Roosevelt Cabinet Is Completed With Filling Of 3 Posts

Wash, Roper and Miss Perkins Officially Chosen; First Woman

Hyde Park, N. Y., Feb. 28.—President-elect Roosevelt broke precedent tonight with the selection for the first time of a woman for the cabinet. He named Miss Frances Perkins, New York, commissioner of labor, his secretary of labor.

The next President made his announcement also of Daniel C. Roper, of South Carolina, as secretary of commerce.

Earlier in the day he gave out the name of the veteran Senator, Thomas J. Walsh, of Montana, as his attorney general.

Both Senator Walsh and Mr. Roper were leading figures in the unsuccessful campaign of William G. McAdoo for the Democratic presidential nomination in 1924. McAdoo's announcement of the switch of California's vote at the Chicago convention, assured Mr. Roosevelt's nomination. Walsh was active for Roosevelt's nomination in 1932.

Miss Perkins has served in public office in New York under both Governors Alfred E. Smith and Franklin D. Roosevelt. She was formerly a member of the state industrial commission. Her advice has been sought frequently on labor problems by congressional committees at Washington.

Mr. and Mrs. Bret Lomax, Mrs. P. A. Lomax and Miss Gladys Lomax spent the weekend in Charlotte with relatives. Miss Lomax remained there for an extended visit.

Mrs. J. F. Johnson, of this city, left Wednesday to visit her daughter, Miss Kathleen Johnson, who is a student at Meredith College, Raleigh, for three days.

Messrs. R. W. Gwyn, W. A. Bullis and Percy Walters, local agents of the Sunrise Life Insurance company, of Canada, attended an agents' meeting in Greensboro Tuesday.

Mrs. J. H. Johnson and son, J. H. Jr., and Mrs. Paul Hutchens and daughter, Betty, of this city, and Mrs. F. L. Smith, of Cleveland, Tenn., are visiting their sister, Mrs. Benfield, at Raleigh.

Mr. and Mrs. W. E. Colvard, of this city, spent Monday and Tuesday in Charlotte and Mt. Holly. In Mt. Holly they visited Mrs. Colvard's brother, Dr. B. C. Taylor.

Feature Pictures At Orpheum Theatre

"Bring 'Em Back Alive" On Monday and Tuesday of Next Week

The Orpheum Theatre presents a list of big attractions for the coming week in "Scarlet Dawn," "As the Devil Commands," "Robbers Roust," and "Bring 'Em Back Alive."

"Scarlet Dawn" featuring Douglas Fairbanks, Jr., Nancy Carroll and Lillian Tashman, will be shown today (Thursday).

On Friday, movie fans will see Alan Dinehart, Mae Clarke and Neil Hamilton in "As the Devil Commands."

The program reaches a high spot Saturday when Zane Grey's big thriller, "Robbers Roust," is shown. Those who like western pictures will welcome the opportunity to see this great picture.

"Bring 'Em Back Alive" on Monday and Tuesday completes a program that should attract many people to the Orpheum.

"Bring 'Em Back Alive" At Orpheum Monday-Tuesday

Frank Buck, author, adventurer and wild animal maestro whose camera record of his own book, "Bring 'Em Back Alive," is the latest screen sensation, claims that the man-eating tiger who is the villain of his jungle drama will make all the hard-working badmen of the movies green with envy when they see him fight his way through the RKO-Radio picture made by the Van Beuren Expedition.

This ferocious jungle beast whose sole concern is today's dinner, acts and fights with rare unconcern. He has no managers, no publicity men, no assistants and no doubles. He wrote the piece, plays the star part, and directs himself. All his lines are impromptu, with no regard for the cameraman's feelings. During the course of the picture he lists among his adversaries a giant crusher python, a twenty-foot crocodile, a neat but not gaudy black panther and a bull water buffalo.

Before he was run down and brought to book by Buck and his assistants he had attempted homicide four times, suicide twice and murder, mayhem and highway robbery too many times to try to keep track of.

"Bring 'Em Back Alive," directed by Clyde E. Elliott, comes to the Orpheum Theatre on Monday and Tuesday.

Dr. T. H. Higgins, well known physician of Traphill, was among those here Monday for several hours. Dr. Higgins stated that the roads have been in very bad condition since the first of the year, but are now much improved on account of the spring weather that has visited this section during the past few days.

This Week In Washington

Repeal Up to States

Washington, D. C.—Congress suddenly decided to submit the much talked of Constitutional amendment repealing prohibition, and now it is up to the states to call conventions for the purpose of passing on the repeal amendment. Half a dozen or more states have already begun their preparations for these conventions. In a number of states where the Legislatures are in session steps are being taken to provide for the control of the liquor traffic in the expectation that the repeal amendment will be ratified. New York State has appointed an active commission to study the subject and report a workable plan.

The question of repealing prohibition is now out of the hands of Congress and in the hands of the people of the United States. It will take affirmative action by the people of thirty-six states to eliminate prohibition from the Constitution of the United States. Both dry and wet forces are beginning to organize for a pitched battle in the formerly "dry" states. If the dries can hold thirteen of these states they can block repeal. The fight over the election of the delegates to ratifying conventions, a real fight between the wet and dry elements, promises to provide a lively form of political debate for the spring and summer of 1933.

Japan is No Worry

Washington is taking calmly the serious issue between Japan and the rest of the world. Our Government is standing pat on its declaration of last Fall, that we would not recognize the territorial rights of Japan in Manchuria which have been acquired by force. The League of Nations has taken the same definite position. Russia, which would like to control Manchuria itself, and which is Japan's hereditary enemy, is said to take the same attitude. There is a feeling in political circles here that Japan will back down if she doesn't. It is not believed that the consequences will be anything in the shape of a serious war. A naval demonstration by the combined fleets of the United States, Great Britain, France and Italy is possible. Practically all of the American fleet is now in the Pacific, and some of the old sea-dogs of the Navy are just "raring to go."

New Members Added To Scout Troop 34

Several new members of Boy Scout Troop No. 34, of the Methodist church, will be feted at a supper tonight (Thursday) at the Scout Hut at 7 o'clock. The membership has been increasing rapidly and the supper is in honor of the boys who have just joined.

At the regular meeting Monday evening, a troop committee, composed of H. M. Hutchens, H. V. Wagoner and H. F. Bouknight, was appointed and they with C. S. Coffey, Scout Commissioner for this district, Scoutmaster R. H. Reavis, Assistant Scoutmaster M. P. Hunt, Rev. J. H. Armbrust and the eight patrol leaders will be honor guests. The supper will be prepared and served by the Scouts.
