**CHATHAM COUNTY HOME.**

Roy Brown in Public Welfare Progress Highly Compliments Us.

The following tribute appeared in the December issue of Public Welfare Progress edited by Nell Battle Lewis, in the auspices of the North Carolina State Board of Charities and Public Welfare, and to whom we are indebted for the plates accompanying the article. The compliment follows: The smaller illustration shows the reception hall with organ, flowers, and chairs. The larger picture is that of the big fireplace in the living room, showing flowers on the mantle that brighten the place, and also shows the neatness of the inmates.

ing room, showing flowers on the mantle that brighten the place, and also shows the neatness of the inmates.

"One of the very best in the State" is the way Roy M. Brown, of the Board of Charities and Public Welfare, describes the new county home in Chatham County, which he recently visited. The home has a capacity of forty, is situated about two miles from Pittsboro, and has been occupied during the past year.

"The whole plant is unusual for a rural county such as Chatham," Mr. Brown continues. "At either end of the building there is a big sitting-

room which is practically a sun parlor in which there is a large fireplace, which is not merely decorative, but in which a cheerful fire is kept burning in cold weather.

"The assembly hall is usually attractive for an institution of this kind with an organ, potted plants, and comfortable seats for the inmates. Both the keeper of the home and his wife are persons of superior type. The rooms and the inmates are spotless."

**Married Christmas.**

Mr. Arthur Sturdivant and Miss Fannie Hammock both of Chatham county but now of Carrboro, N. C. were quietly married Christmas day at the home of Rev. H. G. Dorsett, in Chapel Hill.

They will remain in Carrboro as Mr. Sturdivant holds a position with the L. R. Sturdivant grocery company. They have the best wishes of their many friends here and elsewhere.

**START THE NEW YEAR RIGHT**

Do you know that about one person in ten saves money?

That means that about a tenth of the people of the United States own the property of the United States.

The person who saves is bound to own something.

The person who does not save is bound to own nothing.

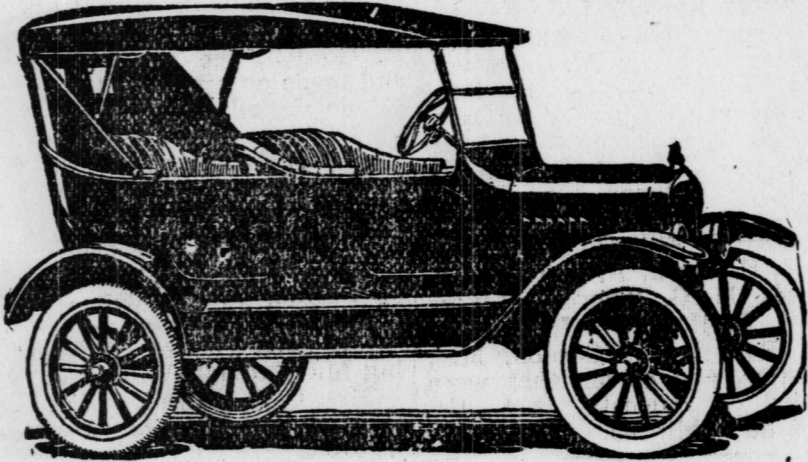

Money saved presently becomes money to invest.

Money invested starts you on the way to be one of the tenth who own the earth.

The way to save is to begin an account with—

**HARD SURFACE ROAD.**

Contract for completion of the final section of the Pittsboro-Sanford link in the National Highway, route number seventy-five, will be let next month. Work in this road is now under way. The contract will call for a hard surface roadway from the Lee County line to Sanford.

The section now being worked upon, and for which the contract was let last month extending from Pittsboro to the Lee County line, Deep River, will be paved as rapidly as possible, every effort being made to rush the job to completion.

The letting of this contract brings to a close what at first promised to be a bitter struggle between the Capitol Road association, urging the use of funds to complete the national highway north and south through Raleigh.

**RESOLUTIONS OF RESPECT**

Whereas, God in His providence has removed from earth our friend and co-worker, Mrs. William E. Brooks, therefore, we, the members of the Woman's Club of Pittsboro, do hereby resolve:

First: That while we feel deeply our loss we bow in humble submission to the will of Him who knoweth best and doeth all things well.

Second: That we extend our most heartfelt sympathy to the bereaved family and pray that they may all be reunited in Heaven, where the family circle never again will be broken.

Third: That a copy of these resolutions be sent to the family of Mrs. Brooks, and that a copy be sent to the Chatham Record for publication, and that a copy be spread upon the minutes of the club.
