STEPPING ON IT

Some one has asked what Sir Walter Raleigh said that time when he spread his cloak across a damp place in the road for the beautiful Queen to walk over. Si Chestnut says he probably said: "Step on it, Lady."

"Step on it" has a different meaning these days. It means speed up, go faster, live beyond your means. But this bank is just old-fashioned enough to believe that the old way of SLOW but Sure is best, especially for a bank like ours that handles so much of other people's money. Are we right?

THE BANK OF GOLDSTON

START YOUR FORTUNE

We would ALL like to have PLENTY of money. No use denying it. Yet in the long run, ALL do not become well fixed, financially. Why?

Any number of reasons. Bad luck, poor investments, failure to form a habit of SAVING. There are too many little things one MUST have have. It's a little here, a little there. But figure up their total for a week, or a month. When you deposit funds at the bank, (for your own good) determine to leave them there. That's the way fortunes are started.

THE BANK OF PITTSBORO

OFF AGAIN.

We are off again for a year's work. This Bank realizes the handicap with which many of its friends start the new year, and shall be glad when possible to help them plan for the year's work.

But' despite discouragements, let's make up our minds to make it a great year. Planning and hard work will save the day. A man must not be idle this year if he has to work for half-price. Doing something that will help a little will beat doing nothing part of the time.

THE BANK OF MONCURE

MONCURE, N. C.

When BABIES are upset

Baby ills and ailments seem twice as serious at night. A sudden cry may mean colic. Or a sudden attack of diarrhea—a condition it is always important to check quickly. How would you meet this emergency—tonight? Have you a bottle of Castoria ready? There is nothing that can take the place of this harmless but effective remedy for children; nothing that acts quite the same, or has quite the same comforting effect on them.

For the protection of your wee one—for your own peace of mind—keep this old, reliable prepara-

tion always on hand. But don't keep it just for emergencies; let it be an everyday aid. Its gentle influence will ease and soothe the infant who cannot sleep. Its mild regulation will help an older child whose tongue is coated because of sluggish bowels. All druggists have Castoria; the genuine bears Chas. H. Fletcher's signature on the wrapper.

More Mothers

each year—treat COLDS EXTERNALLY

When Vicks VapoRub was introduced, mothers especially were quick to appreciate it, because it is just rubbed on and cannot upset children's delicate stomachs, as "dosing" is so apt to do. Ofcourse it is equally good for adults.

Today, the whole trend of medical practice is away from needless "dosing," and the demand for Vicks has grown until it is necessary to again raise the figures in the famous slogan. There are now "Over 26 Million Jars Used Yearly."
