killling more happiness than all the other agents of evil combined.

No, no! I did not say that every jokesmith was an agent of evil.

The shafts of ridicule are poisonous arrows.

We treat this most vital thing in human life as a joke.

Love and laughter go hand in hand.

A wedding means more, much more, than is signified by tin cans, old shoes, ribbons, rice and laughter.

Tell a boy often enough that all men are liars and he will grow up a liar.

The comic sections and funny columns of our newspapers, magazines of humor, student publications; the stage, motion pictures, popular songs—almost every influence to which youth is subjected, laughs at mating love and with ridicule makes marriage contemptible.

I wish I could help them to see that these paid fools, who imagine themselves clever wits because they make snoots at God and crack obscene jokes about life, are not funny.

Between you and me, it is quite time that some one shouted "Scat!"

Listen—A degenerate idea of love is infallible proof of degeneracy.

Cut out the cheap comedy—Cease to ridicule love and our divorce courts will close in a generation.

CROWDED traffic conditions today demand six-cylinder performance—with its greater flexibility, greater reserve power, higher speed and swifter acceleration. And now—for the first time in commercial car history—this desirable six-cylinder performance has been made available with the economy of the four. For the new six-cylinder Chevrolet trucks are not only offered in the price range of the four—but they are as economical to operate as their famous four-cylinder predecessors! Both the Light Delivery and the 1 1/2 Ton Utility Chassis are available with an unusually wide selection of body types—and among them is one exactly suited to your requirements. Come in today. We'll gladly arrange a trial load demonstration—load the truck as you would load it, and drive it over the roads your truck must travel in a regular day's work.
