

## HOW DOCTORS TREAT COLDS AND THE FLU

To break up a cold over night or to cut short an attack of gripe, influenza or sore throat, physicians and druggists are now recommending Calotabs, the nausealess Calomel tablet, that is purified from dangerous and sickening effects. Those who have tried it say that it acts like magic, by far more effective and certain than the old style calomel, heretofore recommended by physicians.

One or two Calotabs at bed time with a swallow of water—that's all. No salts, no nausea nor the slightest interference with eating, work or pleasures. Next morning your cold has vanished and your system feels refreshed and purified. Calotabs are sold only in original sealed packages, price ten cents for the vest-pocket size; thirty-five cents for the large family package. Recommended and guaranteed by druggists. Your money back if you are not delighted.—adv.

"I began taking Black-Draught over fifty years ago and my experience with it stretches over a good long time," says Mr. Joe A. A good many years ago, in Virginia, I used to get bilious and I found that

was the best and quickest relief I could get. Since I came to Texas I have these bilious attacks every now and then—a man will get bilious anywhere, you know—and I find that a little Black-Draught soon straightens me out. After a few doses, in little or no time I'm all right again." Thedford's Black-Draught is a purely vegetable liver medicine, used in America for over eighty years. It acts on the stomach, liver and bowels in a gentle, natural way, assisting digestion and relieving constipation. Sold everywhere.

"I never seed the like in my life," remarked old Uncle Joe Kimball over at the lodge meeting the other night. "I take a Democratic paper, a Republican paper, a Socialist Paper and the Chatham Record, and I'm blest if I know what to think of the different candidates. I've been thinking all the time that Cal Coolidge was an honest, christian gentleman, but when I pick up my Democratic paper I find that he is just the reverse. I had made up my mind to vote for Cal, but since have changed my ideas. I don't think a man could get as low down as the papers say he is."

"What does your Republican paper say about him?" he was asked.  
"Say about him! Gosh, almighty, man! They just praise him to the skies, and my wife says to me, says she, Joe, that's the man to stick to, and the more I read in my Republican paper about Cal, the more I feel like voting for him, and I begin to believe my wife is right. But, Mister, my Democratic paper shore does get my goat."

"Well, you say you take a Socialist paper, what do you think of La Follette's chances of being president?"

"I dunno. From what I read in my Socialist paper it looks like he is going to be elected. But I can't see to save my soul how he can be when both of my Democratic and Republican papers are hopping on him with both feet. It does look like shore enough that he is going to hurt the Democratic and Republican candidates. And what my two papers say about him is enough to scare any man off the field. Sometimes I think I will not vote for either of the political candidates, and cast my vote for Will Ward and Joe Snyder, who are running as Chatham County independents. Mr. Ward told me the other day that he knew he would get five votes in his neighborhood. I dunno! If I thought he would I'd shore cast my vote for him. But I reckon the Democratic and Republican papers ain't heard of Mr. Ward yet. If they had they'd done been telling the people of Chatham what two scoundrels the two independent candidates were, and both of them, the Lord knows, both them are mean enough without the Democratic and Republican papers finding it out."

JOE SNYDER.
