IN MEMORY OF CHILD

In sad but loving remembrance of my dear child, Elizabeth Tyson Dismukes, who departed this life January 25, 1929:

Oh, the memory of that day as I stood with aching heart seeing the one I loved so dearly pass through death's cruel door!

Rest on dear child, your labor is over; your willing hands will toil no more. A more faithful child one cannot find.

Only those who have lost know the silent heart-ache or can tell of the grief that is silently borne.

Dear child, I am sad and lonely today, when I think how suddenly you have passed away. My heart is heavy, my grief is hard to bear, I cannot forget you, Elizabeth; often in the silent hours I wipe the tears away. Yet often when the days are brightest a gleam steals into my heart, for the Lord who gave you has called you away, and to His will we all must bow. You are free from pain and suffering, not a care can reach you now.

But still vacant is the chair which never can be filled. It recalls the loved voice and smile of one who

once sat there. In my heart your memory lingers; there is not an hour, dear child, when I do not think of you. But the Savior's voice whispers: "My child have patience; some day you will meet your loved ones face to face."

But you are gone, but the last sweet look you gave me still lingers in mind. The flowers I lay on your grave will wither and decay, but the

love I have for my dear child will never pass away.

The people of this community like to pay for good things, but sometimes too constant a plea becomes burdensome in hard times. We think that probably, all things taken together, including teachers and preachers, all might learn to be more economical.

If it says Bayer, it's genuine; and if it doesn't, it is not! Headaches are dispelled by Bayer Aspirin. So are colds, and the pain that goes with them; even neuralgia, neuritis, and rheumatism promptly relieved. Get Bayer—at any drugstore—with proven directions.

Physicians prescribe Bayer Aspirin; it does NOT affect the heart
