Nature thought of everything when the human body was made. When the body is about to become ill, nature planned danger signals to warn us. Thus if our children grind their teeth when they sleep, or lack appetite, or suffer from abdominal pains, or itch about the nose and fingers, we should know that they may have contracted worms.

WARNING! All persons are hereby forbidden, under penalty of law, to employ or harbor my minor son John French, who has left home without my consent. This Nov. 24, 1930. Lillie Morris. t. dec 4pd
