

ARE YOU A GOOD JUDGE?

IF SO, YOU HAVE CHANCE TO WIN A FREE SUBSCRIPTION

First prize—One year's subscription.
Second prize Six month's subscription.
Third prize Four months subscription given to next three nearest.

The main thing is to indicate clearly just what you like to read in The Chatham Record, what articles, paragraphs, pictures, etc., that interest you most. Also what stories, jokes, pictures, etc., have little or no interest to you. You stand as good a chance as anyone to win a prize. How could you get a subscription to The Record any easier?

Nothing to pay to get in. No work to do. Just give The Record your opinion as to the kind of reading you think folks find most interesting. The six prizes, amounting to two and a half years subscriptions, will be awarded April 17th, to readers of The Chatham Record.

This will be the last prize we will offer until after April 17th, when the winners will be announced, and this same announcement will be printed in The Record next week, but all replies must have clippings from the particular issue from which the coupon is clipped. All answers must be in the hands of Joe Snyder not later than Saturday, April 12th, 1924.

If you are a fairly good judge of human nature, you have a pretty good inkling of what kind of reading matter interests most folk—your friends and neighbors, for instance. If you are a good judge of human nature, you can easily say what you yourself like or dislike, and will stand an excellent chance to win a worth while prize, a free subscription to The Chatham Record.

Send The Coupon Now. Look over this paper now. See how easy it is to decide on one item—"I like this," or of another, "It doesn't interest me." Just remember that what interests you—the pictures, stories, etc., which you like or dislike—others will also like or dislike. So mark the items now, cut them out with the coupon, list the headings, then mail both the clippings and the coupon to Mr. Snyder, care of The Record, Pittsboro. Get your bid in for a prize first and don't wait until the coupon is printed the second time.

How to Enter Contest. Read this issue of The Chatham Record over carefully, deciding, as you read, which items you like best and which you like least. Then clip the five items you like best, also the five you like least. Mark the item you like best No. 1, the item you like second best No. 2, and so on down the line to the item you like the least, which will then be marked No. 10.

Winners' Names Printed April 17.

After you have numbered the 10 clippings, cut out the coupon below. Then, on the coupon, in the space numbered No. 1, write the heading of the item which you clipped and marked No. 1. On the coupon in the space numbered No. 2, write the heading of the item which you clipped and numbered 2. Write in the spaces provided the heading of each of your ten numbered clippings.

It is our purpose now to print the names of the winners in our paper of Thursday, April 17th, and unless we receive too many to get them credited this will be done, but we will give all the same consideration, even if it takes longer to check them. All clippings will be sorted by numbers and counted. The item liked best (marked No. 1) by the largest number of contestants will be listed by the judges as No. 1. The item liked second best (marked No. 2) by most contestants will be listed 2, etc., down to the item liked least by the listed as No. 10. This list, made up from the items of all contestants will be the Master List. The six contestants whose lists are nearest like the Master List will be awarded the prizes.

If the items you clipped are paragraphs, without headings of their own, just write the first three words of the first line of the paragraph. After you have written the item headings on the coupon, write your name and address plainly, also your sex and age. Then mail the coupon to Joe Snyder, care The Chatham Record, Pittsboro, N. C.

The contest is open to all, old and young and we hope to have a good list of replies to this problem. It will enable us to print a better paper.

So that you will understand clearly what is meant by "item" we will explain that an item is a paragraph, story, picture, drawing—any reading matter or illustrations, or even the ads.

PAUL RUBBER OPTIMISTIC

Company at Salisbury, Reaping Benefits in Making Good Tires.

Charlotte Observer ——— The Paul Rubber is reaping the benefits of their strict policy of making nothing but the highest quality tires and tubes, according to W. M. McConnell, president. The management of the company is seeing evidence of the value of this policy almost daily. Only last week a large dealer from Orangeburg S. C., came to the factory and advised the officials of the company that they were either going to have to supply their customers with Clover Leaf Cords or else their customers were going elsewhere to secure same.

It seems that about two years ago this Orangeburg dealer bought a large shipment of tires from the Paul Rubber Company and sold same to several hundred of their customers; these tires are now beginning to wear out and the car owners who use them refuse to replace them with anything but Clover Leaf Cords. He claims many customers have gotten considerably over 20,000 miles and one car owner, in particular, came in a few days ago reporting 26,000 miles of service on two Clover Leaf Cords.

Before this Orangeburg dealer left The Paul Rubber Company factory a contract was entered into to supply him six carloads of Clover Leaf Cords to be delivered during the year 1924.

The Paul Rubber company also reports that their customers are already preparing for the spring business, and orders are now on the increase, the total business during the past two weeks exceeding all previous records in the history of the company.

The company now has a thoroughly organized agents organization throughout the entire United States also a well organized dealers organization throughout North and South Carolina, and those familiar with the operations of the company predict that business during 1924 will exceed that of 1923 at least 200 per cent.

The company has paid eight per cent cash dividends on its preferred stock since three years ago, except during the year 1923, when a dividend of 10 per cent was paid on both the preferred and common.

How did they stop Adam and Eve from gambling? Billie J. Pittsboro.
Ans.—Their paradise (pair o'dice) was taken from them.

Does a house burn up or down? Sam P. Apex.
Ans.—If a house catches from the top it burns down. If it is insured for a good sum it burns up.

Who is the author of "Yes, We Have No Bananas Today?" Sam J. Pittsboro.
Ans.—Thas. Backney. He wrote it one night while he was dreaming.

What made Lot's wife turn to a pillow of salt when she looked back? Sallie, Bynum.
Ans.—Curiosity, we suppose. She had just met a Pittsboro married woman and she looked back to see if her hair was bobbed.

Is high heel shoes for women going to be the fashion in future?—Mary J., Corinth.
Ans.—Guess so. Paris fashion folks have decreed that shoe heels were not high enough and in future women will have to walk on stilts.
