#### HE DIDN'T GET IT

A friend said to a Scotchman: "If you had six dollars and I asked you for one, how many would you have left? "Sandy promptly replied: "SIX."

They tell a good many stories about the Scotch being a bit "tight," but just the same their habit of being frugal, saving and economical might be followed by a lot of people who poke fun at them. People should not only be saving, but also keep their savings in a good Bank-like ours.
