Normal human blood is too thick to be drawn through the mosquito's small piercing tube. They must first inject a thinning fluid. In that way disease germs are set afloat in the blood stream—bacteria of burning fever and crippling disease. There is also the danger of streptococcal infection (blood poisoning) from scratching the bite. Mosquitoes must be killed. Health authorities advocate FLY-TOX. Simple instructions on each bottle (blue label) for killing ALL household insects. INSIST on FLY-TOX. FLY-TOX has a perfume-like fragrance. Brown's Chapel News

About half our Sunday school went on the picnic to Lakewood Park, Durham, last Wednesday. Some of us were much interested in seeing the work being done on the campus of Duke University. One building of 900 rooms is to cover three acres. There are 42 buildings in all planned. Some were kept at home by the thrasher, and others seem to have got tired of going to the same place.

One good fellow in our community attributes our poor crops to our failure to pay up our former pastor while others agree that this is a sin the church deserves punishment for.

Our revival begins August 18. It has been a long time since we had a big old-time stirring revival, such as we feel we need now.

We were glad to have our former pastor with us recently, Rev. C. M. Lance.

Mr. Floyd Mann, who owns a big barber business in Detroit, has been spending some time with his parents, Mr. and Mrs. J. T. Mann.

Little Curtis Mann, son of Mr. and

Mrs. W. K. Mann, has been suffering with rheumatism, but we are glad to know he is better.

Jerome Durham, T. C. Kustice, and Charles Lutterloh made up part of the 4-H Club bunch who are spending a few days in camp at Jackson Springs, where they will also receive instruction from experts in dairying and farming, etc.

Mrs. Vida McBane and son, O. D. McBane and family, have been spending some time with the former's daughter, Mrs. Z. L. Dark.

The two classes of young people taught by Mr. J. R. Goodwin and Mrs. E. J. Dark are getting up a play and expect to give it soon, the proceeds to go to the fund for the purchase of an individual communion set.

Mr. and Mrs. W. E. Dark have left Florida and after spending several weeks with relatives in Chatham are preparing to leave for the North to go into business.

Mr. J. W. Dark can supply some of the goat needed for the meeting as he has several nice, fat ones for sale.

Our news for last week failed to get in the paper, including the following item: Mr. and Mrs. C. H. Lutterloh, wishing to do something for a faithful S. S. teacher, who has been kept from her class for some time by feebleness, prepared a good dinner and went over for Mrs. A. F. Whitaker to spend the day in their home recently.

Mr. W. C. Durham, who moved to Burlington 35 years ago, died August 9 at the age of 79. For 14 years he was a faithful member of the M. P. church in Burlington, in the churchyard of which he was laid to rest under a mound of beautiful flowers. He was married twice, but both wives preceded him to the grave. He leaves five sons and five daughters, and a number of grandchildren. Mr. I. A. Durham is a son of his.

Another prayer meeting preparatory to our revival was held Sunday and the attendance was trebled over that of the former. Mr. M. T. Lindley, one of our very best men, conducted it.

TOWN PROGRESS TALKS

Cultivate the booster frame of mind, which instinctively says Yes instead of No to all proposals for the public welfare. Don't fall into the habit of knocking everything that comes up. Try to think how a thing can be done, rather than why it is impossible. Cultivate the success habit, not the failure complex. Boosters are doers. They are happy. They enjoy life, and make the world a better place to live. Every town that amounts to anything owes it to the boosters. They never sit around with long faces and moan. "What was good enough for grandpap is good enough for me." Watch yourself. Don't become a poor, miserable knocker.

Announcement We suppose everybody sometime has wanted to run a newspaper of their own. We plead guilty, not only on that score but also wanted to be an editor.

Mr. Peterson of the Record says running a newspaper has tribulations, but if we insist, he'll rent us this little corner each week, and it'll be up to us to make good.

So we'll be here every Thursday with Fordfax in which we will talk about Your People, Our Community, Its Improvements, and maybe a little bit about the automobile business.
