IS YOUR HOME LEAK-PROOF?

Call on Budd-Piper to supply you with a roof that will never yield to weather or fire. Such a roofing can be had for just about the same price you would pay for any ordinary good roofing. Ask for quotations on your job.

Are You Ready

When your Children Cry for It

Baby has little upsets at times. All your care can not prevent them. But can be prepared. Then you can do what any experienced nurse would do—what most physicians would tell you to do—give a few drops of plain Castoria. No sooner done than Baby is soothed; relief is just a matter of moments. Yet you have eased your child without use of a single doubtful drug; Castoria is vegetable. So it's safe to use as often as an infant has any little pain you can not pat away. And it's always ready for the crueler pangs of colic, or constipation, or diarrhea; effective, too, for older children. Twenty-five million bottles were bought last year.

Gilead, visited Mr. and Mrs. C. C. Hamlet Sunday, and Miss Cammie returned with them for a visit and before returning will visit in Troy.

THE FIRST THOUSAND

Nearly every successful man can say: "My hardest job was the careful saving that accumulated my first thousand dollars."

And it wasn't this first thousand that brought him success. Don't get that idea. It wasn't that at all. It was due to the SAVING habit he formed while accumulating his first nest egg. Learn to take care of your dollars. Place them in our Bank where they will be safe. You are then fairly on the road to financial success.
