The only value in a dollar is what you can get out of it. A large proportion of the dollars most people get brings them no value.

The dollar that is rolled the minute it comes brings. back mighty little.

The dollar that gets you what it is worth is the one you keep until you find the chance to make it bring you a full dollar's worth before you let it go.

The man who allows money to burn holes in his pocket never has any money. The man who chases every dollar into a Bank, has money when he can use it to advantage, and Poor Richard says the use of money is the only advantage of having money.

Put your money in the Bank, then when you want money you have it.
