Can't we Baptists play football? Wake Forest walloped the University 13 to 0, and Furman University beat State College Saturday 34 to 0.

If all the cotton farmers would produce their food and feed, there would be no such overproduction as at the present. And if this were done even if the price should drop as it has, the situation would not be so deplorable.

It is quite clear that the price of cotton does not depend on who is president. That much is settled. But it is not yet proved that agricultural troubles are not due to the tariff wall that raises the price of everything that the farmer buys and curtails the buying power of foreign countries.

J. W. Bailey offers as a solution of the cotton problem the proposition that no cotton be picked after November 1. The News and Observer approves. The idea is to cut production two or three millions bales and thus raise the price.

MODERN CLOTHES ADD TO COP'S WOES

Make Curfew Law Enforcement Difficult.

Chicago.—Time turned back a generation or two as Chicago, a sophisticated city of 3,000,000, revived the curfew law of its innocent village days, but policemen, bemused by the styles of the reigning generation, found enforcement a matter of considerable difficulty.

All boys and girls sixteen years old or under must be off the streets at ten o'clock, the city fathers had ruled in an effort to end a long record of attacks and kidnappings, and 3,000 bluecoats were sent forth to enforce the edict.

Then their troubles began, for they claimed that with the prevailing modes of short skirts, rolled hose and bobbed hair they were unable to distinguish children from grownups. Several married women, well past twenty, were taken into custody as "children," while bewildered policemen who stopped "kids" are indignantly informed that their ages were above the curfew limit.

One suggestion that the age limit be raised to eighteen was made by juvenile authorities, but the youth-searching coppers maintained that that did not make much difference.

Although the order of the city police did not go into effect until recently, the county curfew, which applies to girls under sixteen after 10:30 p. m., was sounded the previous night. More than a score of girls were caught and warned that the next time they will go to the juvenile detention home. Their parents were notified.

The orders to the city police were to question any children found unescorted after the forbidden hour and send them home. On a second offense, under the city ordinance, the parents will face a fine of \$5 to \$100 and the child the juvenile court.

Parks were ordered cleared at 10 p. m., and county highway officers patrolled country roads and lovers' lanes.

"Youngsters must do their courting hereafter in the parlor at home," said Chief of Police Collins. "Not that we want to be old-fashioned and violate personal liberty, but simply as a common-sense measure to check dangers to themselves.

"The worst of the moron crimes are committed against young girls. It is too late to save them after they have been picked up or kidnaped."

Will Seek for Dragons

Aviator Says He Saw

New York.—Dragons that blow smoke from their noses and eat a small pony for Sunday dinner, reported to exist on the island of Komodo, off the coast of Australia, will be sought by a party of unnamed Americans, according to word received here from London.

The dragons were reported by Alan Cobham, the British aviator, on his airplane flight from London to Australia.

They were described as terrible creatures, built like giant lizards, some 12 feet long, with long claws and long red tongues, which they flourished in the air just like the ones which St. George killed. They emitted a vapor, according to description, like legendary dragons are supposed to have done.

Saves Life of Man in

Coils of Giant Python

Los Angeles, Calif.—Wrapped in the coils of a giant python that was slowly crushing the life out of his body, Wilbur Westlake, forty, veteran animal trainer, was saved from death by the presence of mind of a small boy recently.

As the enraged reptile wound its body tighter around Westlake, the youth sprang from a group of fear-paralyzed onlookers and thrust a stick of wood down the snake's throat.

The struggle took place at the winter quarters of the Al G. Barnes circus near Culver City.

Carney Bynum, accompanied by his friend Charles Bissett, came in from Wilson to spend the week-end.

Club Notes.

All members of the Woman's Club who have not registered and who expect to attend the banquet to be given by the Woman's Club in October are requested to leave a slip bearing their names thereon, together with fifty cents if they wish two plates reserved—25 cents if they wish one plate reserved, at L. W. Womble's store.

This is very important. Do it now! Mrs. Jas. L. Griffin delightfully entertained the Executive Committee of the Woman's Club at her home Tuesday evening. At this meeting plans were formulated for the banquet to be given in October and annual bazaar to be given Nov. 20th.

Following the close of the business session, a delightful social hour was enjoyed by the following: Mrs. L. M. Farrell, 1st vice-president; Mrs. E. E. Hinton, 2nd vice-president; Miss Evelyn Alston, secretary; Mrs. F. C. Mann, treasurer; Mrs. Addie McManus, chairman Health Dept.; Mrs. Victor R. Johnson, chairman of Music Dept.; Mrs. E. W. Farrell, Publicity chairman; and Mrs. J. M. Gregory, chairman Social Activities. Mrs. A. H. London, chairman Civics Dept. was unable to be present on account of illness.

Delicious refreshments in two courses were served.

Mrs. George Brewer entertained the members of the Civics Dept. at her home Saturday afternoon. Following a most interesting business session a delicious salad course consisting of chicken salad, beaten biscuits, cheese sauce, sandwiches and coffee was served by the hostess.

Mrs. J. W. Hunt entertained the members of the Health Dept. at her home Friday afternoon.

The Music Dept. of the Woman's Club met at the home of Mrs. W. B. Chapin with the chairman, Mrs. Victor R. Johnson, presiding.

There was a full attendance, eighteen present, including three visitors. This department has been instrumental in securing the services of Mrs. Leavitt of Chapel Hill, who will conduct a class at the High School.

Quite a number of lovely articles were brought in for the annual bazaar which will be held November the 20th.

It was decided to use the money raised at the recent recently sponsored by this department in purchasing an orchestral instrument for the school.

After much business had been discussed with the following program in the composer, Edward H. Grieg, was rendered: Mrs. D. L. Bell Grieg's Music; Mrs. W. F. Bland Anitra's Dance; Mrs. Henry Bynum.

Following the rendition of this excellent program a most interesting musical contest was enthusiastically engaged in. Mrs. Henry Bynum answered all the questions correctly with the exception of two and she was presented with a picture of Grieg by the chairman, Mrs. Johnson.

A delicious ice course was served by the hostess.

Visitors present were: Misses Cappie Burroughs and Helen Kimball of Henderson, and Mrs. Edwin B. Hatch.
