Spring Showing of General Motors Cars.

This week, throughout America, the public is viewing the newest models of General Motors products. Check and mail the coupon below. It will bring this Spring Showing into your own home.

CHEVROLET—Last year the public bought more than 1,000,000 Chevrolets. This enabled Chevrolet and General Motors to effect one of the most remarkable feats in industrial history: almost overnight, Chevrolet was changed from a 4-cylinder car to a Six in the price range of the four. The new Chevrolet Six is new in every respect: smoother, more powerful, and luxurious bodies by Fisher. 7 models—\$525 to \$725

OAKLAND—General Motors' policy of continuous improvement is nowhere more noticeable than in the new models of the Oakland All-American Six. The distinctive style and advanced engineering principles which Oakland represents have made it a center of unusual public interest at automobile shows. All-American in name, the new Oakland is All-American in its qualities of speed, snap, power and stamina. Fisher makes the bodies. 8 models—\$1145 to \$1375

BUICK—This famous member of the General Motors family, year after year, has given increasing value. Over 2,000,000 Buicks have been built and sold and of this total 1,500,000 are still serving their owners. The new Silver Anniversary Buick, with masterpiece Bodies by Fisher, comes in three wheel-base lengths. All are powered by the Buick Valve-in-Head engine, which is vibrationless beyond belief. 19 models—\$1195 to \$2145

PONTIAC—Since General Motors introduced the Pontiac Six three years ago, its sales have practically doubled each year. Now General Motors offers, in the new Pontiac, a "Big Six," at the same base price. It has big-car power, big-car performance and big-car luxury in the Bodies by Fisher. It is appealing particularly to families which are "stepping up" in car ownership. 7 models—\$745 to \$895

VIKING—There was demand for an 8-cylinder car of General Motors quality in the medium price field. General Motors chose Oldsmobile to design and build the new car, and three years were spent in its development and test. The result was revealed last month in the Viking, the latest member of the General Motors family. Viking has the world-famous 90-degree V-type engine and Fisher's newest creations in bodies. 3 models—\$1595

LASALLE—When General Motors introduced LaSalle, two years ago, it set a style which was widely copied both in America and Europe. The new models are as distinguished as the first. Built by Cadillac, LaSalle enjoys the same mechanical excellence: 90-degree V-type engine of 8 cylinders; transmission that permits gear shifting without noise or clashing at any speed. The bodies, by Fisher and Fleetwood, offer a choice of colors to express individuality. 14 models—\$2295 to \$4900

OLDSMOBILE—General Motors took this long-established car and remade it to provide a fine car at low price. Last year the value of Oldsmobile was so marked that the public bought over 50 per cent more than the year before. The new Oldsmobile models, with Bodies by Fisher, offer still further improvements—and the prices have been reduced! Oldsmobile also has new Special and De Luxe models, with extra features, at slightly higher prices. 7 models—\$875 to \$1035
