THE COMMUNITY SPIRIT.

An Interesting Letter From our 'Brickhaven Correspondent.

Brick Haven, June 22.—Messrs J. C. Seawell and W. J. Hannon, after spending the week-end with relatives near Carthage, returned to their work here today.

Mr. and Mrs. A. P. Harrington and little daughter, Mildred, expect to leave in a few days for a motor trip to West Virginia, where they will be the guests of their uncle, Mr. W. R. Harrington, of Hanley.

Mrs. L. E. Rollins and little Geoffrey Rollins, who have been visiting relatives here, will leave for their home in Miami, Florida, next Thursday.

Mr. J. H. Overby left Friday for a few days' stay with friends in Charlotte. Mrs. Overby and the children have been in Charlotte, the past three weeks, but will return with Mr. Overby. Mrs. Beatty, Mrs. Overby's mother, has been sick for sometime. We hope she may soon be well and strong again.

Mr. and Mrs. R. H. Overby and children and Mr. and Mrs. N. T. Overby and little Jewell Lane, were week-end guests of relatives at McCullers.

We regret to learn that Mrs. A. R. Lawrence who recently underwent quite a serious operation at a Raleigh hospital several weeks ago, and who has since been pronounced cured, has had a relapse and goes into Raleigh three times a week for treatment. However, Mrs. Lawrence has been, and is a wonderful patient, having implicit confidence in Dr. Wright's unusual ability, and her friends are looking eagerly forward to the time of her complete recovery.

The reunion of the Lawrence family at the Lawrence homestead here Sunday was quite a success. The children, grand children, great grand children and a number of others were present and thoroughly enjoyed the day. May success and happiness attend all and may they live to enjoy many more happy days together.

Childrens Day exercises will be held at Buckhorn church next Sunday afternoon at 2 o'clock. Everyone is cordially invited to come and enjoy the program.

Once again it has been demonstrated that the community spirit for which our people here have wished and worked so ardently, is still a working spirit. For instance, we have wanted our school to be the community center. We have our Sunday school service at the school building, we hold our C. E. meeting and our C. E. socials there, the Betterment Association also uses the school house and grounds for presenting plays and other entertainments for raising money to improve and add to the school equipment. Now, the Brick Haven ball team and the fans, which include not only the people of this immediate community but those from the surrounding territory, have had several ice cream suppers for the benefit of the ball association. We are glad that this is so, for we want everyone in the community to feel a personal interest in our community center. We wish that each one would feel a personal responsibility in keeping the school property in shape. While there have been times when the school building has been left in a sad state of untidiness, not by any one organization, but by all the above mentioned societies and organizations, we want to emphasize the fact that the manager of the ball team himself helped the committee which has been appointed to keep everything in readiness for Sunday service, to put things in place after the entertainment. While the manager is not a member of this particular school, such interest shows that his heart is in the right place, and we are trying to do, as well as to say, how things should be, may well get a lesson from this show of interest by a non-member. As someone said recently, "Nothing in the world is easier than the wish to do right. Everybody has the desire to live the right way, but such intention is not much more than wishing, which we all know lacks the vital spark and never gets us anywhere. Wishing is easy, so is telling how things should be, but doing is hard. The former leaves our natures unchanged. Practicing the things we preach carries our desires for better living into action. Such it is that shapes from the rough stone of human nature the ideal of heroic manhood and womanhood. "If to do were as easy as to know what were good to do, churches had been chapels, poor men's cottages princes' palaces."

Our ball team met its Waterloo on the home diamond here Saturday when it played its initial game with Fuquay Springs. However, the game was a most interesting one with the score 2 to 5 in favor of the visitors. The same teams will play at Fuquay on the fourth of July.

BROWNS CHAPEL SERVICE.

Childrens Day Exercises And a Large Crowd Present—Former Pastor Boone, Present

Last Sunday marked a page in history for Browns Chapel because there were more people there than had ever gathered on a former occasion. The event was that of Children's Day, held each year at that church, and the services were exclusively in the hands of the children with the exception of the devotional exercises and that of the music by the choir during the morning hour.

Browns Chapel has added two large rooms during the past few months to the church for Sunday school purposes and these are ensuited with the main building, affording quite an additional amount of room for just such occasions, but these were not enough to accommodate the number present, and as many were outside the building as were inside.

Former pastor, Rev. J. J. Boone was present and many, many friends were glad to see him.

Many of those reared in the community of Browns Chapel and now dispersed abroad, were present. They came from Burlington, Greensboro, Siler City, Saxapahaw, Carrboro, and many towns surrounding.

Each one on the program deserves special mention for the most excellent manner in which they rendered their part. It was a good selection of recitations, songs and dialogues for the occasion and the children were especially adapted to it.

Following is the program and the names of those taking part in the childrens exercise:

Prayer by Rev. J. J. Boone.
