## STOP, LOOK AND LISTEN!

Stop, look and listen. There will be an entertainment at Glover's school house Saturday, June the 21st for the training school drive that is now on for the colored people of Chatham county. A great fish fry and refreshments of all kinds. Our efficient superintendent and Mr. L. W. Ellis will be with us on that day.

Everybody get in route for Glover's Grove school house. We plan to make it a high day. Don't forget the date.

Mr. L. W. Ellis, manager and Florence N. Peoples, teacher of Glover's Grove school.

## WILSON SCHOOL MAKES GOOD CONTRIBUTION

Oppie N. Hooker, teacher of Wilson school, New Hope township, wrote Supt. Thompson recently that her school, though a very small one, had contributed \$18.05 to the Training school fund, and that the community expects to raise its full quota this summer. The colored people of the whole county are interested in the establishment of the Training School. Wilson's school, for instance, is over in New Hope township. It had only 18 pupils and for a school to contribute a dollar per pupil right off the bat is a fine record. But colored folk are just about the most liberal people in the world.

## Adults Contract Children's Diseases

Adults can, and do, contract many children's diseases. And, usually, they suffer from them much more than children do. For instance, many adults contract worms, an ailment usually associated with children. Sometimes they suffer intensely and take expensive medical treatments, without realizing that worms are the cause of their troubles. Yet, the symptoms are the same as in children, loss of appetite and weight, grinding the teeth and restless sleep, itching of the nose and anus, and abdominal pains. And, the same medicine that surely and harmlessly expels round and pin worms from children will do the same for adults—White's Cream Vermifuge, which you can get at Pittsboro Drug Co. Adv.
