TOWN AND COUNTY BRIEFS

Mr. John Pace of Maxton was up for a few days the first of the week.

The recent graduates of the high school here, accompanied by Principal Waters, visited Raleigh Tuesday.

The Winnie Davis Chapter of the U. D. C. will entertain the veterans on May 10 and all Daughters and children of the Confederacy are requested to bring flowers to decorate the graves of veterans.

Mr. Rem. P. Eubanks was taken to Watts Hospital last Thursday for an operation for fistula.

Miss Dora Daffron of Pittsboro, route two, who has been ill at a Raleigh hospital for the past several weeks, is still far from well, we were informed a few days ago.

The Elk Lumber Company of Bonlee has been incorporated. The authorized capital stock is \$10,000. \$300 paid in by John C. Kirkman, J. H. Alexander, and D. F. Ray, the latter of Sanford.

Memorial services will be held this year at Rock Springs church on the fourth Sunday. Speakers for the occasion will be later announced.

Rev. and Mrs. Woodard are domiciled at the home of Captain Alston and Mr. and Mrs. D. B. Nooe while Mr. Woodard is assisting Pastor Dailey in a protracted meeting this week. Mr. and Mrs. Woodard are former residents of this town, Mr. Woodard having served this circuit four years several years ago.

With neither news nor business, don't be surprised if you find a small paper this week. Yet the paper will always be large enough to carry all the worthwhile county news we can get.

There was a surprising number of people here Monday and Tuesday, too. County court, commissioners in session, the meeting of the board of education Monday combined to make Monday look like a first day of superior court.

Miss Elizabeth Burns, daughter of Mr. and Mrs. John Burns of Pittsboro, was married a few days ago to Mr. Jimmie Stead of Chicago. The marriage took place in New York City, where Miss Burns has been serving as a professional nurse. The groom is an architect, we are informed.

A message from Mr. John Lee Burns, who recently went to New York states that he has a job with the U. S. Bank and was recently invited out to dinner by the vice president. That is coming fast. When John Lee gets to be president himself, we hope he will remember his poor Chatham friends.

Moncure News

The road force will get through pouring concrete the first of this week, on the strip of road between here and Merry Oaks, so this road will be open for travel in about 10 days. The weather has been so good, they have made rapid progress lately.

Prof. S. J. Husketh of Sanford was in town today, Monday.

The Junior Epworth League met last Sunday evening at 7 o'clock. Miss Marjorie Lee Ray was leader for the evening. The following assisted in presenting the lesson: Misses Betty Harward, Dorothy McCracken, Ruth Stedman and Ruby Womble.

The Senior Epworth League met at 7:30 o'clock. Miss Camelia Stedman, the president, called the meeting to order. After a short song service, the secretary, Mr. Lewis Burns, read the minutes of the last meeting and also the Bible lesson for the evening, then Miss Lois Wilkie led the prayer. As Prof. H. G. Self, the leader for the evening, was absent, the subject, "The Bible Our Source of Religious Knowledge," was presented by Mrs. W. W. Stedman. After a song, "More About Jesus," the meeting closed with the league benediction.

Mrs. J. C. Moore and son, William Murphy, left last Saturday for a two weeks visit to her old home at Hertford.

A good number from here attended the burial of Mr. Fred Lilly at Hank's Chapel, Christian church, last Sunday afternoon. The members of Moncure Junior Order performed the ceremony at the grave.

The census taker of Moncure and Haywood first found that they had made a lively increase; but after asking questions and finding the exact limits, found a good number who had been reported in the incorporated limits heretofore were not living in the incorporated limits, therefore taking a good number off of the population. This is the reason of the decrease of Haywood and not any more of an increase of Moncure. If all living in and around Moncure should be counted, the population of our town would reach nearly the 500 mark.

Mrs. J. T. Brody is visiting her daughter in Raleigh this week.

Miss "Jack" Wheeler, the daughter of Rev. and Mrs. C. C. Wheeler of Merry Oaks and who was a member of the senior class of Moncure high school, surprised her friends and school-mates by announcing the last day of school, May 1st, her marriage, on Saturday before, in Virginia, to Mr. Ray Goodwin, another high school student of Mon-

cure high school and son of Mr. and Mrs. Joe Goodwin of New Hill. Mrs. Ray Goodwin, nee Miss "Jack" Wheeler, was a member of the senior class, who was among the number to receive a diploma and she was also giftorian of her class. She also graduated in piano music this spring, under Miss Lucy Boone. She was a talented girl. Her class-mates, school-mates and many friends wish for them a long and happy life.

The following are the members of the senior class to receive diplomas last Thursday evening: James Cross, Jr., Eugene Lambeth, Jr., Wilson Womble, Jr., J. L. Womble, Jr., and Misses Marguerite Cooper, Lura Dawkins, Rose Sturdivant, Dorothy Lambeth, Alma Kendrick, Frances Thompson and Annie Jackson Wheeler.

Miss Dorothy Lambeth won the department medal and Ben Mims won the scholarship medal. Both these medals were given by Mr. E. E. Walden, one of the prosperous merchants of Moncure.

The play that was given by the senior class last Thursday evening was enjoyed by the large crowd present. The auditorium was packed, several hundred standing up in the rear. If Moncure school grows in the future as it has during the years of consolidating schools, other rooms will be needed and more teachers. It is the writer's understanding that another teacher will be added to the high school faculty next school year. Under the supervision of Prof. H. G. Self, who is a good disciplinarian, the school is held together well and his students all like him as a teacher, so we are glad to say that he will hold fort next year. All the teachers have been elected back, and it is the understanding that most all of them will be back next year. Prof. W. R. Thompson introduced in appropriate words the speaker last Thursday evening, Dr. D. O. Carroll, dean of the school of commerce of the University of North Carolina who delivered the address to the graduating class. His address was very appropriate, giving sound advice and knowledge to the graduating class and audience. This has been one of the most successful years in the history of Moncure school.

ASBESTOS ROOFS Last Forever

Home-builders who cover their homes with Asbestos Shingles never have to worry about roofing expenses any more. Asbestos Shingles last forever. Fire will not burn them and rough weather fails to damage them.

These shingles are made of indestructible asbestos and Portland Cement, and when they cover your housetop it is almost the same as having a slab of solid rock on it. And these shingles cost no more than other good shingles. Before you roof or re-roof ask us for estimates of cost.
