presented with a snap dragon bloom in which was hidden a tiny piece of paper with numbers thereon. They were then ushered into the dining room where was artistically decorated in potted plants and fall flowers to find corresponding numbers at the table, when peaches, whipped cream, apples and cake were served.
 There were sixteen present and three or four members of the class were absent.
 We love our Sunday School teaching ever so much and all left reporting a jolly good time.
ESTELLE JOHNS.

SEE YOUR LABEL
HAVE YOUR EYES EXAMINED BY AN EXPERT—COSTS NO MORE.

 Dr. J. C. Mann, the well known eyesight Specialists and Optician will be at Dr. Farrell's office in Pittsboro, N. C., every fourth Tuesday and at Dr. Thomas' office, Siler City, N. C., every fourth Thursday in each month. Headache relieved when caused by eye strain. When he fits you with glasses you have the satisfaction of knowing that they are correct. Make a note of the date and see him if your eyes are weak.
 His next visit in Pittsboro will be Tuesday, October 23rd.
 His next visit in Siler City will be Thursday, October 25th.

The Page Trust Co.,
Sanford Branch
 Some old philosopher once said: "Don't put all your eggs in one basket." That made more or less of a hit.
 Then came Pud'head Wilson, who says: "Put all your eggs in one basket and watch that basket."
 That shows a lot of hard sense.
 But later comes another philosopher who says: "Put basket and eggs in the Page Trust Company and let the Company watch eggs and basket."
 That is the Climax of Wisdom.
 When the PAGE TRUST COMPANY is watching the basket you know the eggs are safe.
 Capable watchers, strong vaults, experienced bankers in charge, Big assets—over four million—and everything that insures safety.

Ford
 THE UNIVERSAL CAR

New Sedan
 Changes featured in the new Ford Sedan make it a better looking, roomier car.
 A higher radiator with a trim apron at its base lends dignity befitting a closed car. The higher hood and enlarged cowl curving gracefully to the dash give a stylish sweep to its body lines, and afford additional leg room for occupants of the front seat.
 All body fittings—window regulators, door grips, door latch levers, door lock, dome light—are finished in nickel. The upholstery carries a fine dark line on a soft brown background that does not easily show dust or dirt. Silk window curtains to harmonize for the three rear windows enhance the style of the car and add to the comfort of its passengers. See the new Sedan and other new Ford body styles at our showroom.
 These cars can be obtained through the Cash and Carry Purchase Plan.

ABOUT THE SCHOOL TRUCK
 Editor Chatham Record—Please allow enough space in your valued paper to give room for this article to inform the writer of the Corinth news correctly with reference to the Brickhaven school, of which he made pointed reference (in the Record of October 4th, issue) when he made mention of the petition which he claims killed the chance of a school truck running from our community to Moncure.
 Let it be clearly understood that there was no objection to the truck from Brickhaven, that I ever heard of, but we do object to taking our grades from the school which we have just gotten up and going, there is no reason in having to go to Moncure with little children to get the same grade that they are entitled to get at home.
 We are proud that there are people in our district that will stand by that which is right, and desire the taxes we pay for our school to be used in said district for the maintenance of the grades up to the limitation of requirements.
 The high school students who are ready for high school work, from Brickhaven, are going to Moncure, and are doing so at less cost than it would cost to operate a truck.
 Each person who signed our petition did so of their own accord, and no one can, to my mind, justly say that any were misled to do so. On the other hand Mr. Thompson, our superintendent, made an appeal for the truck to run one night when he was at Brickhaven and he also told us that if we didn't want the truck we could carry a petition before the board of education the following Monday and that body might reverse their decision. We did so and I want to say that I believe this is the sentiment of all who signed it; that they are proud of it, for all had fair notice regarding the petition, and I am safe in saying, with no insinuations to any, that as good and intelligent people did sign it as there is in Chatham county. No one wants to prevent any children of lack of opportunity for securing an education; however, we do think when we pay local tax we should get the benefit of some at home when possible.
 The move that the Brickhaven people made just proves that we had rather have a two-teacher, six months school than a one teacher, eight months school and only four grades at that, the farming class and probably some others be unable to send their children for the whole eight months.
 We all want a good school in reach but we don't consider several miles and impassable roads in winter time, in reach, although there is no one that does not hope for Moncure school to succeed.
 Yours for home community first,
 A. M. COTTEN.
