**WHEN DOLLAR IS KING**

MONEY rules and governs many things in life and without it we are mere serfs. There is only one way to start—and that is through a Savings Account in some strong Bank.

ANY time—this week or next—come to the Bank of Goldston and we will show you the way to financial independence.

One dollar will start a savings Account.

SUCH an account grows slowly, to be sure, but steadily.

BEAUTIFUL and CHARMING! It's an added special quality that makes the beauty of a pretty girl. But she's a natural favorite to begin with. And for the same reason Camels are favorites with the modern crowd. Scientific principles govern their manufacture; but the mildness, the fragrance, the delicate flavor are *natural* qualities of the tobacco.

There's enjoyment in the smoking of a Camel. Camels go with happy faces . . . a lift of spirits with the opening of every fresh, fragrant pack. For Camel's delightful mildness holds all the *natural* goodness of choicest tobaccos. Don't confuse it with the flatness or insipidness of "over-treated" cigarettes.
