

TOWN AND COUNTY BRIEFS

Mr. W. H. Griffin is for his annual summer vacation at Connelly Springs. Mr. H. J. Cross of New Hill route 1 sent in a cotton bloom of July 5. Miss Miriam Chapin returned to her work as professional nurse at Richmond Monday evening. Mrs. W. E. Dark and little daughter, Maxine of West Palm Beach, are visiting the former's sister, Mrs. Sam B. Griffin. Mrs. O. W. Hamilton and son, Billy, and Miss Elizabeth Moffitt of Winston-Salem, have been here on a visit to Mr. and Mrs. W. M. Eubanks. Messrs. H. L. and H. G. Riddle of Greensboro, the former a native of the county, were Pittsboro visitors Monday. Mr. and Mrs. James Spaulding of Chapel Hill spent a day last week with the latter's parents, Mr. and Mrs. Charlie Webster, Siler City, route 1. Charley Thompson told us to be sure to say he had a cotton blossom last Saturday. Mr. Henry Harrington was the second man to report blossoms, Mr. Buck Campbell being first. Messrs. Weeks, Thompson, and Norwood shipped 107 hampers of sweet pepper last week, receiving \$1.75 a bushel. That was the second shipment. Mrs. Perrow of Spokane, Washington, and daughter, Miss Mary Elizabeth, are spending the week with the former's sister, Mrs. George Brewer. Mr. and Mrs. Walter Jones had as guests last week Mrs. Emma Evans and Lucille Evans of Raleigh, one day, and Mr. D. A. Jones and family of Burlington one day. Rev. Jonas Barclay being off on vacation, Mr. J. Alton McIver of Carthage, long clerk of the court of Moore county, will fill Mr. Barclay's pulpit at the Pittsboro Presbyterian church next Sunday. Mr. and Mrs. Barclay are at Montreat. A subscription at this season when the paper is not making publication expenses in the advertising department counts for more than at any other time. Can't you spare us a dollar or two? Only the appearance upon the scene of Dick Ramsey saved the home of Rev. W. W. Long Sunday. Fire had started in the kitchen in the absence of the family at church. Dick broke into the kitchen and extinguished the fire, though the kitchen was considerably damaged. Mr. C. H. Poe of Durham gives us the following data on the Poe reunion at Gum Springs last week: 508 Poes and relatives present; 297 of those bore the name Poe; 41 visitors, or mere friends of the Poes. The two oldest present were Mrs. Emily Poe Dowdy, aged 83, and Mr. W. E. Poe of Cheraw, S. C., aged 75. Mr. Wilson Burns, who was critically injured in an automobile wreck two weeks ago, has had a narrow escape from death. His situation was exceedingly grave, but the last few days previous to this writing his condition has been more favorable. His friends have been very much concerned in reports from Mr. Wilson, who is in a Sanford hospital. The Fourth seemed very much like a Sunday in Pittsboro. Many of the folk were at the Poe reunion, the Siler City, Sanford, or Chapel Hill celebrations, while others disappeared from the streets. The editor had the pleasure of riding up with Mr. and Mrs. J. L. Griffin to hear J. W. Bailey's address at Chapel Hill. Mrs. James Cordon also enjoyed the Griffin hospitality and the eloquent address of Mr. Bailey. Mrs. J. W. Hunt returned Sunday from a very pleasant visit to Mr. and Mrs. William Hunt, who live in Charlotte. Mrs. William Hunt had recently undergone an operation for appendicitis, but had convalesced beautifully. Mrs. Hunt found her son and his bride of a few months cosily domiciled in a lovely apartment. On the Fourth the mother, son and wife visited the parents of Mrs. William Hunt near York, S. C. The little Case thresher recently purchased by the Mitchell's Chapel group of colored farmers is making a record for efficiency. On the Fourth, starting at 7:40 in the morning on Mr. Will Bland's oats and wheat just out of Pittsboro on highway 93, it had completed the job within five hours, though several stops had to be made for lack of grain. It was threshing faster than several wagons could bring the grain. The thirteen acres of oats yielded 437 bushels. There was about 100 bushels of wheat. Insects are raised in incubators at the FLY-TOX factory. When they are fully grown and especially strong and lively they are turned loose in a test cabinet, "The Fly-Tox Chamber of Death." Less than a teaspoonful of FLY-TOX is sprayed inside. Within five minutes all are dead. But, the test isn't finished yet. The dead insects are carefully taken from the "Chamber of Death" and put gently into incubators. They remain there 24 hours in an effort to revive them. If even a wing flutters, the FLY-TOX tested does not come up to the high standard of quality, and never leaves the factory. This is the quick acting insect spray you want. It is FLY-TOX. Accept no substitutes. There is nothing just as good. There is only one FLY-TOX. Developed at Mellon Institute of Industrial Research by Pex Research Fellowship. Every bottle guaranteed.—Adv.

WORTH THINKING ABOUT There are many ways to be thrift besides merely saving the pennies, although we'll admit they are worth saving. Here are a few of them: Save the moments—they are worth something to you if used properly. Be careful of your health—it may save you money for doctor's bills. Store wisdom away in your mind—where it will be valuable to you. In fact, keep sound mentally and physically. We can safeguard your funds—the rest is up to you.
