COPYRIGHT 1930 BY BOYCE & RANKIN

PICTURE OF NORTH CAROLINA GAZETTE, NEW BERN

THE FIRST newspaper published in North Carolina was established in 1755 at New Bern by James Davis. The paper was called "The North Carolina Gazette." During the Revolution printing of papers ceased and there is no record of a paper in the State until 1783 when Robert Keith started a weekly paper at New Bern. Keith said the people had learned the "Worth by the Want." There are now thirty-eight daily and one hundred and sixty three weekly papers in the State. The newspaper of North Carolina through the broadcasting of facts about our State have been instrumental in building up community and State pride. Their public-spiritedness is manifest. The material benefit is negligible to most newspapermen who take special pride in producing a good paper filled with profitable and enjoyable information for people of their communities. Large corporations are today spending millions for newspaper advertising. Retail merchants and small manufacturers are fast realizing that newspaper advertising is a good investment.

## Unintentional Suicide

Many people are slowly poisoning themselves just as surely as if they drank iodine every morning for breakfast. They are daily absorbing the toxins, or poisons, created by accumulated waste matter in their constipated digestive systems. Sooner or later disease will conquer their weakened bodies.

If you have dizzy spells, headaches, coated tongue, bad breath, insomnia, no appetite, bilious attacks or pains in the back and limbs, you are probably suffering from self poisoning caused by constipation. The surest and pleasantest relief for this condition is Herbine, the vegetable cathartic which acts in the natural way. Get a bottle today from Pittsboro Drug Company.

If you can't be a good servant you will not make a good master.—Russian proverb.
