HERE TO SERVE

Service is a word to which this Bank gives a meaning. Like every successful institution, its own interests lie in careful regard for the interests of its clientele. So it is not altogether benevolence that makes your interest our interest. The Bank must look well after its patrons' business or it will have no business of its own to look after.

Yes, this Bank takes a pride in serving its clientele, both because it wants its patrons to prosper and because it must do so to prosper itself.

The Record of the Bank speaks for the wisdom of the policy.

Easy to look at

WHY are Camels welcomed with cheers in any company—a twosome or a crowd? Because they're mild—not flat or tasteless but *naturally* mild. They have the marvelous aroma that only choice tobaccos, mellowed by golden sunshine, then expertly cured and superbly blended, can give a cigarette. There's nothing artificial about this delightful fragrance. No doctoring, no over-processing can produce it. Camel's refreshing mildness is *there from the start*.

Swing with the crowd to Camels. Learn the happy difference between true mildness and insipid flatness. Smoke without fear of throat-discomfort or after-taste—just for pleasure!
