DOINGS OF CHATHAM FARMERS

STOCK FARMING, POULTRY, ETC.

News of the Week on Chatham County Farms

Results on the guessing contest conducted at the N. J. Dark five acre corn demonstration during the farm tour in August are as follows: First, Ernest Brewer, Siler City R. F. D., estimated yield, forty-nine and two-fifth bushels per acre; second, Jake T. Johnson, Siler City, R. F. D., estimated yield 47 bushels per acre, third, W. Z. Crews, Pittsboro, R. F. D., No. 1, estimated yield, forty-six and one-third bushels per acre. First prize was \$3.50, second prize, \$2.50, third prize \$1.50. The correct yield on this five acre demonstration was 250 bushels of corn, or 50 bushels per acre. The yield was considerable higher than estimated by most parties participating in the contest.

The report on the final yield of the five acre nitrate of soda demonstration with cotton conducted by Mr. H. A. Harrington of Merry Oaks has just been received. The five acres made a total of 2449 pounds of lint cotton, or 490 pounds of lint cotton per acre. Considering the very unfavorable season, we feel that Mr. Harrington is to be congratulated on the excellent showing made with this demonstration.

Throughout the middle of the field, Mr. Harrington left three rows which received no nitrate of soda. These three rows made 62 pounds of lint cotton, compared with 134 pounds of lint cotton from three rows under which soda was used. Mr. Harrington

made a net profit of \$78.19 per acre above fertilizer and labor cost on this demonstration.

The results of the guessing contests held at this demonstration during our farm tour in August is as follows: First prize, Mr. A. P. Harrington, Merry Oak estimation, 2450 pounds of lint cotton on the five acres; second, Mr. E. C. Mims, Merry Oaks, estimation, 2410 pounds of lint; third, J. R. Moose, Bonlee, 2350 pounds of lint.

Mr. J. T. Gilliland of Bennett, R. F. D. No. 1, has the following to say about the yield of corn following lespedeza: "We hauled 24 1/2 loads of corn from a nine acre field that had lespedeza turned under before the corn, besides gathering a lot of seed corn. We shucked out an average load, and it weighed 20 bushels, which would make the total yield on the nine acres 490 bushels. Before seeding lespedeza on this land, it averaged 20 bushels to the lespedeza, Mr. Gilliland more than doubled his yield."

In response to a letter written him regarding the yield of corn following a one year crop of lespedeza, Mr. John E. Clark of Pittsboro R. F. D. No. 2 has the following to say: "Our corn following lespedeza made six barrels per acre. This same soil is not capable of producing over three barrels of corn to the acre without lespedeza."

The county agent has received a number of reports from various farmers everyone of which show an increased yield of not only corn but cotton as well following lespedeza. Limited space prevents our giving these results.

FARM PHILOSOPHY

Blessed are they that test their cows for they shall inherit more milk.

A bushel of seed corn field selected now may mean a hundred bushels gained in next year's yield.

Still another form of farm relief consists of stopping the leaks—preventing little wastes that total big losses.

Frank Farmer says: "I realize that we farmers are at fault in not giving any thoughts to marketing problems until we are ready to sell something."

Timid question: Why will a farmer labor hard to produce cotton and then let the bales lie out in the weather to lose value rapidly?

Beauties in "the sceneries of the sky" repay us for the faded glory of autumn foliage.

CHATHAM WILL HAVE BETTER DAIRY SIZES

During the coming year, it is planned to conduct a sale of high class, registered jersey bulls at Siler City. The county agent is making

arrangements with Mr. John A. Arey, of the Department of dairy husbandry at State College, and Mr. A. R. Morrow, secretary of the North Carolina Jersey Cattle Club for the selection of these bulls. There will only be a limited number of individuals in the sale, but no bull will be considered for the sale unless he possesses qualities which will increase the production of the native stock. It is planned to select these bulls from dams and sires that have good records.

Some three years ago, Mr. W. H. Ferguson, J. E. Clark and others in the Hickory Mountain community purchased a bull for use on their herds. These men had just begun the sale of whole milk, and realized the necessity of raising cattle of higher production than the ones on hand. Mr. Ferguson reports that some of the heifers sired by this bull are fresh, and states that they are producing better than their dams.

TIME TO THINK ABOUT SOY BEANS

The county agent was recently quoted a good price on several cars of soy beans for immediate shipment. Last year, there was some complaint as to the quality of beans handled, so in order to avoid a repetition of this this year, every car of beans handled here will have a federal inspection as to quality and germination. The crop seems to be short this year, due to unfavorable weather conditions, and those farmers who are anxious to save money on the price of these beans should get in touch with the county agent before the price goes up.

LESPEDEZA SEED HARVEST IS SHORT IN UNION AND STANLY COUNTIES

Just recently, the county agent write Mr. T. J. W. Broome, county agent of Union County, and Mr. Oscar Phillips, county agent of Stanly County in reference to the seed harvest of lespedeza, the price, quality, etc. Both of these men stated that the crop was short, due to some of it being cut for hay and unfavorable weather conditions prevailing at harvest time. It is their opinion that it will be best to obtain our seed now, or as soon after harvest as is possible.

WANT ADS

WANTED—Eggs. R. J. Moore & Co., Bynum, N. C.

FOR SALE: One McCormick-Deering 15-30 Tractor at a reasonable price. Please see us if interested in buying. Wilkins-Ricks Co.

FOR REAL WORK you need real Shoes—shoes that are made of good solid leather and sewed with the best thread made. Come in and get acquainted with the Shoes that give you more mileage per dollar. C. E. Durham, Bynum, tdecl

SALT 90c a hundred at R. J. Moore & Co.

LOST—Two blackish boar shoats, weighing about 60 pounds each, strayed from my place near Bray's Mill. Finder please notify me and get pay for trouble. Cross between Black Essex and Duroc Reds. "Urie T. Clark.

Moncure News

Mr. and Mrs. Jack Allen of Albany, N. Y., have spent several days in Moncure the past week. They left by auto Monday for Miami, Fla., where they will spend some time.

Mr. Fred Battle of Raleigh was in town Monday on business.

Mr. Marvin Ray of Pee Dee spent last week-end here with his parents, Mr. and Mrs. J. V. Ray.

Mr. D. J. Hackney, the son of Mr. and Mrs. J. J. Hackney left one day last week for Montreal, Canada. As winter is on it seems that it is a mighty bad time to go north.

The French Club of Moncure High School met with Miss Dorothy Lambeth at her country home Monday evening. As the weather was so unfavorable only a few were present. After the business meeting was conducted by the president, Mr. Wilson Womble, several games were played, including several delays. Before the departure of the guests the hostess served hot chocolate, vanilla wafers, pimento sandwiches, candy and grapes. The meeting adjourned by deciding to meet next with Mr. Wilson Womble. Those present were Misses Jack Wheeler, Dorothy Lambeth, Alma Kendrick and Hortense Honeycutt and Messrs. Eugene Lambeth, Willie Kendrick, Julian Ray, J. L. Womble, Jr., and James Cathell.

The Epworth League met last Sunday evening at 6:45 o'clock, the president, Miss Camelia Stedman called the meeting to order and presided over the meeting. After a song by all the minutes of last meeting were read by the secretary, Mr. Lewis Burns, then roll was called with the members responding with their monthly pledge money for missions, as it was missionary night. Next the following girls and boys, Misses Roberta Lambeth, Emma Lee Mann, Margaret Strickland, Hetty Womble, Lois Wilkie and Messrs. Lewis Burns and Julian Ray sang a song which was enjoyed. After which Prof. H. G. Self led in prayer, then Miss Lucy Boone favored us with a beautiful solo and it was enjoyed so much. Next Mr. E. W. Avent, Jr., lectured on one of the Mission Study Books, entitled "New Paths for Old Purposes," by Margaret Burton and his lecture was very interesting. After the lecture, the meeting was turned over to Miss Lucy Boone, who led in Miss Catherine Thomas' place. Mr. Julian Ray first read the Bible lesson and then Miss Boone told in an interesting way about "The First Thanksgiving" and then compared it with the observance of Thanksgiving today. The meeting closed with the league benediction.

Moncure Girls Basket-Ball Team played Biscoe Girls Basket-Ball Team at Sanford court last Friday evening. It was an interesting game and Miss Jack Wheeler was the star goal thrower. The score was 40 and 31 in favor of Moncure. Those on the first team of Moncure school are: Misses Jack Wheeler and Margaret Strickland, goal throwers and Misses Lois Wilkie, Camelia Stedman, Hazel Cross and Frances Thompson.

Moncure boys also played Biscoe boys at Sanford, the same night. The boys also had an interesting game with all playing good, but some thought Ray Goodwin and Wilson Womble were in the lead. The following Moncure boys are on the first team: Messrs. Ray Goodwin, Wilson Womble, Alfred Womble, Jay Cotten and Norton List. The score was 25 and 12 in favor of Moncure.

Both Moncure girls and boys teams are undefeated champions so far.

Miss Dorothy Lambeth entertained several of her Moncure friends at her home last Thursday evening.

Mr. and Mrs. R. W. Hunt of Dunn were in town on business last Thursday.

Moncure school will close for Thanksgiving holidays. The teachers are expecting to spend the holidays at their respective homes.

The teachers of Moncure school attended a teachers meeting at Pittsboro last Saturday.

Meb Crump, a worthy colored man, who has been living on Mrs. Tamor Dezer's place for 15 years, died Sunday, November 25, of Bright's disease. He will be buried at Haywood tomorrow.

Rumor Wednesday is that Mr. Don Farrell had been hurt by a car. No particulars at this writing.

Now Millions More Stop "Dosing" Colds

Better External Treatment Wins New Users All Over the World

Every year since the introduction of Vicks VapoRub, more and more people have given up the old-fashioned way of "dosing" colds and turned to this modern external method. Today, the whole trend of medical practice is away from needless "dosing."

Mothers of young children especially appreciate Vicks because there's nothing to swallow, and, of course, nothing to upset delicate stomachs. Just rubbed on, its medicated vapors are released by the heat of the body and inhaled direct to the inflamed air-passages. At the same time Vicks acts through the skin like a poultice or plaster, "drawing out" tightness and soreness.

Year by year, the fame of Vicks has spread from neighbor to neighbor and from state to state, until now it is used for the colds of adults as well as children in over 60 countries.

The ever-growing demand for this modern method of treating colds is shown in the familiar Vicks slogan. Made famous when Vicks reached "17 Million Jars Used Yearly," later raised to "21 Million," these figures are again being changed, as there are now "Over 26 Million Jars Used Yearly"—in the United States alone.

NOTICE OF SALE OF REAL ESTATE

Under and by virtue of a decree made and entered in that certain special proceeding now pending in the Superior Court of Chatham county, North Carolina, entitled "Lou Truelove, et als. vs. Annie Truelove, et als.," the undersigned commissioner will, on

Saturday, the 7th day of December, at 12 o'clock, noon,

at the courthouse door in Pittsboro, North Carolina, offer for sale, to the highest bidder, upon the following terms, to-wit: ten per cent cash on day of sale; fifteen per cent upon confirmation of the sale, and the balance on the 1st day of December, 1930, those two certain tracts or parcels of land lying and being in Cape Fear Township, Chatham County, North Carolina, and being more fully described and defined as follows, VIZ:

FIRST TRACT: BEGINNING at a rock S. W. Harrington's corner, the north 1 degree west 84 1/2 poles to a stump; thence south 85 west 38 poles to a stake and pointers; thence north 4 west 16 1/2 poles to a rock; thence north 80 west 117 1/2 poles to a stump; thence south 78 poles to a white oak; thence east 82 poles, stake on gully in a drain; thence south 16 east 52 poles to a pine stump; thence east 82 poles to the BEGINNING, containing 67 acres, more or less, EXCEPT 35 yards square where the graveyard is now. Same being the tract of land conveyed to J. H. Lawrence by deed from M. J. Boyd and wife, dated 18th day of November, 1895, and recorded in the office of the Register of Deeds of Chatham County in Book CR, page 521-522.

SECOND TRACT: Adjoining the lands of J. R. Marks and A. F. Harrington, and

BEGINNING at an ash on bank of Cape Fear River; thence east 70 poles to a stake; thence north 30 poles to a stake; thence east 23 1/2 poles to a stake; thence south 2 degrees west 34 poles to a rock pile corner thence west 299 1/2 poles to the first station, containing 51 1/2 acres, more or less, same being the land conveyed to A. R. Lawrence by deed from J. R. Marks, et als, dated January 1st, 1907, recorded in the Registry of Chatham County, N. C., in Book EB, page 493 etc.

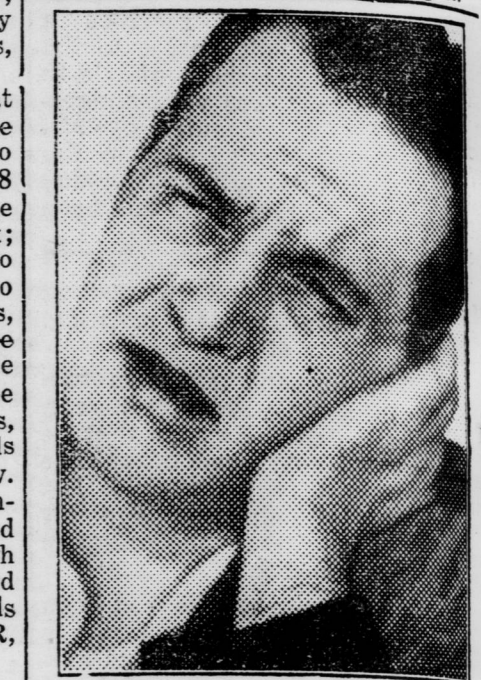

This 13th day of November, 1929. WADE BARBER, Commissioner.

Siler & Barber, Attys.

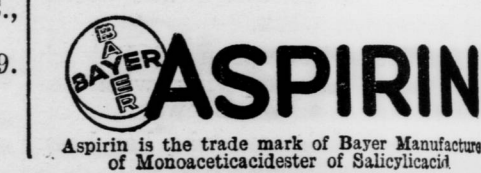

"DID YOU KNOW THAT—"

Men who are planning to sow clover next spring should be sure to buy only tested seed which is adapted to local conditions. The importance of this is well illustrated by the fact that a sample recently analyzed by the Purdue Experiment Station, and which had been offered for sale in that State, has been found to contain more than 20 per cent weed seeds, many of which were the most noxious varieties. Stated another way, there were more than 148,000 noxious weed seeds per pound of this clover.

A man in Saginaw, Mich., claims to have used the same collar button for 37 years, but that doesn't necessarily mean he is thrifty. Think of the trouser knees and dressers he must have worn out recovering it.

MOST people depend on Bayer Aspirin to make short work of headaches, but did you know it's just as effective in the worse pains from neuralgia or neuritis? Rheumatic pains, too. Don't suffer when Bayer Aspirin can bring complete comfort without delay, and without harm; it does not affect the heart. In every package of genuine Bayer Aspirin are proven directions with which everyone should be familiar, for they can spare much needless suffering.

Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid

SAVING VS. BORROWING

Even if borrowing were always easy, or indeed possible, borrowed money has to be paid back. Accordingly, it is easier to save when you can before the need of additional money arises and thus avoid borrowing at all, or much. Deposit every dollar you can spare with this bank, and you do two things:

You avoid the need of borrowing later; so much later, if not altogether.

And you are establishing a basis of credit in case borrowing should be necessary.

A bank has confidence in a person who saves when saving is possible, or difficult.

The upsets of Children

All children are subject to little upsets. They come at unexpected times. They seem twice as serious in the dead of night. But there's one form of comfort on which a mother can always rely; good old Castoria. This pure vegetable preparation can't harm the tiniest infant. Yet mild as it is, it soothes a restless, fretful baby like nothing else. Its quick relief soon sees the youngster comfortable once more, back to sleep. Even an attack of

colic, or diarrhea, yields to the soothing influence of Castoria.

Keep Castoria in mind, and keep a bottle in the house—always. Give a few drops to any child whose tongue is coated, or whose breath is bad. Continue with Castoria until the child is grown! Every drugstore has Castoria; the genuine has Chas. H. Fletcher's signature on the wrapper.

ANNOUNCING

the opening of Pittsboro's new drug store. We carry a complete line of Drugs, Drug Sundries and Toilet Articles. Prescription work day or night.
