

# "FRIENDSHIP AND GOOD WILL"

Is the greatest attainment of mankind. If you were laid up sick, some of your friends would telephone, others would call, may-be-but, would any of them send or bring you a check? That is just the sort of friend we would like to be to you and yours and hand you a check just when it would be most needed.

A man can delay buying overshoes until the weather becomes wet and sloppy.

He can put off the purchase of an overcoat 'till he feels the biting of the wintry winds.

When he is hungry he can step into a cafe and satisfy his hunger.

In short, he can get most anything he wants and when he wants it except, LIFE INSURANCE. HE MUST apply for that before he actually needs it.

He can't get it when he is sick,  
He can't get it when he becomes old,  
He can't get it when he is down and out,  
He can't get it when he is on his death-bed.  
Realizing these facts then, why delay the arrangements of this important matter and be numbered with those who will perhaps hear the words TOO LATE. Make your plans now in the prime of youth before your shoulders become stooped and your cheeks furrowed and your hair white with the frost of the grave.  
The NEW YORK LIFE INSURANCE COMPANY (84 years old this year) has a contract to cover any requirement and each contract is covered with GILT EDGE security.  
The New York LIFE INSURANCE CO. has more than

SIX BILLION, SEVEN HUNDRED EIGHTY-ONE MILLION dollars of insurance in force. Of this amount, more than SIXTY-SEVEN MILLION dollars is in force in NORTH CAROLINA. They have invested in North Carolina more than SIXTEEN MILLION dollars in various investments—bonds, loans etc. In one year, (PAID AND DELIVERED BUSINESS ONLY) they wrote \$13,310,472 in North Carolina. In one year alone they paid to policy-holders, beneficiaries, and invested in this state \$1,084,345.80 more than they collected in premiums from the state. In this record, as all other progressive records, the citizens of CHATHAM county helped to achieve this by buying insurance in the NEW YORK LIFE and investing in something that will net nice, non-taxable returns.

## FIFTY THOUSAND IN BRIDGE BONDS IS PROVIDED FOR

### Moore County Solon Expresses His Approval of Work of Tax Collector, Who Makes Saving.

#### MAY BE A TAX REDUCTION

(From Moore County News)  
Abolishment of rural police, issuance of \$50,000 in bridge bonds and fixing the sheriff's salary at \$3500 per year, to include expenses, are provided for in local bills to be introduced by U. L. Spence, Moore county's representative in the general assembly.

Explaining proposed legislation for the county, Mr Spence writes The Journal, as follows:

"I am enclosing you a copy of bill I am introducing, which fixes the salaries of the Sheriff, Recorder and Solicitor of the Recorder's Court of Moore County. Under the existing law, these salaries are required to be fixed by the board of County Commissioners, and it is the wish of this board that these salaries be definitely determined by law and this seems to be the opinion of everybody. These are elective offices and it seems but fair that it be known in advance by persons seeking just what the salaries will be.

"The salaries of county recorder and solicitor are named in this bill at the amount now being paid and these amounts seem to be reasonable and generally satisfactory.

**Sheriff's Salary**  
"I have found more difficulty in determining what ought to be paid to the Sheriff and his deputies. The commissioners have heretofore allowed a salary of \$3,000.00 to the Sheriff in addition to fees for service of process and \$1500.00 to the first deputy, but there have been varying amounts for expenses for automobiles, gasoline and perhaps a final elimination of these expenses. There has been likewise the question of allowance for one office assistant. By adding \$500.00 to the salary of \$3,000.00 to the Sheriff, making his salary a total of \$3500 and making a provision that this shall include expenses of every na-

ture, it occurs to me that this situation is met fairly to the Sheriff's office and to the people.

"Rural policemen have heretofore been employed by the county. They have performed their duties, as this act provided, independent of the Sheriff's office. Necessarily law enforcement can be better secured by operation under one directing head, and this work has been transferred by this bill to the Sheriff's office and can be done by deputies appointed by the Sheriff, acting under his control, but no deputy can be appointed with pay from the county unless it is approved by the County Commissioners and the salary of the additional deputy can in no case exceed \$100.00 per month, and this can be stopped at any time in the discretion of the Commissioners.

"It does not seem to be generally known that there has been a substantial saving to the County by reason of the act requiring the appointment of a tax collector. The audit of this County's finances shows that if the Sheriff had collected the taxes of 1927, he would have received as commissions for this service under the general law \$11,638.85. The salaries of the Sheriff and tax collector were paid for that year, with a saving in this amount of over \$2,000.00 to the County as shown by the audit.

**Bridge Bonds.**  
"The salary fixed for the Sheriff and his deputy under the bill introduced by me will enable the County to continue this saving.

"The question of replacement of bridges washed out by the floods is one that must be solved. The people cannot do without these bridges, or some of them, and they cost money.

"Taxes are already to high, but the situation, nevertheless, must be met. If a man's house burns down or washes away he must have another in some way, and such a situation. To pay for these bridges in union confronts the County as to one year by taxation would impose too heavy a burden on the people. There has been a demand for the issue of bridge bonds in the sum of \$100,000.00 for this purpose, but after going over the situation carefully, I came to the conclusion that the County can go very far toward these replacements with \$50,000.00, and I have introduced a bill for the issue of bridge bonds in this amount, but I have provided in the bill that to the extent that it is necessary to levy taxes to repay this indebtedness, the levy of road taxes for maintenance shall be correspondingly reduced so that the taxes levied for roads in the future cannot be

increased.

"It so happens that if the general road bill already passed by the house is enacted into law, as it will be by the senate, Moore County will receive from the additional tax on gasoline each year over \$30,000.00 which sum will be applied to county roads to be radually taken over by the State into the payment of road bonds of the County as may be determined by the County authorities, and the taxes in the County on land and personal property must be reduced correspondingly. It will result, therefore, that even with this issue of these bridge bonds, our taxes will be very materially reduced on roads. If the \$30,000.00 received from the state should be applied wholly to the payment of bonds it is evident that they would be repaid in two years."

The General Assembly of North Carolina do enact:

Section 1. The Judge of the Recorder's Court of Moore County shall receive as compensation for his services to be paid by the said County of Moore under existing laws; a salary of two thousand dollars per year, payable monthly; Provided, that if said Recorder's Court shall hereafter, as may be prescribed by law, be given civil jurisdiction, or changed to a County Court with Civil jurisdiction, as prescribed by law, the board of County Commissioners of said County, in the discretion of said board, may pay to recorder or the judge of said court a sum to be fixed by said board in addition to the salary herein named, payable monthly.

Sec. 2. The County Solicitor or Prosecutor of the recorder's court of Moore County shall receive as compensation for his services to be paid by the said County of Moore under existing law, a salary of fifteen hundred dollars per year, payable monthly.

Sec. 3. The Sheriff of Moore County shall receive as compensation for his services all fees, costs and other allowances fixed by statute as fees and allowances due to Sheriffs for their services, exclusive of commissions or other compensation in or connected with the collection of taxes, and in addition thereto a salary of thirty-five hundred dollars per year, payable monthly, by the said County of Moore under existing law; and in addition to the compensation hereinbefore named one deputy sheriff of said County, to be appointed by said Sheriff, shall receive as compensation for his services a salary of fifteen hundred dollars per year, payable monthly. The foregoing salaries and compensation shall be in full for all services required to be per-

formed by said Sheriff and deputy sheriff and in full of all expenses incident to or incurred in connection with said office of sheriff or deputy sheriff including the expenses of travel, office or other expense, and the said Sheriff is authorized and empowered to contract with said deputy and prescribe and fix what sums or items of expense such deputy shall be required to pay from the salary of said deputy as herein fixed in the performance of the duties of his office or appointment.
