

TOWN AND COUNTY BRIEFS

Rev. Geo. R. Underwood has continued quite ill.

Miss Lucile Farrell, who is teaching at Broadway, also Dr. and Mrs. Thie Farrell of Troy visited their parents, Mr. and Mrs. Bob Farrell Sunday.

Mrs. Gardner is very ill at the home of Mrs. W. F. Beard.

Miss Alma Dailey has returned from a northern hospital, where she went for treatment.

Mrs. Geo. H. Brooks, Jr., teacher of Latin in the Pittsboro school, who has been sick for nearly three weeks, will, it is hoped, soon be able to return to her class work.

Mr. Zeb Johnson has 33 lambs, or reported that many last Saturday, and expects the number to run to forty. That means some clear money for him.

Mrs. W. P. Perry of Durham, a sister of Mrs. B. A. Perry of Pittsboro is critically ill, as are two nieces of Mrs. Perry.

If you are behind with your subscription, please try to help us out some next week.

The editor and Ed Hinton rode down with Supt. Reid Thompson to Raleigh Friday afternoon. The writer met a number of old friends, among them Mr. Bailey, candidate for the senate, who reported many encouraging indications of a successful campaign. A stop was made at the penitentiary to see Vander Johnson, who has a job down there for the present. This was Reid's first visit to the pen, if it should not be his last.

Mr. Archie Ward, on the Goldston road, who was very ill with pneumonia, is reported by his physician as on the highway to recovery.

Mr. C. H. Hamlet, who has been ill two or three weeks, suffering from an asthmatic condition, was better the first of the week.

Mrs. Robinson, widow of the late Dr. Robinson and sister of Mr. N. J. Wilson, was very ill the last of the week. She was attended by Dr. Chapin, and by Miss Lucile Peterson as nurse.

Court next week. Come prepared to renew your subscription and tell your neighbor who does not take The Record what he is missing. It would surprise you to know how many voluntary new subscriptions come into the office the past few weeks. The Record never had a more solid popularity.

Judge Thos. H. Calvert and Mrs. Calvert of Raleigh visited the latter's aunt, Mrs. Aurelia Taylor, near Moncure, during the week-end, and the three ran up to Pittsboro Saturday afternoon, where they were greeted by many friends. Judge Calvert located here when he first came over from England, along with Mr. Geo. R. Pilkington, and married his charming wife here.

Mr. Fred Justice expects to open the Ford Garage here not before March 15. There is a lot of old cars to be sold and he does not want to come in before they are cleared out. Again, at last information, no agreement had been made as to the sale of equipments of the Weeks Motor Company. Mr. Justice has made an offer, but it had not been accepted.

Rev. A. C. Ray, Jr., has resigned his Virginia pastorate to accept a call to a city church in New Orleans. He will arrive in Pittsboro this week to spend a few days with his parents, Mr. and Mrs. A. C. Ray, before going to his new field in Louisiana.

We have heard that the hair of the dog is good for his bite, but it was new to us learn that chicken soup was good for chickenpox. At least, we met Mrs. Vietr Johnson going to buy a chicken to make soup for her little girl who has the chickenpox.

You will notice that Mr. S. Will Harrington, of Corinth, has announced his candidacy for the House of Representatives. Mr. Harrison formerly served as county commissioner for eight years, and, therefore starts in the race with the advantage of a large acquaintance throughout the county. The race thus far lies between him and Mr. Victor R. Johnson. He is a stalwart citizen.

Scientific Theory

Because the maps of South America, Australia, India, and the Antarctic continent can be fitted neatly around a map of South Africa, some scientists think it possible that great land masses long ago broke up to form the continents.

NEEDED "MOMENTUM"

The colored deacon said: "Sister Johnson, we are taking up a collection for our Pastor. He's called to preach down in Alabama, and we thought he ought to have a little 'momentum.'"

Well, he wasn't so far off, at that. A little ready money at the right time often gives the needed momentum on the road to success. But it must be READY money. That's why it pays to keep a snug little sum on deposit ALL the time. If the deposit is at our Bank it will be READY when you need it.

THE TURTLE WON

Probably the strangest race ever booked in all history was related in the old Fable in which a rabbit was matched against a turtle—and the TURTLE WON!

But the same old race is being put on today. Did you know that? The swift rabbit called SPECULATION is being matched every day against the slow-plodding turtle named INVESTMENT. Speculation has the speed, but is erratic—likely to spurt in the wrong direction any time. Investment heads straight for the goal of success, going swifter toward the end of the race. Place your money on the turtle.

THE BEST WE CAN

Farmers should not economize on fertilizers if they can possibly manage to secure them. But they can not afford to buy them on time prices, even if they can get them on time. It is cheaper to borrow the money and pay cash. This bank will do its best for the farmers, though, as all know, we are bound to observe the rules of safe banking. Come in and talk your business over with us.
