SILLMON WOUNDED

STARTS ON PAGE ONE. They found him at a point on route 69, about two miles north of Siler City. Sillmon refused to halt and narrowly missed running over Deputy Sheriff Desern. He again refused to halt. Deputy Sheriff Crutchfield said that Sillmon then reached over to the side of the car, evidently to get his gun. All three of the officers then are said to have fired, and Sillmon was struck by one of the bullets. Deputy Sheriff Crutchfield said that he did not know which one of the officers shot Sillmon. The Cadillac car had been used 40 days and had been driven 8,000 miles. Mrs. Sillmon yesterday asserted that her husband was not armed. Reports as to whether a pistol was found in the Chrysler were conflicting.

Among the Chatham county people who came to St. Leo's hospital yesterday because of the shooting of Homer Sillmon was his father, H. L. Sillmon, 77 years of age, who lives about 10 miles from Siler City. Mr. Sillmon was cutting hay when he heard of the shooting. Mrs. Homer Sillmon set out from the home of H. L. Sillmon when news of the tragedy reached her. She met the wounded man and the officers coming to Greensboro and proceeded to St. Leo's.

Homer Sillmon has one sister, Mrs. Ida Newby, of 9 Vine street, Proximity, Greensboro, and five brothers, Ben and Virgil Sillmon, of Richmond, Va.; Arnold and Clarence Sillmon, of Siler City, and Dewey Sillmon, of Pomona. Mrs. Sillmon met her husband about six months ago, she said yesterday. She added that she has been living in Greensboro four years.

Efforts of the Daily News to obtain from Chatham county the name of the man in the car with Homer Sillmon were unsuccessful. It was reported that he was taken in custody for investigation.

Sillmon was conscious when he was brought to St. Leo's hospital. Last night he was reported to be regaining consciousness following the ether and it was said that he was "doing as well as could be expected." The highly critical condition of the man, however, was readily apparent. Last night no warrants as a result of the shooting of Sillmon had been issued, available information indicated.

Deputy Johnson, seen after the above was written, says the warrant was issued Monday and he and Desern went at the call of Crutchfield and the shooting had already occurred when the sheriff was summoned and Desern had brought Amos Sillmon to jail and he and Sheriff Blair returned. Amos got out of car to pay repair bill, and Officer Johnson went to car. Motor was running and Homer drove off at a rapid speed. Lacy followed in car. The other officers went round and met the fleeing man. They drew guns on him and ordered him to stop. He apparently reached for a gun as they approached, and Crutchfield a gun was found in the pocket of Sillmon's car.

There is already a case pending in federal court for bringing the stolen Cadillac across Virginia line into North Carolina. He is also charged with violation of prohibition law.
